SATURDAY . . . . OCT. 11, 1873.

EXECUTION OF THE MODOCS.

The execution of Captain Jack and his band took place at Fort Klamath on the third instant. Boston Charlie and Black Jim were led on the scaffold first, and Schonchin next. They trod on it with apparent indifference, having evidently resolved to die as bravely as they had lived. Captain Jack went leisurely up the stairway, but looked wretched and miserable. The manacles had been struck on, but their armes were securely pinioned with cords. At precisely 9.45 A. M., the interpreters, Captain O. C. Applegate and David Hill, explained to the prisoners the nature of the order to be read to them by the adjutant, and at 10 o'clock Adjutant Kingsbury read the order promulgating the sentence of the commission, and the President's order thereon, with the orders of the secretary and the department commander in the premises.

The two reprieved prisoners, Brancho and Slolux, stood on the ground in front of the scaffold, shackled and under guard. During the reading the pinioned victims were seated on the platform of the scaffold with their feet on the drop, listening anxiously, but, of course, understanding not a word of it. The reading occupied ten minutes, when the adjutant read the order and communication in the case of Brancho and Slolux, and the poor fellows were taken back to the stockade, evidently rejoiced at not accompanying the others to the happy hunting grounds.

The chaplain then offered a fervid and earnest prayer for the souls of the culprits, which was listened to attentively. At 10.15 o'clock the fatal nooses were placed around their necks, under the direction of Captain Hoge. It was necessary to cut off a little of Captain Jack's long hair, which was in the way of the rope. Captain Hodge then bid farewell to the prisoners, and black caps were placed over the heads of all the culprits. At 10.20 they stood on the drop, and the rope was cut by an assistant at a signal made with Captain Hoge's handkerchief. The bodies swung round and round, Jack and Jim apparently dying easily, but Boston and Schonchin apparently suffering terrible convulsions. Boston and Schonchin repeatedly drew up their legs, but the others seemed to die almost instantly. At 10.40 their pulses were felt by Captain Hoge, and as this is being written they are swinging lifeless in the air.

As the drop fell with a terribly deadly thud, four wretched human beings fell into eternity, and a half-smothered cry of horror went up from a crowd of over five hundred Klamath Indians who witnessed the awful spectacle. Wails of deep and bitter anguish went up from thes tockade, where the wives and children of the poor fellows had a fair view of the shocking scene.

The coffins, six in number had been placed directly in the rear of the gallows, two of them destined to be unoccupied, as the order commuting the sentences of Barncho and Slolux only arrived at 10.30 o'clock Thursday evening, and preparations had been made for their execution with the others. An application was made next morning to General Wheaton by the sheriff of Jackson county, Oregon, for the custody of the Indians indicted by the grand jury of that State, but it was refused.

A CAUTION TO AUCTIONEERS.—We understand that our county court last week decided a point particularly interesting to auctioneers, the bidder, and the person making the sale. The case was this: A farm was "knocked down" to a bidder, who afterwards refused to comply with the terms because no one but the auctioneer bid against him. The case was taken into court. The auctioneer was a witness, testified that the purchaser's statement was correct, and the court declared the sale a fradulent one and not valid. The substance of this decision is, in plain words, that an auctioneer has no right to "run up" property on a bidder simply to make a good sale.—*Liberty (Frederick county, Md.,) Banner.*

THE GRAPHIC BALLOON, which started from Brooklyn, N. Y., Monday morning, on a transatlantic voyage, with Prof. Donaldson and several other intreped persons reached the happy land of Canaan, about eighty miles northeast of New Haven, in the State of Connecticut, the same evening, where the tourist got out and then let the balloon proceed. But the great air ship, it seems, was not one of the self-navigating sort, and did not know how to make the trip across the sea any better than Professor Donaldson. After schudding along about a mile on its own account it came to in dispair, and was picked up Tuesday in an exhausted condition. Thus endeth the bubble.

DEATH OF COMMODORE JAMESON.—The veterans of the old navy are rapidly passing away, and but few now remain who made the first fame for their country on the sea. The death is announced of Commodore William Jameson, which occurred at his residence in Alexandria, Va., Monday night. Commodore Jameson entered the navy under Decatur, and was a midshipman on the United States frigate Constitution when she captured the Guerriere. He has been quite blind for some years. He died at the age of eighty-two years.

Natural Decay—Protect the System.

The human body is a machine, and therefore cannot endure forever; but, like a watch, or a sewing machine, it will last much longer if properly regulated and duly repaired, than if no pains were taken to keep it in order. The great object of every one who desires a long and healthy life should be to put his body in a condition to resist the life threatening influences by which we are all more or less surrounded; and no invigorant and corrective at present known so effectively answers this purpose as the vitalizing elixir which, under the unpretending name of Hostetter's Stomach Bitters, has been for more than twenty years the standard tonic of America. In crowded cities, where the atmosphere is contaminated with the effluvia inseparable from large populations; in marshy regions, where the soggy soil reeks with miasma; on the prairies and in the forests where every fall the air is tainted with exhalations from rotting weeds and grasses, or decomposing leaves—in short, in every locality where malaria exists, this powerful vegetable antidote is urgently needed. Fever and ague, bilious fevers, dysentery, congestion of the liver, jaundice, rheumatism, and all diseases which are generated by infected air, impure water or sudden changes of temperature, may be averted by strengthening and regulating the system in advance with Hostetter's Bitters.—Autumn is always a season of peril, especially to weak, susceptible organizations. Even the more vigorous are apt to be in some measure depressed by the humid atmosphere, loaded with deleterious gases produced by vegetable decay. The fall is a period of the year when the renovation and regulation of the living machine is peculiarly important, and the Bitters should therefore be taken daily at this critical period.

A CARD

To my Fellow-Citizens of Kent County:

I am induced by many considerations to announce myself to you as an INDEPENDENT CANDIDATE FOR THE HOUSE OF DELEGATES of Maryland. There is no reason why labor should not be represented in the State Legislature by one of her own sons and not always by a gentleman of property.—I am not ashamed to be the poor man's candidate. I am opposed to all cliques, rings and conventions, by means of which the few rule the many, taking care to provide office and emolument for themselves to the exclusion of the rank and file. I am against all party machinery and trickery, and am not a caucus candidate, but simply ask and hope for the support of all independent men.

I am your ob't servant,

ap12-6m* JAMES M. AYRES.

Notice to Tax-Payers

OF the FIFTH ELECTION DIST.

THE tax-payers of the 5th Election District are respectfully informed that I have received my books, and all taxes for the present year are now due. It is important that Tax-payers should be prompt in settling their taxes, as the demands upon me, and the present stringent tax laws positively prohibit my indulging were I ever so disposed. Delay in the payment of taxes is not only annoying to the collector, but against the interest of the tax-payer, and I hope none in my district will compel me to run them to cost by forcing payment.

For the accommodation of tax-payers I will be at Grey's Inn Wharf every WEDNESDAY morning, and at Edesville and Rees' Corner alternate Saturdays.

Read the following Testimonials:

CHESTERTOWN, May 12, 1873.

Mr. C. P. Knight, Baltimore, Md.—I bought your Bradley's Patent Enamel Paint of Messrs. C. F. Stam & Bro., Chestertown, and found it to be all you recommend.

Respectfully, CHAS. G. RICAUD,
School Examiner, Kent Co., Md.

BALTIMORE, Dec. 10th, 1872.

Mr. C. P. KNIGHT—Dear Sir:—It affords me much pleasure to say to you that the Bradley's Patent Enamel Paint far exceeds my expectations in economy, beauty, and I have every reason to believe, in durability.

More than twelve months since I painted the roof of my Hotel (Mansion House) with the Bradley's Patent Enamel Paint, and I was so well pleased with it I determined to paint the outside of the Hotel, and am most happy to say it gives me perfect satisfaction. In conclusion I will say if this testimonial will be any advantage to you, you are at liberty to use it. Yours, most respectfully,

ISAAC ALBERTSON,
Mansion House Hotel, corner Fayette and St. Paul streets, Baltimore.

FROM HON. JOHN WETHERED.

Mr. C. P. Knight:—At the recommendation of a friend, I was induced to apply your patent "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss than any other paint and is freer from disagreeable odor. Yours, respectfully,

JOHN WETHERED.

THE PLAINS, Fauquier County, Va., February 6th, 1873.

C. P. KNIGHT—Dear Sir:—The Paint came safely to hand, as ordered, two kegs, five gallons each, and three buckets, one gallon each. As practice was slack I did the job myself.—Two weeks not constant work completed the house two coats, the last coat applied thick, and it is now generally conceded that for "Enamel" like hardness and body and harmony of colors there is not a handsomer job in the place. I saved sixty-five ($65) dollars by the operation, which is an item just now with Southern people." It should be generally adopted in this State; any country lad can apply it. I have never dabbled in such stock as Testimonials, but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people in excellency of material, in beauty of color, and the fact of its being "Ready Mixed," that I give you free permission (if it is desirable to you,) to make what use you think proper of this letter.

Very truly, S. McGILL, M. D.

Pleasantville, Harford Co., Md.

C. P. Knight—Dear Sir:—I am happy to inform you that your Patent Enamel Paint has given entire satisfaction. I prefer it to any paint I have ever seen used, and recommend it for durability and beauty as paramount to any other. Very respectfully,

R. DICKEY, M. D.

Belair, March 3d, 1873.

Mr. C. P. Knight—Dear Sir:—I have been using, since last Spring, Bradley's Patent Enamel Paint, and am happy to say that it gives entire satisfaction wherever I have used it, and to parties to whom I have furnished it for other painters to use. Mr. John I. Street, who I furnished with the paint last Fall, says if his name is of any use you can use it with pleasure in recommending so good a paint. S. H. Montague, Painter, agrees with me as to the durability of your most excellent Paint. I hope that those who have painting to do, will look to their advantage and apply Bradley's Patent Enamel Paint, which is the most durable Paint now in use. It holds its gloss longer than any other Paint that I have ever used.

Yours truly, E. C. GARRETTSON,
Belair, Harford county, Md.

Baltimore, Sept. 30th, 1872.

C. P. KNIGHT, Esq.—Dear Sir:—I have had the Bradley's Patent Enamel Paint, which I purchased from you, used inside and outside both at my dwelling and store for two seasons. It gives me great pleasure to be able to say it comes fully up to your recommendations in facility of use, economy, durability and beauty.

Yours, truly, THOS. J. IRVING,
of T. J. Irving & Co.,
58 West Baltimore St.

Chambersburg, December 10th, 1872.

Mr. C. P. Knight—Dear Sir:

The paints we received from you have been applied to several of our own buildings, and to those of our friends, and have given satisfaction in covering qualities, in gloss and in adaptability to all kinds of surface or material, and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties or painters to mix and furnish materials, wherein we have found the most deception.

Yours, truly,
JACOB STOUFFER & SON.
