LETTERS OF MESSRS. MATTHEWS AND EVARTS TO CHAMBERLAIN.—The following letters are made public by Gov. Chamberlain, at the request of Hon. Stanley Matthews, and are the letters alluded to by Mr. Blaine in the Senate on the 7th instant:

"*Washington City*, March 6, 1877.—Hon. D. H. Chamberlain, Columbia, S. C.—My Dear Sir: I have not the honor of a personal acquaintance with you, but have learned to respect you from my knowledge of your reputation. I take the liberty of addressing you now with great distrust of the propriety of doing so, prefacing it by saying that I speak without authority from any one, and represent only my own views. The situation of public affairs in South Carolina is too complicated to be discussed at length in a note, and yet impresses me as one that ought to be changed by the policy of republican statesmen in such a way as not only to remove all the controversies that disturb that State, but to remove all embarrassments arising from it to the party in other parts of the country. It has occurred to me to suggest whether by your own concurrence and co-operation an accommodation could not be arrived at which would obviate the necessity for the use of federal arms to support either government and leave that to stand which was best able to stand of itself. Such a course would relieve the administration from the necessity, so far as executive action is concerned, of making any decision between the conflicting governments, and would place you in a position of making the sacrifice of what you deemed your abstract rights for the sake of the peace of the community, which would entitle you to the gratitude not only of your own party, but the respect and esteem of the entire country. I trust you will pardon the liberty I have taken, as my motive is to promote not only the public but your own personal good. With great respect,

"STANLEY MATTHEWS."

Appended to the foregoing letter are the following lines by Mr. Evarts:

"Dear Governor: I have read this letter and conversed with Colonel Haskell and Senator Gordon on this subject so interesting to us all. I should be very glad to aid in a solution of the difficulties and especially to hear from you speedily. With my compliments to Mrs. Chamberlain, yours, very truly,

"WM. M. EVARTS."

ALEX. H. STEPHENS ON THE HAYES POLICY.—Ex-Secretary Fish called to pay his respects to Hon. Alexander H. Stephens, a few days ago, and passed some time in conversation with that gentleman. Mr. Stephens said he was glad President Hayes was shaping his policy something after that of Gen. Washington, by calling around him good and true men, without regard to their political or partisan antecedents, and predicted lasting benefit to the country if the policy shall be carried out. Mr. Stephens also said, as to a policy for Louisiana and South Carolina, as well as other southern states, all that the people of these states desire is to be left to themselves, to govern themselves as may seem best to them, and all that Mr. Hayes can or need to do is to see that their governments are republican in form and that they obey the laws and keep the peace.

A "NEW DEPARTURE."—The Wilmington (N. C.) *Star* understands that there is a movement on foot among the better class of colored people, which is expected to become general throughout the State, having for its object an alliance with what they term the liberal element of the democratic or conservative party in all State, county and municipal elections hereafter to occur. There have been several meetings in Wilmington recently in the interest of this movement, and it is proposed to hold a general convention of the colored people of North Carolina at an early day, when the matter will take more definite shape. The movement is confined entirely to the colored population and without regard to the wishes, approval or disapproval of the while element of the republican party. In national elections, they say, circumstances will govern their action.

THE Comptroller and Treasurer of Maryland have given notice that on the 15th of July next they will redeem, at the banking house of Messrs. Baring Bros. & Co., the State's agents in London, the bonds of the State issued to the Susquehannah Canal Company, from No. 1 to No. 250, inclusive. These bonds are for £225 each, and have been due since 1865. They are payable in gold in London, and it will take about $300,000 in currency to redeem them.

TURNING OUT NEGROES.—It is reported that one of the earliest acts of President Hayes's administation will be to change some of the important Federal officers in Louisiana. Several of these are negroes who can neither read nor write. Even the important position of Naval Officer at New Orleans is held by a negro whose accounts come up to the auditing officers of the Treasury signed by his mark.—*N. Y. Tribune.*

CAMERON'S RESIGNATION.—Speaking of Simon Cameron and the resignation of his seat in the United States Senate, the Baltimore *Gazette* says:

"Simon Cameron, the retiring senator, has ruled and governed men for more than half a century. Numbering in years more than the psalmist's age, he is to-day still fresh and vigorous Genial in disposition and granting favors gracefully, he everywhere makes friends who cling to him with hooks of steel, and are always ready to follow where he leads the way. Though not essentially a great man, nor a liberal statesman in any sense of the word, he possesses many qualities which have given him a commanding position in his native state. He was a power in Pentsylvania politics long before the birth of some of those who on Tuesday next will vote for his son. All the education he ever received came from a printing office, and during all his life he showed a capacity for molding men to his wishes exhibited by few in the present generation. Twice he defeated democratic candidates for senator when their party had a clear majority in the Legislature, and when he finally abandoned his party and joined the opposition, he at once intrenched himself in power from which he has never been dislodged. His present move is the boldest of his life. In the course of a few years, at most, he knows that he will be gathered to his fathers; but before he goes he flings, his senatorial mantle on the shoulders of his son, and a republican legislature quickly hastens to confirm the title. How long the latter will be permitted to enjoy it remains a problem."

IS CHAMBERLAIN PULLING UP STAKES?—Dispatches from Columbia, S. C., to the Charleston papers state that there were indications on Friday of the speedy disintegration of the Chamberlain government. On that day Chamberlain sent around and settled his various small personal debts in the town. It is known that Chambelain has in some way connected himself with a prominent law firm in New York, and ex-Governor Fenton's presence at Columbia and frequent visits to Chamberlain are supposed to have some connection with this arrangement. Another fact regarded as significant is that a huge iron safe was shipped northward by the Chamberlain authorities, supposed to contain papers in regard to certain fragile reputations, which are being gotten out of the way of democratic iconoclasts.

A HUMAN PETRIFICATION IN IOWA.—A case of human petrification is reported in Hamilton county. All that was mortal of the mother of Mrs. John Bone was buried about two years ago at or near Homer.—Recently the remains were exhumed for the purpose of transportation to the old family burying ground at Oskaloosa, Ia. Upon opening the coffin it was discovered that the remains were in process of petrification—turning into stone. In fact the body was so plump and rigid that it was safely lifted from the wooden coffin in which it was originally to the metalic case in which the remains were sent Oskaloosa, by placing the hands under the head and feet and raising it up bodily.—The general appearance of the body was somewhat similar to that of dark sandstone, and there seemed to be no offensive smell about the remains.—*Webster City (Ia.) Freeman.*

THE Cambrridge *News* says: "Cambridge is the centre of a large fish trade, and the shipments from this place are the heaviest of any in the State, nine-tenths of which have been built up by the convenience afforded to shippers by the Dorchester and Delaware road. Just now all is bustle and activity among the fishermen putting down their nets. This trade is so large and valuable that about one-half-of the fish merchants of Philadelphia have visited Chambridge in the last sixty days soliciting consignments."

JOINTS and Muscles, Stiff and painful with rheumatism and gout, are promptly relieved by Glenn's Sulphur Soap. Local diseases of the skin and defects of the complexion are also remedied by this standard article. Depot Crittenton's No. 7 Sixth Avenue, New York. Hill's Hair and Whisker Dye, black or brown, 50 cts. m17-4t.

DELAWARE peach growers are bouyant over the prospects of an unusually large peach crop this year. It is estimated by some that the crop will amount to 12,000,000 baskets, which will average straight throught ten cents per basket.

B. B. CHAMBERS, a venerable and highly respected resident of Cecil county was recently thrown from his carriage and seriously cut and bruised. Erysipelas was developed from the wounds, and he died a few days after receiving the injuries.

MR. TILDEN was elected President for the four years ending March, 1881. He has all along emphatically declared that he would not be a candidate for a second term. He will not be a candidate for re-election in 1880.—*Kansas City Times.*

CAPTAIN AUGUSTUS MCCABE, one of the judges of the Orphans' Court of Queen Anne's county, died on the 10th instant., aged 73 years.

COL. GEO. P. KANE, of Baltimore, says that he has consented to become a candidate for Mayor of that city.

A Time-Honored Specific.—The long and successful career of DR. WISHART'S PINE TREE TAR CORDIAL, as contrasted with the speedy collapse of nostrums devoid of efficacy which have from time to time been puffed into a brief notoriety during the twenty odd years that this celebrated medicine has been sold, affords a proof that the American people *continues* to repose its confidence in deserving articles only. The PINE TREE TAR CORDIAL has long been recognized as the leading specific for Consumption, Bronchitis, Coughs, Colds, Asthma, Diptheria, and all other diseases of the breathing organs. It is, moreover, a certain, speedy and safe botanic remedy for Dyspepsia, Liver Disorders, Scrofulous Affections, Urinary Troubles, Gravel, Dropsy, Debility, Constipation and Female Complaints. Constantly accumulating evidence of an unimpeachable character establishes the fact that it not only entirely eradicates the diseases to which it is adapted, but also that its action is remarkably prompt and thorough. The crucial test of experience has demonstrated its reliability in every particular. Sold by all druggists. Principal Depot, No. 916 Filbert St., Philadelphia. nov18-3m.

NOTICE!

ALL PERSONS INDEBTED TO ME for Taxes, or on private account, are requested to make immediate payment, as further waiting will do you no good and would place me in a very embarrassing position. I have been compelled to borrow money to pay some of the claims against the county, and in a few days that money will be due. Now, I tell you that this money must come, and you will find it both policy and economy to pay your debts promptly, even if you have to borrow the money to do it with, as discount at the bank would amount to much less than officers' fees and printers' bills. Hoping you will not disregard this notice—as I intend to collect this money and that very soon—I await your decision. JAMES A. SHAW.
