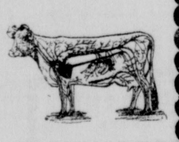
FEED FAIRFIELD'S POWDERED BLOOD TONICS

A Separate Preparation for Horse, Cow, Hog and Poultry

GREATEST KNOWN
Blood Purifiers
..AND..
Regulators



Sold Under Written Guarantee by

FOR HORSES ONLY
FAIRFIELD'S
Blood Tonic and Regulator

FOR CATTLE ONLY
FAIRFIELD'S
Milk Producer and Blood Tonic

The digestive organs of our domestic animals differ as greatly as their use and purposes; for this reason no Conditioner can be so compounded as to have much value if fed to more than one kind of animal. Any preparation professing to be equally well suited to two or more kinds of animals must, for its own safety, omit from its formula some ingredients that would greatly benefit one kind of animal but injure another. This renders the "Cure all" Conditioner of little or no value to any kind of animal. The FAIRFIELD way of compounding A SEPARATE PREPARATION FOR EACH KIND OF ANIMAL is the ONLY way to INSURE positive results

MR. CHARLES S. SMITH writes: "It gives me pleasure to inform you that I am now using your Egg Producer and am thoroughly satisfied with the results. I find that it is a good investment and heartily recommend it."

MR. WILBUR ELIASON tells us that his hogs would always become infected with cholera whenever it would appear in the neighborhood. Last fall cholera was on all sides of his farm and he did not have one hog taken sick while in former years he would lose all. He attributes this great fortune to the regular feeding of FAIRFIELD'S BLOOD TONIC FOR HOGS ONLY.

MR. C. C. BROWN, of Pomona, says that he tried for fourteen years to raise ducks, but they always died at the "feathering age." For the past two years he has used FAIRFIELD'S TONIC FOR POULTRY ONLY and raised every duck after he had started feeding this wonderful preparation.

MR. D. B. McMENAMIN, who has tested the merits of FAIRFIELD'S BLOOD TONIC FOR HORSES ONLY says beyond a doubt it is the best preparation of the kind he has ever used. There are scores of others in this county that endorse these meritorious preparations. They are compounded scientifically to meet the peculiar requirements of each animal. You do not run the slightest risk in purchasing these Tonics for if they do not do all that is claimed for them we cheerfully refund your money.

"BACK TO THE PEOPLE" THE TRUE DEMOCRATIC SLOGAN.

The Democratic committees of the counties of Baltimore, Kent, Caroline and Talbot have adopted the plan of direct nominations by the voters of their party. This is a wise determination, and the committees are to be congratulated for their good judgment in making this decision. We do not recall that in any place where the Crawford county system had once been used that it was abandoned. The county convention method was long ago discredited, and it is time that all Democrats joined in the cry, "Back to the people." It is to be regretted that the Democratic committee of Prince George's county was not progressive and sufficiently clear-sighted to join this procession of progress. When reliance is placed upon the people they usually make a right response, and in the counties where the nominations are to be made direct we look with confidence for a superior class of candidates and a stronger interest in their election among the rank and file of the party.—Sun.

LET THE PEOPLE VOTE.

ROCK HALL, MD., April 30, '09.

MESSRS. EDITORS—

As the time for holding the Primary Election draws near we naturally hear more discussion regarding the merits or demerits of the different candidates, and of political methods and conditions in general.

One subject that has been discussed to some extent is that of nominating canditates for County Commissioners in the several districts, whether such nomination could be decided within the district or candidates should run through the entire county.

Some of us thought at first it would be possible for the district to decide, but, after more careful consideration find that such a plan would be impossible, under existing conditions, and such a nomination would be absolutely void.

For an instance the Commissioner for the 5th district has jurisdiction over a good part of the roads, etc., in the 6th and 7th districts, hence by leaving the nominating power entirely with the 5th election district, would deprive those living in that part of the 6th and 7th districts (supervised by the commissioner of the 5th) from having any vote to say as to who would have charge of their communities.

We are proud that we can boast of having an intelligent electorate, who are quick to distinguish a condition from a theory, and there are very few of us who are prejudiced enough to try and deprive our friends and neighbors in the 6th and 7th district from exercising their right of franchise.

At the same time we are confident that there is no governing power, either executive or local, that has authority to deprive our friends in the other districts from voting for commissioners by determining that we, of the 5th only should have a right to vote for candidate for commissioner.

SQUARE DEAL.

Imbued With New Life.

The Maryland State Bureau of Immigration seems to be imbued with new life since Dr. W. Frank Hines has taken charge of the office as superintendent of the Bureau. Dr. Hines paid a visit to his old home (Chestertown) during the week and was well received by his many good friends and fellow-citizens. The new work seems to agree with our friend and he spoke highly of the results attained during the first year of his incumbency of office and incidentally emphasized the fact, that it is a fellow countian, Mr. Jacob T. Shallcross, of Sassafras, who assisted him materially in the work of the Bureau. Governor A. L. Crothers is very much interested in the success of every department in the State and is pleased to note that Dr. Hines and Mr. Shallcross pay strict attention to their work, which sometime keeps them long after the official hours at their desks. According to the annual report to the Commissioners at their last meeting, May 3rd, the Bureau received over 5,200 communications in the first fiscal year, which according to the rules laid down, had to be promptly answered to the satisfaction of everybody concerned. The Secretary of the Bureau, who according to the law, must sign all official communications, said, that with prompt attention to the work the next year even will surpass the success of the foregoing year and the increase in the taxable basis as well as the influx of new money and good farmers will bring many advantages to our own farming communities.

IN MEMORIAM.

In memory of JOSIAH C. POWELL, who departed this life April 29th, 1907.

Human hands have tried to save him,
Prayers and tears were all in vain;
Happy angels came and bore him
From this world of pain.

Long time he struggled 'gainst disease,
Which baffled skill and care;
And long he lingered racked with pain,
And suffering hard to bear.

And yet through all at times he smiled.
A smile of heavenly mirth;
And when the angels called him home
He smiled farewell to earth.

He is not dead, but gone to rest.
His spirit sleeps on Jesus breast;
No rending pain disturbs him now.
No earthly sorrow clouds his brow.
