The Kent News.

SATURDAY - - - - - - OCT. 20, 1877.

THE conviction of Ex-Secretary Sawyer has astonished the public no less than the criminal himself. The packing of juries was brought to a fine art under the regime of Grantism, and no influential thief stood in any danger, no matter how clear might be the proof of his guilt. The safe-burglary cases were conspicuous instances of this fact. Even in the last important case preceding that of Sawyer there was a signal failure of justice. At that trial Ottman, one of the treasury robbers, found with the money in possession, was acquitted, and is now suing for the return of the money, on the ground that the jury decided he had not stolen it. It was thought impossible that a man of such high standing in the District ring as Sawyer could be convicted, and the verdict of guilty was a great surprise to everybody, the prisoner included. Five years ago he stood in the Senate, honored with the friendship of Charles Sumner; recognized as a scholar, and esteemed a man of integrity. After the expiration of his term he became assistant secretary of the treasury, allowed himself to be involved in ring-jobbery, and in particularly the Sanborn frauds. Lately he has been in such a condition of poverty that it is said that even the fare of the common jail, where he now is, is a relief to him. His ruin is another illustration of the corrupting influence of Grantism.

EYES have they, but they see not—potatoes. Ears have they, but they hear not—cornstalks.—*Detroit Free Press.*—Arms have they, but they hug not—windmills.—*Yorkers Gazette.* Tongues have they, but they talk not—wagons.—*Poughkeepsie Press.* Legs have they, but they walk not—tables.—*Poughkeepsie News.* Heads have they, but they think not—cabbages.—*Hudson Register.* Hand have they, but they toil not—tramps.—*Camden Post.* Noses have they, but they smell not—pitchers.—*New York Express.* Lips have they, but they kiss not—tulips.—*Philadelphia Bulletin.* Teeth have they, but they chew not—bucksaws.—*St. Louis Globe.*

A WORD to the wise. If you are troubled with a cough or cold, procure a bottle of Dr. Bull's Cough Syrup at once. Its use may save you from severe sickness. Your druggist keeps it. Price, 25 cents.

AMONG the novelties of the coming Paris Exhibition will be a youth of fourteen with feet shaped precisely like his hands. He can use them for the same purposes, and plays upon the piano with both hands and feet, having a peculiar chair which enables him to curl his body into the necessary position. He is a very good performer, and speaks both English and German. His French is imperfect.

A GOOD domestic Sulphur bath can be instantly prepared by taking a cake of Glenn's Sulphur Soap into the bath tub. Such an expedient will, to use a slang phrase, "knock the spots off" any victim of cutaneous blemishes. Sold by all druggists 25 cents. Hill's Hair & Whisker Dye, black or brown, 50 cts. sep22-4t.

Ask Yourself these Questions.

Are you a despondent sufferer from Sick Headache, Habitual Costiveness, Palpitation of the Heart? Have you Dizziness of the Head? Is your Nervous System depressed? Does your Blood circulate badly? Have you a Cough? Low Spirits? Coming up of the food after eating? &c. &c. All these and much more are the direct results of Dyspepsia, Liver Complaint and Indigestion. GREEN'S AUGUST FLOWER is now acknowledged by all druggists to be a positive cure. 2,400,000 bottles were given away in the U. S. through Druggists to the people as a trial. Two doses will satisfy any person of its wonderful quality in curing all forms of Indigestion. Sample bottle 10 cts. Regular size 75 cts. Sold positive by all first class Druggists in U. S.

OUR MEN'S BOOTS at $2.50 can't be beat at the price.
J. H. SIMPERS & BRO.

TO THE FARMERS

—OF—

KENT and QUEEN ANNE'S!

CHESTERTOWN, Aug. 1, 1877.

We would respectfully submit to your consideration the

LISTER PHOSPHATE,

Manufactured by LISTER BROS., the largest manufacturers of Phosphates and dealers in Bone in the United States, with certificates from Farmers and others who used it last fall.

CERTIFICATES OF FARMERS:

CHESTERTOWN, August 12, 1877.

Messrs. Hines & Co.—Gentlemen: After experiments with various Standard Fertilizers, I have arrived at the conclusion to purchase Lister Bros. Phosphate for my entire fall seeding, having derived more advantage from the use of it than any I have heretofore applied to my crops. Very truly yours,
GEORGE W. T. PERKINS.

CHESTERTOWN, August 13, 1877.

Messrs. Hines & Co.—Gentlemen: In answer to your inquiry touching Lister's Standard Phosphate, which I and my tenants have purchased of you for several years, we have used it exclusively on Wheat and it has never failed to give satisfaction. Before we ventured its use extensively it was carefully tested in comparison with actual results derived from a judicious application of the most approved Fertilizers sold in this market. We shall use Lister's almost exclusively next fall; at least Twenty-five Tons. Yours, &c., R. HYNSON.

CHESTERTOWN, August 13th, 1877.

Messrs. Hines & Co.—At your request I will state that I have used Lister's Standard Phosphate for the past two years upon wheat on my farm in Kent county, and that I consider it the best Fertilizer I know at the price at which you sell it. It is always in good drilling order, stimulates the growth of the plant and gives heavy grain. My tenant informs me that it has improved the clover also. I expect to continue its use. Yours respectfully, J. A. PEARCE.

KENNEDYVILLE, KENT CO., MD., Aug. 15, 1877.

Messrs. Hines & Co.—Gents: Having some experience in the use of Patent Manures for the last fourteen years and using many different kinds, none that I have ever used has given me the same satisfaction as that of Lister's. I believe it to be as good as any in market and much better than some that claim a higher reputation.
Yours, respectfully, JAMES P. CAROTHERS.

CHESTERTOWN, August 11, 1877.

Messrs. Hines & Co.—I beg to state in regard to Lister's Phosphate that I purchased of you last fall, that I used it alongside of I. P. Thomas' Standard Phosphate, and I am satisfied Lister's is a superior article, and I shall use it this fall.
DAVID F. MILLS.

Experiment of JOHN BRICE in 1876-7.

Seeded Three Four-acre Plots in '76—1½ Bushels Wheat per Acre, and 200 lbs. Phosphate per acre. A careful threshing showed the following results:

FOUR ACRES—With 200 lbs. Turner's Excelsior per Acre. Threshed 120 Bushels Wheat, weighing 65 lbs. per bushel, bag inclusive.

FOUR ACRES—With 200 lbs. I. P. Thomas' Phosphate per acre. Threshed 127 Bush. Wheat, weighing 65 lbs. per bushel, bag inclusive.

FOUR ACRES—With 200 lbs. Lister's Standard Phosphate per acre. Threshed 128½ Bushels, weighing 66 lbs. per bushel, bag inclusive.

The above is correct. JOHN BRICE.

NEAR CHESTERTOWN, March 17, 1877.

Messrs. Hines & Co.—Gents: In reply to your inquiry about the Eclipse Fertilizer that we purchased of you last spring to go on corn, we tried it by the side of one of the corn fertilizers, and we tried one acre of each and tried the same amount of fertilizer on both acres, and where we measured the corn yours gave us one-fourth more per acre than the other fertilizer.
THOMAS H. LAMBERT and WILLIAM FORD.

NEAR CHESTERTOWN, July 17, 1877.

Messrs. Hines & Co.—Gents: You ask me for a certificate for your Phosphate, and in reply would say that I furnished Lister's Phosphate that I bought of you, and my landlord furnished Turner's Excelsior, which I used by the side of yours, and the Lister beat it about 10 to 15 per cent., and I shall use Lister's this fall.
Yours, &c., JOSEPH SHRIVER.

NEAR CHESTERTOWN, July 28, 1877.

Messrs. Hines & Co.—Dear Sirs: I have used the Whitelock and other Phosphates, and find that the Lister is equally as good as the Whitelock or any other that I have used, and also came through the winter better.
Yours truly, V. HENDRICKSON.

NEAR ROLPH'S WHARF, Queen Anne's Co., April 29, 1877.

Messrs. Hines & Co.—Gentlemen: In answer to inquiry concerning Lister & Bros. Super Phosphate, I will say that I applied the ton purchased of you on my wheat last fall, and at this date am much pleased with its action. I used it by the side of two other first-class fertilizers, and am satisfied that Lister's is fully equal to either of them. I regard it as an article of real merit.
Respectfully, GEORGE W. SMITH.

CHESTERTOWN, July 31, 1877.

DEAR SIRS: I used last fall on my wheat two tons of Lister's Phosphate and two tons of Whitelock & Co. I find that Lister's suits my land better, and shall use more this fall. Yours truly, C. C. BROWN.

NEAR CHESTERVILLE, July 27, 1877.

Messrs. Hines & Co.—Dear Sirs: The 1½ tons of Lister Phosphate purchased of you last fall I find to be an excellent article, and drills much better than I expected. I shall use more of it this coming Fall. Yours, truly. R. J. LUSBY.

BOXLEY FARM, July 16th, 1877.

Messrs. Hines & Co.—Dear Sirs: We used the Lister Phosphate bought of you along side of Turner's Excelsior, and found it to be equally as good both in length of staw and yield of wheat.
Yours, Truly, W. H. COLEMAN and R. HYNSON.

NEAR CHESTERTOWN, July 10, 1877.

Messrs. Hines & Co.—Sirs: I used last fall three kinds of Phosphates, all considered first-class Phosphates and sowed side by side. Of the three I think Lister's Bone Phosphate the best. It gave me more wheat and better grass, and I shall use it this Fall. Yours, truly, E. J. WATSON.

CHESTERTOWN, July, 1877.

Messrs. Hines & Co.: The ton of Lister's Phosphate that you induced me to use last Fall has proven to be a superior article. It did better than Turner's Excelsior that I used principally. My grass looks considerably better where I sowed Lister's.
Respectfully, I. R. LEAVERTON.

QUAKER NECK, June 8, 1877.

Messrs. Hines & Co.—The Lister Bros. Phosphate I purchased of you last fall is making Wheat look very well. I used two tons, and believe if I had used four it would have doubled what it is now. I did not put it over 150 lbs. to the acre, and one field only 130 lbs., and it is fine wheat. In sowing wheat last fall I had not enough Phosphate by about two bags, so I finished without it. The difference is from twelve to sixteen inches in height and double the size in the heads. This two and three hills—and where the Phosphate was not sowed last fall. There is a large bunch of wheat in every hill, made by the Eclipse used on the corn, it having over doubled the crop of corn. Yours, respectfully, A. J. CRUIKSHANK.

NEAR CHESTERTOWN, July 16, 1877.

Messrs. Hines & Co.—In answering your inquiry in regard to Phosphate bought of you last fall, I am glad to state that I found Lister's Standard Phosphate the best of four kinds. I used Dissolved Bone and Peruvian Guano mixed, I. P. Thomas', Hubbard's and Lister's Standard Phosphate, and am satisfied Lister's is superior, taking net cost in consideration. I also used it on my own place, and got over 30 bushels to the acre. WILLIAM FORD.

NEAR ST. PAUL'S CHURCH, July 14, 1877.

Messrs. Hines & Co.—Gentlemen: I used your Fertilizer (Lister's) on my wheat alongside of I. P. Thomas' brag Phosphate, and am fully convinced to my own satisfaction that it is superior, and does not cost as much by several dollars per ton.
Yours, truly, J. C. WHEATLEY.

CHESTERTOWN, July 31, 1877.

Messrs. Hines & Co.—Gentlemen: I used last fall several kinds of Phosphates on my wheat crop, but I think the Lister Bone Phosphate was the best, and I shall use it this fall. Yours, T. S. WILMER.

In good Drilling order, and for sale by

HINES & CO.,

Next door to the Bank, CHESTERTOWN, MD.

Aug. 11, 1877—tf.

We have the best Imitation Gold Watch in the Market for Trading Purposes. The metal is a composition of other metals, so closely resembling gold that the best judges find it difficult to detect the difference, except by a chemical test, and it has the virtues requisite to make it the best substitute for gold known. GENUINE AMERICAN MOVEMENT. EXPANSION BALANCE. BEAUTIFULLY ENGRAVED OR ENGINE TURNED HUNTING CASES, and equal in appearance to a GOLD WATCH THAT COSTS from $150 to $200. It sells and trades readily, for from $10 to $100, and it wears well for a year only use for anything else, by them. Owing to large Cash sales, we are enabled to reduce the price of them to $12 each with an elegant Chain attached. They are used extensively on Railroads, Steamers, and in Manufactories, and other places where accurate time is required, and gives general satisfaction. We send them by Mail or Express, on receipt of $12, to any part of the Country, or it will be sent C.O.D. when the customer desires and remits $1 on account. These Elegant CHAINS weigh about Fifty Pennyweights, and the same pattern in pure gold would cost $100. We sell these Chains at $5 each. But we sell the Watch and Chain for $12, sent by Mail in a Registered Package, postpaid, to any Post Office in the United States.

WE SELL THE WATCH WITHOUT THE CHAIN FOR $10.

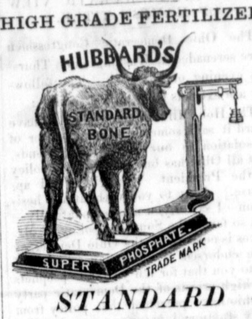
Wheat Seeding!

HIGH GRADE FERTILIZER



STANDARD

Bone Super-Phosphate,

UNEXCELLED

FOR ALL CROPS!

We again offer to the public our *Standard* Phosphate this, our ninth season. It is sold on an increased demand, not only in this State but Delaware, Pennsylvania, New Jersey and Virginia, and for the last two years it has been extensively used as a *test* side by side of various *higher priced* Phosphates sold in the market, upon Wheat, Corn, and other crops in Kent and Queen Anne's counties, by many of our best farmers, who pronounce it to be equal to any in result, and superior to many, while the price is much less. There are other advantages in favor of the use of our *Standard*, which will be proven on trial.

1st. It is sold at $35 cash per Ton, at the Factory.

2d. It can be easily applied, with safety and profit, upon all crops.

3. It is always guaranteed to be in excellent order for drilling.

4. It is especially adapted to the growth of each and every crop.

5. The Base of the *Standard* is pure animal Bone, of which we invite inspection.

6. Animal Bone is a permanent improver of the soil.

7. Chemistry has enabled us to demonstrate with a degree of certainty that our soils lack principally *Nitrogen, Potash* and Phosphoric-acid, they being the three substances most essential for the profitable growing of crops and the Farmer to buy. Hence

We ask but ONE TRIAL

to convince all of the valuable properties contained in our Phosphate as a CROP PRODUCER, and we pledge ourselves to keep it up to its well known HIGH STANDARD, believing that our success depends entirely upon the QUALITY of our Fertilizer. We refer below to the names of a few Farmers who used our Phosphate on their wheat last Fall, which yielded an abundant Harvest:

Thos. C. Parsons,	Wm. W. Stephens,
Thomas Baker,	Chas. H. R. Merick,
Isaac Cordray,	Thos. J. Tucker,
Comegys Cosden,	Jas. P. Carothers,
Stephen Lecates,	Edward Plummer,
Owen Connolly,	Jesse Morris,
James H. Baker,	John W. Loud,
Wm. Toulson,	Thos. P. Dixon,
Josias Ringgold, jr.,	Jos. H. Price,
Geo. W. Chrisfield,	John A. Groves,
Wm. Ford,	Jacob B. Walker,
Vick Hendrickson,	Geo. Snitcher,
Joshua S. Cosden,	S. W. Aldridge,
John N. Usilton	Louis S. Hepburn,
John B. Brown,	Josiah Massey,
R. E. Feddeman,	John W. Perry,
T. A. Hudson,	Edw. B. Woodall.

To avoid disappointment and delay we advise that all orders be sent in early.

HORNER'S

CONCENTRATED

SUPERPHOSPHATE

FOR ALL CROPS.

It is made of the best and most concentrated materials, possesses all the virtues of PERUVIAN GUANO and BONE DUST combined, and is well adapted to Wheat, Corn, Oats, &c., producing abundant crops where all others fail. Having a large percentage of Soluble and Precipitated **Phosphoric Acid and Ammonia**, it is without doubt **the richest Commercial Fertilizer in the country.**

HORNER'S

BONE-DUST

Made only of Slaughter-House Bones, contains a larger percentage of AMMONIA and BONE PHOSPHATE LIME than any other brand in the market.

WE OFFER

ONE THOUSAND DOLLARS

For the Detection of any Impurity in our manufacture of Bone.

We do not steam or bake our Bones, or otherwise treat them so as to destroy the animal matter, which is rich in Ammonia.

The Best Article in the Market!

HORNER'S SUPERPHOSPHATE LIME

OR DISSOLVED BONE.

MADE OF PURE SLAUGHTER-HOUSE BONES AND CONCENTRATED ANIMAL MATTER.

It is richer in SOLUBLE PHOSPHORIC ACID and AMMONIA than any similar article in the market.

Samples and Prices sent on application.
