INDIGNANT PROTEST.—At every election the masses of colored voters stupidly support the Republican candidates, and after the contest is over, the sharp fellows among them get up indignation meetings, to protest that colored men do not get a fair share of political honors and emoluments, which are monopolized by the white managers of the party. Such a meeting was held in Baltimore last week. A committee of five was appointed to prepare resolutions expressive of the sentiments of the meeting. The scope of these resolutions were embodied in the following:

Resolved, That we have allowed ourselves to be used as pack mules, sumpters, and dromedaries of the party, assidnously working and voting to make Republicanism the controlling power in the State, and doing so without advancing our interests, or without any practicable acknowledgment of our efforts, beyond electing and keeping in office white Republicans.

Resolved, That the policy of what is termed the Republican party in this State has always been negative to the true dignity of Republicanism and an insult to the manhood and self-respect of the colored voter, by making color an invidious race distinction.

The meeting strongly protested against the recent removal of Dr. J. H. Brown, a respectable and intelligent colored man, from the Baltimore Custom House, to make a place for Jere Haraldson, a white politician from Alabama.

COTTON NO LONGER KING.—The annual report of the chief of the bureau of statistics will contain some interesting matter. The value of the exports of domestic merchandise during the last fiscal year was greater than during any previous year in the history of the country. From 1863 to 1873 the value of imports exceeded that of exports in an average of about $100,000,000 per annum. During the last four years the excess of the value of $753,000,000 over imports has amounted to $698,000,000 in 1879. The value of the exports of bread and breadstuffs during each of the last two years has exceeded the value of the exports of any other commodity. During all the preceding years in the commercial history of the country since 1821, (except during the war between the States,) the value of the exports of raw cotton exceeded that of any other commodity. From 1821 to 1860 cotton furnished 53 per cent. of the total value of exports of merchandise, but during the last two fiscal years it has only amounted to about 25 per cent. It must be remembered, however, that, while the foreign demand for cotton is regular and constant, a staple, in fact, like the crop itself, the demand for breadstuffs and provisions is exceedingly fluctuating and irregular, dependent upon contingencies upon which no man can safely build.

THE NEXT SENATE.—The Washington correspondent of the Baltimore *Sun* says: In none of the calculations which have been made as to the probabilities of the republicans regaining control of the Senate in 1881 has there been taken into consideration the contingency of a democratic Senator from California, to succeed Governor Booth. It has been assumed as a matter of course that the republicans would have control of the California Legislature, but the democrats have a much better chance to carry California than the republicans have to carry New Jersey and Indiana, both of which States they are confidently claiming. The straight-out republicans in the California Legislature chosen in September last are in a minority, and the republicans were in a minority of more than 20,000 on the popular vote. Next year the opposition will almost certainly be united, and the prospects, therefore, for a democratic or an anti-republican Senator may be looked upon as very good.

MRS. MATTIE POTTS, who walked from Philadelphia to New Orleans and back on a wager of $5,000, tried to commit suicide in Philadelphia on Thursday morning of last week. She says the person who promised her the $5,000 refuses to give her the money or any part thereof, and that she is in destitute circumstances. In her pocket was found a letter deeding her body to the Philadelphia Medical students. She was taken in charge by a benevolent lady who will care for her until employment can be found.

Important Notice!

No More SICK HORSES or CATTLE.

The introduction of the

English Condition Powders,

In our American market, exempt from duty, freight, &c., has proved to the thousands who are daily using them that they have been a long felt want.

For the past half century they have grown in public favor and general use in all quarters of the Globe, until their name and fame is world-wide.

There is not an ailment (known in Veterinary practice) of the Horse, Cow, Sheep or Pig, but yield to their miraculous influence.

Their rare balsamic properties are conveyed to every part of the brute creation, and immediate relief is given.

They heal Internal Ulcerations, banish all derangements, and give the stomach proper tone.

No Stock-owner need despair a cure, whilst this *never-failing remedy* can be obtained; and the reputation they bear from all quarters of the *Globe* is fully borne out by the success they have attained—corroborated by testimonials of all classes and countries.

They have cured Thousands of Cases conceded Incurable.

The many ailments of each class of animals and their various forms are too extended to discuss. But we *guarantee* in each case a tenfold remuneration for the small investment that places them within reach of the most humble who often have to rely on their stock for support.

The majority are more directly interested in Horses, and to them we say one trial will convince you that they work wonders; and no matter how doubtful the *case* is, you will invariably be benefitted, & your animals made & kept healthy by their use.

English Condition Powders

are a *certain* and *speedy remedy*, no matter what the disease is, or how complicated. They are not a temporary, but have *invariably* proved to be a *radical cure.*

They *restore health* and *produce flesh, milk and butter.* They aid digestion and assimilation, and thoroughly renovate the system, and will be found invaluable and remunerative to every stock-owner.

TO CONSUMERS.—They are only one-third the price of all others, and are as superior in quality as quantity.

The following TESTIMONIALS speak of their merits:

Baltimore, June 17, 1879.

Mr. P. Warren—Sir: We have been handling your English Condition Powders for some time past, and find that their merits as compared with similar compounds, meet a want seldom (if at all) found in goods of a similar class. With Patrons of Husbandry they are growing into favor rapidly. Signed: H. O. DEVRIES, Ag't Maryland State Grange.

Ashland House, 24th St. & 4th Avenue, *New York City*, Mar. 10, 1879.

I have used the English Condition Powders and can recommend them to the turf profession as being pure and similar to the imported, and would use no other.—For purity and quality they are *unequalled* and invaluable to horsemen.

Signed, HARRY HARTMAN, Late manager Budd Doble's Turf Stock.

Baltimore, Md., Aug. 6, 1879.

P. Warren, Esq.—Sir: The English Condition Powders are conceded by all my patrons to be the *purest, cheapest* and *best* on the market; and have worked wonders where used. I sell five times as many of *them* as all others combined.

Resp'y, &c., THOS. J. STACK, Feed & Grain dealer, 112 Linden ave.

Baltimore, Md., Aug. 11, 1879,

Mr. P. Warren—I used one pound box of your English Condition Powders on a mare which was so poor and weakshe had to be raised when she laid down. She is now in perfect health and good flesh, and credit it all to the Powders.
