From "Songs of Spring."

"Oft have I walked these woodland paths
Without the blest foreknowing
That underneath the withered leaves
The fairest buds were growing.

"To-day the south wind sweeps away
The faded autumn splendor,
And shows the sweet arbutus flowers—
Spring's children, pure and tender.

"O prophet-souls, with lips of bloom
Outvying in their beauty
The pearly tints of ocean-shells,
Ye teach me faith and duty.

"'Walk life's dark ways,' ye seem to say,
'With love's divine foreknowing,
That where man sees but withered leaves,
God sees the sweet flowers growing.'"

—*St. Nicholas for May.*

INSTINCT OF WILD GEESE.—The St. Louis *Republican* says:

"Dr. Lankford, who returned a day or two since from the southeastern part of the State, mentions the following curious fact in natural history. He gives the statement on the authority of Mr. W. R. Smith, a leading farmer and miller living near Morley, in Scott county, Mo. About a year ago Mr. Smith captured two young wild geese and raised them with the balance of his domestic goslings. The wild ones became quite tame and took kindly to the changes of civilized life. They adapted their habits to the ordinary delights of the barnyard, and swam in the pond with the tame geese, without showing a disposition to go on a wild goose chase. At length, about the 4th of November, the weather began to change, and after being domesticated some eight months the wild fellows, prompted by an instinct to seek a more sunny clime on the approach of winter, spread their wings to the breeze and started on a migratory tour, flying southward. Their departure was natural and to be expected. After an absence of two months, early in January, great was Mr. Smith's surprise to find on getting up one morning that the two wild geese had returned to their old haunts on his farm. They not only returned, but eleven more wild geese came with them as visitors, which they piloted safely from some Southern bayou. The new-comers made themselves at home, and were fed and fondled by the children. They came up to the mill at feeding time to get their rations, and gabble all together and put on all the airs of civilized geese who have had a good moral training."

SCIENCE EXTRAORDINARY.—Mr. Darwin, in writing on the "Absence of White Color in Animals," mentions a poisonous plant in Virginia which kills white-haired swine, but does not kill those with black hair. Dr. Ogle says in explanation of this fact that there is no evidence that the black swine eat the plant, and that, as a matter of fact, the white swine, because they are not supplied with a certain black pigment necessary to the possession of taste and smell, and deficient in both tastes, and are therefore unable to discriminate between poisonous and non-poisonous plants. They therefore eat poisonous plants which the black pigs, with better taste, refuse to eat. A correspondent of the Scientific American writes to say that he does not know anything about the effects of poisonous plants on the pigs of Virginia, but that there is a poisonous plant in Florida upon which black hogs fatten, while those with white hoofs after eating it become lame and their hoofs drop off. He says that, "if a hog has three black hoofs and one white, the white one will fall off," and leaves us to conclude that the black hoofs will stay on. These hog stories have now advanced far enough to make it worth while for some one to make very sure of the facts before undertaking to explain them.

THE DISADVANTAGES OF WEARING FALSE HAIR were painfully illustrated at Millersville, Pa., the other day. A boat in which two young ladies and two young men were passengers, capsized suddenly, and one of the ladies sank out of sight. As she reappeared one of the men grasped her hat, which came off. The lady sank, on her second appearance fared no better, for this time the frightened youth caught her by her hair, which, being false, came off in his hands, and down she went again. At last, however, she was caught by her real hair and dragged aboard the boat, after having had what may properly be called a hairbreadth escape.

Safe, reliable, harmless and cheap, is Dr. Bull's Cough Syrup. Price 25 cts.

FALSE IMPRESSION.

It is supposed by a certain class of citizens, who are not practical or experienced, that Dyspepsia can not invariably be cured, but we are pleased to say that GREEN'S AUGUST FLOWER has never, to our knowledge, failed to cure Dyspepsia and Liver Complaint in all its forms, such as Sour Stomach, Costiveness, Sick headache, palpitation of the heart, low spirits, &c., &c. Out of 30,000 dozen bottles sold last year, not a single failure was reported, but thousands of complimentary letters received from Druggists of wonderful cures. Three doses will relieve any case. Try it. Sample Bottles 10 cents. Regular size 75 cts. For sale by C. F. STAM, Chestertown, and E. B. BRITTON, Millington.

NOTICE!

ALL persons indebted to me for Taxes, or on private account, are requested to make immediate payment, as further waiting will do you no good and place me in a very embarrassing position. I have been compelled to borrow money to pay some of the claims against the county, and in a few days that money will be due. Now, I tell you that this money must come, and you will find it both policy and economy to pay your debts promptly, even if you have to borrow the money to do it with a discount at the bank would amount to much less than officers' fees and printers' bills. Hoping you will not disregard this notice—as I intend to collect this money and that very soon—I await your decision. JAMES A. SHAW,
tf. Coll'r 4th Dist.

Notice to Tax-Payers
OF THE
SECOND DISTRICT.

YOU are requested to settle your taxes for 1876 on or BEFORE THE FIRST DAY OF MAY NEXT. The Court demands a settlement from me, and your taxes must be paid, otherwise I will be compelled to collect according to law.

(OPPOSITE REVERE HOUSE.)

The Science of Life;
Or, SELF-PRESERVATION.
MORE THAN A MILLION COPIES SOLD.

Gold medal Awarded to the Author by the "National Medical Association," March 31ss, 1876.

JUST published by the PEABODY MEDICAL INSTITUTE, a new edition of the celebrated medical work entitlek the "SCIENCE OF LIFE; or SELF-PRESERVATION." It treats upon MANHOOD, how lost, how regained and how perpetuated; cause and cure of Exhausted Vitality, Impotency, Premature Decline in Man, Spermaterrhœa, or Seminal Losses, (nocturnal and diurnal) Nervous and Physical Debility, Hypochrondria, Gloomy Forebodings, Mental Depression, Loss of Energy, Haggard Countenance, Confusion of Mind and Loss of Memory, Impure State of the Blood, and all diseases arising from the ERRORS OF YOUTH, or the indiscretions or excesses of mature years.

It tells you all about the Morale of Generative Physiology, the Physiology of Marriage, of Wedlock and Offspring, Physical Contrasts, True Morality, Empiricism, Perversion of Marriage, Conjugal Precept and Friendly Counsel, Physical Infirmity, its Causes and Cure, Relations Between the Sexes. Proofs of this Expansion of Vice, The Miseries of Imprudence, Ancient Ignorance and Errors, MEANS OF CURE, Cure of Body and Mind. TRUE PRINCIPLES OF TREATMENT, Address to Patients and Invalid Readers, The Author's Principles. The price of this book is only $1,00

This Book also contains More Than FIFTY PRESCRIPTIONS for the above named and other diseases, each one worth more than the price of the book.

Also, another valuable medical work, treating exclusively on MENTAL AND NERVOUS DISEASES; more than 200 royal octavo pages, twenty elegant engravings, bound in substantial muslin. Price only $2.00. Barely enough to pay for printing.

"The Book for young and middle-aged men to read just now, is the Science of Life or Self-Preservation. The author has returned from Europe in excellent health and is again the Chief Consulting Physician of the Peabody Medical Institute, No. 4 Bulfinch St., Boston, Mass."—*Republican Journal.*

"The Science of Life is beyond all comparison the most extraordinary work on Physiology ever published."—*Boston Herald.*

"Hope nestled in the bosom of Pandora's box, and hope plumes her wings anew since the issuing of these valuable works, published by the Peabody Medical Institute, which are teaching thousands how to avoid the maladies that sap the citadel of life."—*Philadelphia Enquirer.*

"It should be read by the young, the middle aged and even the old."—*N. York Tribune.*

The first and only Medal ever conferred upon any Medical Man in this country, as a recognition of skill and professional services, was presented to the author of these works, March 1st, 1876. The presentation was noticed at the time of its occurrence by the Boston Press and the leading journals throughout the country. This magnificent Medal is of solid gold, set with more than one hundred India diamonds of rare brilliancy.

"Altogether, in its execution and the richness of its materials, and size, this is decidedly the most noticeable medal ever struck in this country for any purpose whatever. It is well worth the inspection of numismatists. It was fairly won and worthily bestowed."—*Massachusetts Ploughman, June 3d, 1876.*

Catalogue sent on receipt of 6 cents for postage.

Either of the above works sent by mail on receipt of price. Address PEABODY MEEICAL INSTITUTE, (or W. H. Parker, M. D., Consulting Physician,) No. 4 Bulfinch Street, Boston, Mass., opposite Revere House.

Ayer's
Sarsaparilla

For Scrofula, and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Eruptions and Eruptive diseases of the skin, Ulcerations of the Liver, Stomach, Kidneys, Lungs, Pimples, Pustules, Boils, Blotches, Tumors, Tetter, Salt Rheum, Scald Head, Ringworm, Ulcers, Sores, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhœa, arising from internal ulceration, and Uterine disease, Syphilitic and Mercurial diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood.

This Sarsaparilla is a combination of vegetable alteratives—Stillingia, Mandrake, Yellow Dock—with the Iodides of Potassium and Iron, and is the most efficacious medicine yet known for the diseases it is intended to cure.

Its ingredients are so skilfully combined, that the full alterative effect of each is assured, and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome disease.

The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it, prove their experience of its usefulness.

Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alterative medicine. So generally is its superiority to any other medicine known, that we need do no more than to assure the public that the best qualities it has ever possessed are strictly maintained.

The oldest, largest and most perfect **Manufactory of Organs** in the United States. No other musical instrument ever obtained the same popularity. Have been tested for **OVER 30 YEARS** in Europe, Asia, Africa, Australia, and North and South America. Testimonials in proof of this statement can be found in our Catalogue, which will be mailed FREE to any address.

Our success has brought into existence hundreds of imitators (mostly Stock Companies), whose want of experience is evident to those who are capable of judging. **SEE AND HEAR OUR ORGANS BEFORE PURCHASING ANY OTHER,** and you will thus avoid the annoyance of being encumbered with an instrument which you will find (when too late) is a source of vexation and regret.

All our instruments are WARRANTED for five years.
