SATURDAY, NOVEMBER 14, 1908.

WOMEN vote in Colorado, Idaho, Wyoming and Utah.

ROOSEVELT not only made a President but he is now preparing to name the next U. S. Senator from New York and his name is likely to be Root. He and his Cabinet seem to have a harder time to settle on a Postmaster for Chestertown than anything else!

THE desire of place and power lead some men to commit deeds which blast all their future days. Life is too short for such insatiable thirst. Ambition is right in itself but when it drives a man to such hatred, envy and jealously as he will kill his foe, then it becomes a curse.

A FORMER Kent couztian in writing the NEWS as regards the recent election well says: "If she keeps at it, Maryland's *split* on electors will become as proverbial as her canvas-back ducks. So hospitable and generous that we are even willing to divide electors with the candidates. Well, if Taft gets the popular vote and Bryan the electoral vote, that's a pretty square stand-off."

THE Republican organ in Kent county mentions the name of Mr. David B. McMenamin in connection with the candidacy for clerk on the Republican ticket. Mr. McMenamin was the leader in teaching the colored voter how to mark his ticket this year and succeeded to a marked degree of perfection. He would leave no stone unturned to win but we are surprised at the agitation of local politics at this time.

GIVE THE PUBLIC A REST.

THE "Corrupt Practice Act" has definitely put the Jackson's out of politics. Not only has it completely floored Uncle Billy—for he is nothing without his money—but it also knocks out young Jackson, who is on the same political plane as his father. It is not the law itself that is thus so effective but it is the strong sentiment behind the law. The best men of all parties are determined that the wretched bribery business shall never again pollute our elections.

A KANSAS revivalist suggests that Bryan enter the ministry and predicts that he will become a second St. Paul. As a revivalist he would make a big success especially if he had Republicans in his audience, for his reviving power especially over Taft and his friends was proven during the last campaign. At its beginning Taft and Roosevelt claimed it beneath their dignity to go on the stump, but after Bryan got in a few speeches, see what happened. The whole Cabinet went on a speaking tour!

THE one thousand dollar fine imposed on Mr. Hobbs, Chairman of the Republican Central Committee in Caroline ought to be an effective warning to all inclined to such rascality in the future. But it is a pity that Mr. Humphreys, the man who engineered the rotten business for Caroline, is not also severely punished. The charge against Hobbs was of having received money from the Republicans to be used in buying votes in the county. It is said he stated at the time of his arrest that he got the money through Marion Humphreys, a nephew of "Uncle Bill" Jackson, the Republican candidate for Congress. Mr. Humphries, he said, had met him at a hotel in Philadelphia and made the arrangement with him.

NEARLY 40,000 MAJORITY!

There are 49,787 colored voters registered in Maryland. Deduct the number whose tickets were thrown out—say ten per cent., 4978—leaves 44,809 votes cast for Taft, less another ten per cent. who failed to get to the polls, leaving 39,831 in one solid block. Take this block from Taft's vote and he has 75,761 white votes. Bryan gets 115,592 votes, thus showing a Democratic majority of the white vote in the State, 39,831!

THE Chestertown Volunteer Fire Co., are meeting with much encouragement in their campaign to raise sufficient funds for a building for the fire apparatus and meeting room for the company. The citizens of the town realize when they are giving to this cause they are only helping to improve their own property and protect their homes and business places in time of fire

AMONG the many beneficial acts of President Roosevelt's administration was the appointment of the Commission on Country Life, which met at the Maryland Agricultural College on Monday last. A full discussion on the theme of the agriculturalist was held before a large number of farmers and the idea of a trust among agriculturalists boomed. The concensus of opinion was that the greatest results to be obtained probably will be: First—The bringing of the railroads and the farmers, particularly the former, to a realization of the fact that in a community of interests there will be greater benefits to each than at present. Second—The establishing of a parcels post which will bring the producer and customer closer together.

PRESIDENT ROOSEVELT has made a mess of his "labor dinner" which he announced to take place at the White House next Tuesday. His first apparent blunder was to slight Gompers in the invitations, because he saw proper to support Bryan instead of Taft for President. A very little thing for such a high official to be guilty of surely! Then Mr. Roosevelt gave it out that it was a "personal" and not an "official" dinner and, of course, he had a right to invite who he pleased. Now comes forward all the other most prominent labor leaders who had been invited, and decline the invitation! They didn't care to be *rewarded* thus for supporting Taft, and no doubt appreciated the intended slight of the President for the greatest of all the labor leaders, Mr. Gompers.

EX-U. S. SENATOR CARMACK, editor of the Tennessean, was shot and killed on Monday afternoon in a street duel with Robin J. Cooper, a lawyer and son of Col. Duncan C. Cooper, a journalist, in Nashville. Politics led to the shooting. Cooper was seriously wounded in the shoulder. His paper in noting the affair says:

"At 4 o'clock yesterday afternoon Edward Carmack was waylaid and assassinated by Col. Duncan B. Cooper and his son, Robin J. Cooper. So far as now appears the only reason for this action was the publication in the Tennessean of two editorials, in which there was nothing reflecting on the honor of Colonel Cooper and nothing at all about his son.

"Mr. Carmack was shot while in the act of speaking to one of the most estimable ladies of Nashville. His assailants who had been lying in wait, opened fire without giving him time to speak. As he fell, mortally wounded, another shot was fired in the back of his neck, producing instant death.

"Thus died the bravest and the gentlest, the most courageous and the truest man in Tennessee. Without passion, we join in deploring the awful tragedy and in demanding the speedy execution of justice on the men who have been guilty of this assassination."

Fine Corn Prices.—Two dollars and twenty-eight cents for one ear of corn: and Baltimore county corn at that. It sounds like a fairy story, but it's the truth, nevertheless.

Early last October Gen. Emory Kirwan of the Chamber of Commerce arranged a little exposition which he held on the Change floor. The exhibitors consisted of the members of the Chamber of Commerce who also indulge in farming either as a business or pastime, Among the exhibits were ears of corn on exceptional quality, which, after the exhibition was over, Mr. Kirwan presented to J. Colin Vincent of Hammond, Snyder & Co.

Some time later Mr. Vincent sent 17 ears of the corn which had been presented him to J. P. Preston & Co. of Liverpool, England. Upon their receipt by Preston & Co. they were put on exhibition, and created such a sensation it was decided to auction them off. The Corn Trade Journal thus describes the auction.

"The samples of corn on the cob shipped by Hammond, Snyder & Co. of Baltimore were sold at auction today. The lot consisted of 17 cobs, which realized 24 and 13s. ($22.57 American money) which amount is to swell the funds of the Liverpool Corn Trade Clerks' Guild. The highest price paid for a single cob was 9s 6d. (in American money $2.28.) Two other ears brought 8s. each.

William H. B. Merryman,

William H. Brown, Imogen Brown, W. Murray Carr, Amanda K. Carr, T. B. Hynson Brown, Grace Merryman, Elizabeth Stockdale Merryman, Margaret Merryman, Theodore Virginia Hennesy, Lambert Hennesy, Lilly Merryman, Thomas R. Brown, Jean M. Brown, Mary E. Brown, Duncan K. Brent, Harriet C. Brent, Mary C. Brown, Hallie Carrington Brown.

In the Circuit Court for Kent County in Equity. No. 1688.

THE OBJECT of this suit is to procure a decree for the sale of certain property in Kent county, in the State of Maryland, which was devised by the last will and testament of Thomas R. Brown, late of the city of Baltimore, deceased, to his children as tenants in common.

The bill states that the said Thomas R. Brown departed this life in the year 1875, seized and possessed of certain real estate in Kent county, Maryland, and elsewhere, leaving his last Will and Testament, which was duly admitted to probate by the Orphans Court of Baltimore city, and duly recorded in the office of the Register of Wills of said city.

That by the provisions of said Will he devised said Real Estate to his four children in equal shares, as tenants in common, namely to Dr. Thomas R. Brown, Mary L. Merryman, William H. Brown and James Brown, to each a fourth part, and he bequeathed to his widow, Mary A. B. Brown, an annuity of twelve hundred dollars per annum during her natural life. That subsequently the said children, with the consent of the said widow, divided certain of said real estate among themselves, and executed deeds therefor, each to the other, in which the said widow united.

That a certain portion of said real estate, a tract of land in said Kent county called Gresham Hall was left undivided. That Dr. Thomas R. Brown married Hallie Carrington and departed this life in the year 1879, leaving Thomas R. Brown, James Brown, Harriett C. Brown and Mary C. Brown, his children and heirs at law, and that said Thomas R. Brown married Jean M. Albert and resides in the city of Baltimore, that James Brown married Mary A. Bowman and resides in said city of Baltimore, that Harriett C. Brown married Duncan K. Brent and resides in Baltimore as does the said Mary C. Brown and Hallie Carrington Brown.

That James Brown married Imogen Bechtel and departed this life intestate in the year 1895, leaving Amanda K. Brown who intermarried with W. Murray Carr, and T. B. Hynson Brown his children and heirs at law, that said W. M. and Amanda K. Carr reside in the city of Pittsburg in the State of Pennsylvania, and said T. B. Hynson Brown resides in the city of Baltimore.

That William H. Brown married the said Imogen Brown and that they both reside in Baltimore.

That said Mary L. Merryman married Richard S. Merryman and that both of them are dead, and left the following children and heirs at law surviving them: William H. B. Merryman, Richard S. Merryman, Theodore Virginia, and Lilly; that said W. H. B. Merryman married Alice, and resides with his wife in Brooklyn, New York; that Richard S. Merryman married Elizabeth Stocksdale, and died leaving his widow and a daughter Margaret, who is an infant, surviving him who live in the State of Illinois; that Theodore Virginia married Lambert Hennesy, and live in Chicago, State of Illinois; that the condition and residence of Lilly is unknown.

That the said Mary A. B. Brown, widow of the testator, Thomas R. Brown departed this life in the city of Baltimore about the month of February of the present year.

That about the year 1898 the undivided one-fourth interest of James Brown in said Gresham Hall farm was sold and conveyed to the said William H. Brown.

That the said Real Estate is not susceptible of partition without material loss and injury to the parties entitled and in order to make division of said interests, it will be necessary that said real estate be sold.

It is thereupon this 5th day of November 1908 ordered, by the Circuit Court of Kent County in Equity, that the plaintiff by causing a copy of this order to be inserted in some newspaper published in said Kent County, once in each of four successive weeks before the 7th day of December, give notice to the said non resident defendants of the object and substance of this Bill warning them to appear in this Court in person or by solicitor, on or before the 26th day of December next, to show cause, if any they have, why a decree ought not to be passed as prayed.

Carving Sets AND Other Things

It reminds one of Thanksgiving and the bird of honor, the turkey, when the thoughts lead to a carving set.

The main thing about a carving set is its cutting quality, the handles are secondary. With all that there is a great difference in handles. If you desire the kind that will make carving a pleasure, you will want those we sell. We are very particular about carving sets. The steel in them must be of the finest quality, and highly tempered. The handles must be such that fault cannot be found in the least.

The Thanksgiving table requires many other things besides the carving set which we can supply. In cut-glass; the decanters, berry bowl and cranberry dishes, the celery glass, nut dishes and the flower vases. In silverware: the knives, forks and spoons, the cake and fruit dishes, the tea set and the nut crackers. Even the candelabra has its place on the Thanksgiving table. When the table is cleared you will need a silver plated crumb tray and scraper. When all is cleared off, the fern dish takes the centre of attraction on the table.

Come in and see our fine display of Silverware Cut Glass and fine China.
