SATURDAY - - - - FEB. 7, 1874.

CITY PASSENGER RAILWAY PETITION TO THE LEGISLATURE.—Ex-Governor Bowie, president of the City Passenger Railway Company, makes a very discouraging statement of the condition of the lines of the company as he finds them, necessitating an appeal for legislative relief. He states that the company since the beginning has paid over one million dollars park tax, and now owes nearly $100,000 on that account; that many of the cars are dilapidated; that the tracks need relaying and new cars are absolutely necessary, all of which the company is unable to remedy and will be unable to remedy while the charter requires them to pay the one-fifth gross receipts park tax and limits them to six cents fare. The Governor shows that the charters of competing lines are not restricted to six cents fare, and makes a strong appeal for relief.

WAS IT A GOOD OR EVIL OMEN?—At Zion, Cecil county, Md., last week, a fashionable wedding was celebrated, and the house of the bride was crowded with the friends of the happy couple, composed of the youth, beauty and wealth of the county. Suddenly, in the midst of the marriage ceremony, a fluttering noise was heard at an open window, and in flew a good sized pheasant, which alighted upon the carpet, about the middle of the room. After calmly eyeing the astonished guests a few moments, the bird flew out the window again and disappeared. The circumstance is a very curious one, and has puzzled those who witnessed it not a little. Pheasants are very scarce in this locality, and are very wild and timid, as to make it almost impossible to believe that one would thus deliberately fly into a room full of people. The bride and groom and their friends are, therefore, undecided whether to regard the occurrence as a presage of coming good, or an omen of impending evil.

UDDERZOOK.—A correspondent of the Philadelphia Evening Telegraph, who visited the prisoner at Westchester, Pa., says that Udderzook's wife and Mr. Perdue, his counsel, were in the cell with him, all engaged in deep conversation. The prisoner is still hopeful of a new trial, in which event he expects to get off. His deportment in prison is good, and he is growing robust upon the prison fare. He sleeps well, and talks of nothing but the chance of a new trial. Mr. Perdue has worked very hard for the doomed man, and is still doing, but a lack of funds will before long compel him to close his labors. The three weeks granted by the Supreme Court have almost expired, and the paper book, for lack of funds, is not yet in the hands of the printer. Those by whom he was prompted to this deed have now deserted him, and he is left uncared for save by his wife, who is ever ready to cheer and with her limited means to assist him to meet his fate. It is expected, and there is good grounds for it, that Udderzook will confess, when some startling revelations may be expected.

A CHECK FOR $100,000.—At a recent wedding in New York, among the bridal presents was carelessly displayed a check for $100,000, drawn to the order of the bride, and signed by her father. One of the guests was the cashier of the bank on which the check was drawn. He was one of those disagreeable people who can never appreciate a joke, and who always delighted in telling the truth when it is unpleasant to somebody else. This gentleman threw a damper on the spirits of the party by declaring that the generous father of the bride never had more than half $100,000 to his credit in the bank since his account was open.

ILLNESS OF A STATE SENATOR.—The Calvert county, Md., Journal of Saturday says:

"The Hon. Henry Williams, State Senator from this county, has not been able to be present at Annapolis during the session of the Legislature on account of sickness. Lately his disease assumed a threatening form, but we are pleased to say that, according to last reports his case is more hopeful."

JEFFERSON DAVIS GONE TO EUROPE.—The New Orleans Times of Sunday last says: "Among the passengers on the steamship State of Alabama, which left this port for Liverpool, on the 25th ult., was the Hon. Jefferson Davis. He was directed by his physician to take a sea voyage. His disease we learn is dropsy of the heart. We sincerely trust that his voyage may give him new life. Mrs Davis remains here, and is staying with Mr. Davis's niece, Mrs. Stamps.

Precautions Against Sickness.

The ability of the human body to resist the causes of disease depends upon its vigor and upon the regularity with which the several organs perform their functions. In the winter the most prolific sources of sickness are damp and cold, and it is therefore wise and prudent to fortify the system against them by wholesome stimulation. Hence it is that Hostetter's Stomach Bitters prove such an admirable safeguard against the complaints most common at this season. The ingredients of this powerful vegetable invigorant comprises three essential medicinal elements which act simultaneously upon the digestion, the circulation, the secretions and the nerves, infusing strength and regularity into all. In this way the Bitters put the body in the best possible condition to escape an attack of rheumatism, or intermittent fever, or indigestion, or biliousness or of pulmonary disease. Cold and damp are very depressing; almost as much so as excessive heat, and a protective medicine is quite as needful in winter as in summer. The commercial stimulants so unwisely taken in the form of drams to "keep out the cold," have a precisely opposite effect to that of Hostetter's Bitters. Their first result is succeeded by a reaction which devitalizes and prostrates the system; while, on the other hand, the tonic and vitalizing operation of the great vegetable invigorant, is not only immediate but permanent. There is no revulsion, no reverse nervous action. The physique is strengthened, the appetite increased, the bowels regulated, the stomach reinforced, and these conditions continue. If Dyspepsia or Rheumatism, or biliousness, or intermittent fever, or general debility, or nervous weakness, is present in the system, expel it with this pure and harmless antidote, which is not only invaluable as a preventive of sickness, but also a remedy for a large class of disorders.

EARLY BEATRICE PEACH.

Ripens fully two weeks earlier than any other known varieties of Peach.

This variety has been well tested in large orchards and hundreds of bushels of this variety put on our market in 1872 and 1873, and on this, the severest test it could have, it has proved even better than all that has ever been claimed for it. It is full two weeks earlier than Hale's Early, and free from rot, and the Commission Merchants of Philadelphia and New York not only say it is one of the earliest and best peaches, but one of the best shipping peaches that goes on these markets, and bringe more than double the price of any other peach.

I also offer ten other new and well tested early and late peaches, which will make the season for shipping some four weeks longer. By new late varieties, the canning houses can run from one to two weeks longer.

Price List sent free with testimonials and description, showing exact notation in the ripening of all the new and popular kinds from early to late so that all can plant, that they may ship every day from first to last of ripening. Address

Order of Publication.

ISAAC A. BIDDLE ET. AL.,
versus
DAVID BIDDLE, ET. AL.

IN THE CIRCUIT COURT for KENT COUNTY, IN EQUITY.

Bill for the Sale of Certain Real Estate in Kent County, Maryland.

THE BILL states that on the sixth day of July, 1872, a certain David Biddle, of Kent county, being indebted unto Isaac A. Biddle, of said county, in the sum of $355 33 current money, with interest thereon from January 18, 1872; and unto Mary E. Biddle, of said county, in the like sum of $355.33, with legal interest thereon from August 20, 1871; and unto James E. C. Biddle in the like sum of $355.33, with interest thereon from August 21, 1871, and, intending to secure the payment thereof unto your orators, did, by his Mortgage of that date, convey unto your orators and their heirs, certain Real Estate lying in said county, particularly described in said Mortgage; to which there is a condition annexed that it be void on payment by the said David Biddle to your orators, of the aforesaid sums of money, with interest thereon as aforesaid, as is shown by complainants' Exhibit "A," filed as a part of Bill.

Your orators charge that no part of the aforesaid sums of money, or the interest thereon accruing, has been paid to them, although the time limited for the payment thereof has passed, and payment thereof has been duly demanded of the said David Biddle; but the whole of said sums of money and interest as aforesaid, remains due and owing to your orators.

Your orators further declare that David Biddle gave two other mortgages, conveying the said Real Estate; the first was made on Sept. 22, 1868, to M. Bannon, for $7,536.25, was filed and duly recorded among the Land Records of Kent county, and the second was made on January 31st, 1870, to said M. Bannon, for $1500 00, which was also filed and duly recorded as aforesaid; and that the said mortgages contained powers of sale, and upon default of payment by the said David Biddle, the said M. Bannon by such authority did advertise and sell the said Real Estate mentioned in the aforesaid mortgages, on January 28th, 1873, to a certain Thomas Rowles, of Howard County, for the sum of $18,640.00 and that said sale was duly reported to this Court by said M. Bannon, the Trustee, and was finally satified and confirmed by this Court on October 27th, 1873. And your orators further declare that they believe that said Rowles has since sold the said real estate to one Robert T. Cochran, of the State of Delaware, and has put him in possession of the same.

And your orators further declare that none of the said parties, or any of them, have paid any part of said sums of money or interest, as aforesaid described to your orators.

IT IS THEREUPON ADJUDGED AND ORDERED, that the complainants, by causing a copy of this order to be inserted in some newspaper published in Kent county, once in each of four successive weeks prior to the 20th day of February next, give notice to the said absent defendant of the object and substance of this bill, and warn him to appear in this Court in person or by solicitor, on or before the 20th day of May next, to answer the premises, and show cause, if any he has, why a decree ought not to pass as prayed.

DYSPEPSIN

A Certain Cure for DYSPEPSIA, LIVER COMPLAINT, Jaundice, Billiousness, Sick Headache, and Habitual Costiveness.

WHAT is life without the enjoyment of health? If you had the wealth of Cœsus, and afflicted with Dyspepsia, or its kindred diseases, you could not enjoy life. Dyspepsia is a prevalent disease in the U. States, brought about by our habits and irregularities. The Materia Medica has been exhausted to find a remedy, and the skill of the most learned Physicians has failed to effect a cure. Notwithstanding this declaration we unhesitatingly say—"MILLER'S DYSPEPSIN" is a Certain Cure for Dyspepsia and the many complaints incident thereto. It has been before the public a sufficient length of time to fully test its merits, and in every instance where it has been used according to directions, it has resulted in giving relief and effecting a cure. With each bottle is a Circular, describing the symptoms of the diseases named, and for which only we claim it as a specific.

Give it a fair trial, and rest assured you will be benefitted.
