Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a fault finder.

A sound stomach makes for good citizenship as well as for health and happiness.

Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of

Dr. PIERCE'S GOLDEN MEDICAL DISCOVERY. It builds up the body with sound flesh and solid muscle.

The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations.

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

STILL POND FARMERS' CLUB

An Interesting Account Written for the News by a Well-Known Minister of Kent.

Having had a special invitation to attend the above named gathering, in the hospitable home of Mr. and Mrs. Joshua R. Jarrell as host and hostess, on Thursday of the past week—and because that the writer enjoyed, hugely, every thing in connection with the happy and exceedingly social event, together with its business-like and profitable features—we are prompted, of our own free will and accord, to make these notes for the press:

The day was propitious, and the members and friends of the club began to arrive about 10 30 A. M., and continued to come until twelve o'clock or after.

Those present were Capt. and Mrs. Daniel Hill, Mr. and Mrs. Wm. Whitely, Mr. and Mrs. R. R. Hill, Mrs. Mary E. Bryan, Mrs. Milton Melvin, Mr. John C. Redmile, Mr. and Mrs. James D. Harris, Mr. E. B. Pennington, Rev. Mr. Moore, Mr. and Mrs. Wm. B. Price, Mr. and Mrs. Leonard Price, Mr. and Mrs S. G. Rosebury, Mr. and Mrs. Carson Harris, Mrs. Harper, Mrs. Beauchamp, Mr. and Mrs. Frederick H. Cornelius, Mr. Samuel Cornelius, Mrs. A. L. Harris, Mrs. Richardson, Miss Richardson, Mr. Morris, Mr. and Mrs. J. R. Jarrell, Mr. Fred W. Jarrell, Mr. and Mrs. Robt. Temple Jarrell, and last, though not least by any means, though small in statue and young in months and years, were little Misses Marion Harris and Sarah Harris and Master Joshua Temple Jarrell. May each and all be, in every sense of the word, *temples*, both body and soul, for the indwelling of all that is good and great.

The dinner, sumptuous and tempting in every particular to the appetite, was a veritable banquet. Two long tables arranged in the spacious dining or sitting room, fairly groaned under the heavy weight of good things. The cuisine was par excellence. Two sittings, beginning at about 2 o'clock, and continuing until after three, accommodated the many members and friends of this historic and splendid club. About 3 15 the business session of the organization began, with Mr. Frederick H. Cornelius, president, presiding, and Mr. R. R. Hill, secretary. Mr. James D. Harris, president, and Mrs. R R. Hill, secretary of the ladies department.

Subjects and topics of interest to the tillers of the soil, household and domestic departments were discussed in a most intelligent and entertaining manner. Among those who took part in the debating of the many questions were Mr. E. B. Pennington, Mr. James S. Harris Mr. Wm. B. Price, Mr. John Redmile and Mrs. A. L. Harris.

The writer, being the son of a farmer of Howard county, and, in his boyhood days, having worked many a day in the fields, in connection with God's sunlight, His rain, dew, atmosphere, moonlight and change of seasons, and the cultivation of the soil, learned in those early years that there is no profession or vocation on earth which brings the laborer so near to nature's God as agriculture. It is the oldest employment known to the world, and none is more honorable.

In connection with our great pleasure of attending, for the first time, the meeting of the Still Pond Farmers' Club, we learned the following facts: The club was organized about 24 or 25 years ago. The names of some of the charter members are as follows:

Mr. and Mrs. James S. Harris, Mr. and Mrs. E. B. Pennington, Mr. and Mrs. Joshua R. Jarrell. The terms of membership are—entertainment of the club once in twelve months, or when expedient. There are now about 35 members on the roll. The regular meetings of the organization are once for each month of the year except June, July and August. The April meeting is to be in the home of Mr. and Mrs. E. B. Pennington.

Farming is not like it used to be. This is an age of progress and enterprise. Farmers are now, many of them among our most educated people, and they cultivate the soil and feed the plant growth from a most intelligent standpoint—studying the nature and needs of the various kinds of soil and dealing with the same accordingly. Many of the greatest men of Bible times were husbandmen, and the Word of God said to them, "In the morning sow thy seed, and in the evening withhold not thy hand, for thou knowest not whether shall prosper, either this or that, or whether both shall be alike good."

The Methodist System of Change.

The years come and go, bringing to some joy and gladness, to others sorrow to all—change.

New faces are seen, new acquaintances made, some to ripen into warm and permanent friendship whom we would have abide with us for all time, but the passing of years brings separation and we lose the hearty hand grip and cheery greeting of him who was an erstwhile friend.

I am reminded of this by the inevitable change consequent upon the Methodist system of Itinerancy.

Just as our liking and esteem for our pastor have grown as the days have passed, and our friendship more firmly cemented because of a growing knowledge of his worth and superior attainments, the call comes to him to take up his work amid new environments and consequently the making of new friends.

The Rev. J. H. Beauchamp, to whom the writer refers, will go to his new charge at Perryville, Cecil county, Md., Md., as soon as circumstances will permit.

He who understands him and appreciates the excellence of his character and integrity of purpose, who are qualified to judge of his intellectual force, as exhibited in his scholarly discourses, are loath to let him go and will miss his pleasant face and cheerful manner that have endeared him to all right thinking people. The writer is warranted in saying that during the three years of his pastorate here his conduct has been eminently consistent and his life an exemplary one.

We congratulate the people of Perryville that they will have Rev. J. H. Beauchamp for their guide and teacher and we say to him "God speed you and be with you" and may his walk before all men be such "That nature might hold him up to all the world and say, this is a man."

FRIEND.

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

FARM WAGONS

Now is the time you need a good wagon and we have them on hand We ask you to examine them and see for yourself they are the wagon that will fill your needs. These wagons are built by skilled mechanics out of dry seasoned lumber.

If you need a good WAGON HARNESS we have them and the price is right.

Wall Paper and Paints

Our stock of New Wall Papers are nearly all in—over 9000 rolls.

We purchased at a lower price than ever before.

The cash discounts on this bill is enough profit for us.

We can sell these papers at same price our competitors pay for what they buy.

The starting price is 2½c per single roll up to 10c per roll.

But come and see these papers and prices will surprise you.

We'll sell paper.

We sell you the paper outright or send you a competent man to hang it.

No charge for our team.

Big reduction in the price of B. P. S Paint

The Patterson Sargent Co. are using what they call their Universal Label on all their different products.

So keep in touch with this move—we have decided to sell ALL GALLON CANS bearing old labels at cost, $1.75 per gallon.

Also Hirschberg Hollander & Co.'s Stag Semi Paste Paint: one gallon makes two gallons at $1.75.

This reduction comes in season, don't wait as these prices wont last.

Back they go when this lot is gone.

Paint Brushes at all prices.

Buick Motor Cars

Every Buick is a Buick
Through and Through

Much has been said by automobile manufacturers about the greatness of their factories, but few people realize that the greatest of them all is the BUICK PLANT.

The reason it has not been necessary to exploit it, has been the ever-increasing quality-value of Buick Cars. For seven years they have been known as the "un-advertised" Cars—the Cars which have sold on merit alone. Now that the Buick organization and constructive facilities have been so vastly strengthened, it seems only right that all who are interested in automobiles should know all about Buick Cars, the Buick Plant and the Buick Organization.

Every Buick is a Buick through and through. Practically every part is made at this great Buick plant, in fact, everything excepting lamps, carburetors, coils and magnetos. The Buick organization is a unit which represents the highest degree of efficiency in Motor Car production. That is why the Buick not only maintains its reputation for great power, but has the stability of every part to support this power. And so perfect is the harmony of all operating parts, that the Buick is one of the most silent-running cars made.

The position of honor at the Madison Square Garden Show, allotted according to the value of the annual output, has been awarded this year, as in previous years, to the Buick—Space 14.

5 Models, at prices fixed according to power and size—$850, $1000, $1075, $1250, $1800. One-ton Buick Truck, $1000.
Catalogue showing the various Models sent on request.

Rheumatic Pains quickly relieved

Sloan's Liniment is good for pain of any sort. It penetrates, without rubbing, through the muscular tissue right to the bone—relieves the congestion and gives permanent as well as temporary relief.

Here's Proof.

A. W. LAY of Lafayette, Ala., writes:—"I had rheumatism for five years. I tried doctors and several different remedies but they did not help me. I obtained a bottle of Sloan's Liniment which did me so much good that I would not do without it for anything."

THOMAS L. RICE of Easton, Pa., writes: "I have used Sloan's Liniment and find it first-class for rheumatic pains."

Mr. G. G. JONES of Baldwins, L. I., writes:—"I have found Sloan's Liniment par excellence. I have used it for broken sinews above the knee cap caused by a fall, and to my great satisfaction I was able to resume my duties in less than three weeks after the accident."
