DO YOU WANT

Tender Beef

You can't expect to get it unless you deal with a butcher who handles nice cattle.

C. W. COPPER

the UP-TOWN BUTCHER, kills only the best cattle, and hence is able to serve you with

A CHOICE STEAK, ROAST, ETC.

Just give us a trial, or ask some of our customers. We will try to treat you so you will want to deal with us always. We also handle Salt Meats.

A RELIGIOUS AUTHOR'S STATEMENT

Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days, unable to get up without assistance. My urine contained a thick, white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy." Sold by all druggists.

THE OLD RELIABLE

HARNESS DEALER

John F. Howard,

COURT ST., CHESTERTOWN.

Informs his friends and the public that he is still at his old stand on Court street and ready to serve them. HARNESS, LAP ROBES, CARRIAGE WORK and all kind of repairing. Give us a call

JOHN F. HOWARD.

REFUSE SUBSTITUTES.

SIMPLE REMEDY FOR LA GRIPPE.

La grippe coughs are dangerous as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes. Sold by all druggists.

(Written for the Kent News.)

A PRAYER.

BY BELLE CAPLES MORRIS.

Dear Lord I thank Thee for my daily work,
For daily cares I must not, dare not shirk;
For all that brings and keeps me close to thee;
For if I had more ease and worldly store,
My wayward heart would wander more and more,
Until Thy face I should no longer see.

Father hold Thou my hand from day to day
Lest I should find too hard the upward way
And stumbling often lose Thee more and more.
For cares increase, and heavier grows the load,
And blinding tears do often hide the road
That I would follow until life be o'er.

Hold Thou my hand nor ever let me stray
Till my proud heart shall own Thine utmost sway
And in each circumstance Thy will be mine.
Help me to do with joy my daily task,
Trusting to Thee to give the strength I ask
Until my life shall echo the divine.

MOVING PICTURES UNITES BROTHERS

One Recognizes The Other In Parade Of Sailors From Fleet.

Brothers who have been separated since childhood will be reunited this week by the chance glimpse of a moving picture taken in Kansas City, Mo. One of the brothers, Henry Binson, is a sailor on board the Kansas, while the other brother, Olon Binson, is now a prosperous merchant in Kansas City.

Olon, according to the story of his sailor brother, left home when he was 13 years old. He wanted to see the world, and that was the last heard of him. Their mother died two years later of a broken heart and, taking all the money his mother left, Henry then started out in quest of his brother. By a singular coincidence both brothers lived in Santa Fe, N. M., at the same time, but were unaware of each other's whereabouts.

Enlisted In Navy.

Despairing of finding his brother, and left alone in the world, Henry, who is now only 21 years old, enlisted in the navy. He took part in the parade of the United States sailors from the fleet in San Francisco when the first lap of the long voyage was over, and a photographer who caught the picture reproduced it a month ago at a moving-picture show in Kansas City.

"That's Harry, my brother," shouted Olon, who was in the audience, when he saw the moving ranks of sailors depicted on the screen.

He got into communication with the Bureau of Navigation, and when the Kansas came to the Philadelphia Navy-yard last Sunday a letter was waiting for Henry from his brother.

The sailor at once wired to Kansas City, and received a telegram that his brother will take the first train for Philadelphia.

"Mother, on her deathbed, asked me to tell Olon how she died loving him dearly, and I have spent seven years trying to locate him," was the comment of Henry.

The calender year of the Kent county Mutual Fire Insurance Company closed December 31, 1908. The company has had a good year's business at a very low cost of insurance.

THE CLOSING STATEMENT SHOWS:

First that its total income was...	$14,371.00
Second its total loss by fire and expenses....	3,976.00
Third its excess of income over all loss and expenses.....	10,315.00

In other words it has only cost the insured about ¼ of the premiums paid to carry their insurance. At the same time the company has returned to its Policy Holders whose policies have been cancelled the sum of $3,748.00. During the past 8 years the company has returned to its policy holders over $36,000.00.

Its policies, 12 years old show to their credit nearly 40 per cent. of all payments to the company.

CASTORIA

for Infants and Children.

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles and cures Constipation. It regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

NOTHING BETTER THAN THE BEST

REO IS the BEST This Statement admits of no Contradiction.

P. E. CORKRAN,

District Agent,

EASTON, MD.

will prove this to you so conclusively that you cannot have a doubt, if yau let him try.

No one desires to throw money away. We have the mathematical and mechanical causes which produce effects. These make a dollar of REO do the work of two dollars in the same grade of any other machine.

4992 Miles without a stop!

The Reo holds the world's non-stop engine record. It shattered all previous non stop records last April, when the spunky 2-cylinder 20-horse-power Reo Roadster—a regular stock car—left the best previous 2-cylinder record 1992 miles behind, and even beat the 2-cylinder record by 86. The engine ran night and day for twelve consecutive days. This car averaged 415 miles a day and maintained an average speed of 18 miles per hour. It was the greatest reliability test in motoring history.

What is wanted of an automobile.

First of all; to get-there-and-back-again, always. Reliability is the hackneyed and "un-lived-up-to-name" for it.

Second: to be able to travel all day at thirty miles an hour, and hit it up to forty when you want to.

Third: to have such a reserve of power (or such splendid application of power), that grades will be hardly noticeable and stiff hills can be climbed without much loss of speed and time.

Fourth: to be comfortable and safe.

Fifth: to be so well constructed that the vital points don't give way at a critical moment.

Sixth: to have beautiful design and finish.

All these qualities are found in the Reo for 1909.

Don't miss this!

Don't miss get-there-and-back ability. No matter what you pay for your car, get that. You can get it for $500 or $1,000 in a Reo. You can get it for $4,500 or more in a big car.

But get it.

Don't miss real power, the kind that levels hills. Don't mistake a lot of wasted horse-power for that. Wasted power in a motor-car is like bad temper in a man—wears it out and does nobody any good.

Get real power!

Don't get a car that looks better than it is, and is apt to be in the repairshop when you want to go motoring.

Whatever you pay for your car, get the real thing; get motoring every day in the year, and pay what it costs. $1,000 and $500 in a Reo.

Talk is cheap, but proof convinces

With sensible driving, repairs on a Reo are next to nothing. With average driving the tires on a Reo will last from 2 to 4 years.

On the Gildden Tour of 1908 under the same condition and same days some of the shaft driven cars average 6 to 7 miles per gallon of gasoline. Reo averaged 19½.

The Reo has direct single chain drive average loss of power from motor to wheel in chain drive is less than 4% average loss in most shaft drive is 26%. This average is official.

It is of vital interest to the prospective purchaser to know that out of 30 starters in the memorable run from Chicago to St. Paul, through fearful rain-storms and mud, the Reo was one of only 3 cars that finished on their own wheels. Out of 58 starters from Los Angeles to Santa Barbara, the Reo made the only perfect score in its class.

In the 1907 Gildden Tour the Reo beat 48 cars of double and tripple its price beat 24 cars costing $4,000 or more, 10 of them costing $5,000 each.

Was the only car of 80 that took "Four-mile Hill" near Bedford Springs on high gear.

Was the only car of its price, and with one exception the only car of less than double its price, that finished with a perfect score.

Four of the $500 Reo Runabouts in the New York Motor Club's six day economy run of 682 miles at an exact cost of ⅓ of a cent per mile per passenger.

The chain is encased in a leather boot dirt proof and oiled from cylinders.

Cylinders double opposed 4½x6 inch stroke.

The REO has its Full Rated Power

Figure the bore and stroke to see if other automobiles have the power they are rated to be.

Reo's fastest record is a mile in 59 seconds, safety spark, foot accelerator for the throttle.

Highest grade lamp equipment with genuine Bausch & Lomb mirror lenses in gas lamps.

The Reo owner needs no chaffeur, the mechanism is simple enough to be easily adjusted by anyone.

I will give free lessons how to operate on road. Ignition in detail, systematically how to locate trouble, also care of engine with proper amounts of different oil to use.

This alone should restore confidence to the prospective purchaser, with the world's best record now held by the Reo and sworn to before a Notary Public. You can't get away from sworn figures.

Folding wind shields and Stewart speedometers, ball-bearings on axle and steering spindles and pins.

Because of the perfect score of 1907 the Reo was chosen to pilot the contesting cars in 1908 in the Glidden Tour and came out now holding the world's record and was chosen officially to pilot the big 4 and 6 cylinders running off the tie.

Write me today for Catalogue and Demonstration.

Show Rooms on Harrison St. near R. R. Avenue.

P. E. CORKRAN, EASTON, MD.
