CAMP-MEETING TALK.

A chap with more curiosity than was good for him, recently went to a camp meeting, and gives the following amusing account of the disjointed conversation he heard there. Preaching had not begun and promenading was in progress. We took a convenient stand and tried to catch the remarks of the various couples, as they went slowly by us.

'Yes, indeed,' (two girls talking, of course,) 'and my brother Tom says that Henry Soker brags about how many times he has kissed her right in the mouth, and she never slaps him at all, when nobody is by, and I am sure I would die if people were to talk about me as they do of her—'

'Corn is up again, you know, and I shall make at least six hundred barrels if I make a peck, and consequently—'

'Be married in six weeks from last Tuesday. I heard ma talking about it, but you mustn't mention it for the world. It's a great secret.'

'Really, and she's as ugly as the—'

'Finest sow you ever saw, sir. Pure Berkshire, and has nine splendid pigs.—It was the best trade I ever made, and I wouldn't take twenty dollars for—'

"Scolloped petticoats! only look, Amy. Nine flounces, and hoops in the bargain! Oh, how I should love to—'

'Go to the picnic on Thursday. You don't know how I would love to be present, sir. I am so fond of the exhilarating dance, but father says—'

'I am truly gratified, my dear young friend, to learn that you are so deeply impressed with the necessity of repentance and I shall this very day make—'

'Ten yards of gimp for the bosom, and maroon velvet binding for the neck and sleeves. Oh, Emily—'

'The finest baby you ever saw—black eyes and large limbs, six weeks old, and weighs—'

'Sixty-one pounds and a quarter to the bushel. None better in the country. Free from garlic and cockerel, and very large grained. I hold it at—'

'Stillopsis, next Saturday. Bob Bothsides, the former Congressman, will speak, as he says—'

'Ah, Mr. Pepper, you flatter me so!—Just see how horribly Kate Wilmont is dressed. She will wear yellow, though it makes her look like—'

'Fever and ague, I believe; they have all been laid up with it, and now the poor man's got—'

'The sweetest bonnet I ever saw; where did you get it? I must recommend my sister to your—'

'Watermelon patch. Stole every one. Some of 'em about half ripe. I swear I'll shoot them if they don't—'

'Go to the white Sulphur. It is the best place in the world ma'am. Tom Holocaust was cured of—'

"Twenty-five pounds of butter a week. And always got a quarter a pound, and sometimes—'

'Four eggs, two handsful of flour, a dab of yeast, half a tincupful of molasses, and it makes—'

'The best manure I ever used, sir. It is vastly superior to guano or super phosphate. Two hundred and fifty pounds to the acre raised me—'

'The handsomest woman on the ground; I can see none equal to her, except Miss Mary Bardell, and she got—'

'Both hind feet spavined. And there is a speck in her right eye that will—'

'Kill all the dogs that run out without collars. A beautiful pointer that belonged to—'

'That beautiful girl in black, over the way. I never saw her but once before, and that was at—'

'Mrs. Muggins' failure, sir. And he has taken to drinking awfully, and last week had—'

'His head under my arm, and was just about plugging him in the mouth when he got his finger—'

'Between the 10th and 15th of September, I will get wheat to market, and it will bring—'

'His grey hair in sorrow to the grave. Oh, it's awful to think how very—'

'Close she hung on his arm. She ought to be ashamed of herself—'

'And went to his house to see him, and they say the small-pox was out on—'

'William was born twenty-five years ago last April. I am an old woman now, and the gray hair makes everything—"

'Looks so foolish for one so young to be engaged to—'

Toot! toot!

'Preaching will commence,' said the presiding elder, and we heard no more.

Wheat Seeding.—The U. S. Commissioner of Agriculture in his 1870 report says, "J. J. Turner & Co.'s Excelsior, made in Baltimore, is used to a greater extent (in Maryland and Virginia) than all other Fertilizers combined, and has retained the good opinion of farmers longer than any other fertilizer.

"Applied at the rate of 150 pounds per acre, it hastens the ripening of Wheat about 5 days and benefits the succeeding crop of clover 30 per cent."

Wheat Growers—Do not jeopardize your crops this year, by using untried fertilizers.—The "Excelsior," manufactured by J. J. Turner & Co., has been used successfully for the past thirteen years, and it is the best.

SEEING THINGS RIGHTLY.—The New York *Herald*, noticing the collapse of the Indiana straight-outers by the declination of their candidates, says: "The talk about a third presidential candidate is all idle and fraudulent. Mr. O'Conor knows this, and hence, while expressing his dissatisfaction with existing political parties and advancing his peculiar theories of a pay-as-you-go government, buying its pinch of tea, its ounce of butter and its loaf of bread for cash at every meal, he refuses to make himself ridiculous by offering himself as the candidate of the Blanton Duncan convention."

The Enterprising Firm of Hines & Burchinal, Chestertown, are selling Turner's Excelsior, Whitelock & Co.'s Phosphate, Pacific Guano, Moro Phillips' Eureka, Excelsior, and Horner's Pure Ground Bone, and will deliver them either on the Chester or Sassafras river. t190.

Wheat Growers—Use the "Excelsior" Guano, manufactured by J. J. Turner & Co., if you wish to grow large crops; 100 pounds of it are equal to from 200 to 300 pounds of any other fertilizer.

THERE are said to be 10,000 children in the streets of New York city who live by begging.

NOTICE

To Hotel-Keepers, and all others who deal in Liquors.

FOR the information of all persons concerned, the following Act of the Legislature, passed March 24, 1865, is published:

CHAPTER 191.

AN ACT prohibiting the sale of Spirituous or Fermented Liquors in the several Counties of the State on the day of Election.

SEC. 1. Be it enacted by the General Assembly of Maryland, That it shall not be lawful for the keeper of any hotel, tavern, store, drinking establishment, or other place where liquors are sold, or for any person or persons, directly or indirectly, to sell, barter, give, or dispose of any spirituous or fermented liquors, ale or beer, or intoxicating drinks of any kind, on the day of election herein mentioned to be held in the several counties of this State.

SEC. 2. And be it enacted, That any person violating the provision of this Act shall be liable to indictment by the Grand Jury of the County where the offence is committed, and shall, upon conviction before any Judge of any Circuit Court of this State, be fined a sum not less than fifty dollars, nor more than one hundred dollars for each and every offence, one-half of the fine to be paid to the informer, and the other half to the County Commissioners or the use of public roads.

THE EUREKA FANNING MILL.

THE GREATEST INVENTION OF THE NINETEENTH CENTURY!

Farmers Look to Your Interest!

THE attention of Farmers and Mechanics is particularly directed to the combined economy, utility and practicability of the Eureka Mill, and to the many other advantages it possesses over every other Fanning Mill which has been introduced to the public.

It is the fruit of long and patient investigation by the inventor, who has made it his constant study for over twenty years. He has secured several patents for Mills, and has always been rewarded with the best of success. But not feeling satisfied with his former attainments, he determined to reach the climax, and he now believes that his new invention will warrant him in exclaiming in the joy of his heart, like the philosopher, Phythagoras—EUREKA!—signifying in the Grecian language, "I have found it." This has given the name to this new Mill.

In this Mill are all the former improvements to which have been added several more, adding still greater advantages than were at first anticipated, or even thought possible by the inventor himself. It embraces the three great essentials necessary in every invention:

It combines ECONOMY, UTILITY and PRACTICABILITY!

THE "EUREKA" MILL

Is small and lighter, and is capable of doing more and better work in a given time than any other Mill ever invented.

IT IS THE ONLY MILL

that will successfully remove from wheat all such pests as Cockle, Garlic, Oats, Rye, &c.

Should an extra quality of grain for seed or gristing purposes be required, it can be so arranged as to catch in one box perfect grain, and in the other, grain fit for market or mill. Here is made a great saving usually lost sight of: for nearly one quarter of the grain cleaned in the common Mill is lost when sown, on account of shrunken kernels and inferior grain. The Eureka Mill saves all this, and gives seed every kernel of which will grow when put into the ground, and this saving will, in a short time, pay for the Mill.

HINES & BURCHINAL,

Chestertown, Maryland,

Owners of the Mill, are having them manufactured at the Sash Factory and Planing Mill of Noland & Co., Port Deposit, Md., which is a guarantee that they will be put up in the best manner. jel7-tf.
