KENNEDYVILLE NOTES.

A company of the Pennsylvania Railroad carpenters are placing in their road near Kennedyville, a substantial bridge of best material. The workmen are mostly from Harrington, Del.

The oiling of the state road recently, between Goose Hill and our village, has put a check upon the touring cars traveling over this route. Only one half of the road has yet been oiled, when the oiling machine pulled out and has gone to another part of the country to make sure of another 'job".

Some of our industrious farmers report a big failure in the tomato crop, caused by a blight in the vines, or leaves thereof, which spreads very rapidly, and seems to be pretty general. This causes quite a heavy loss, both upon the part of growers and canners.

The hog cholera scare has caused many in the community to take great precautions to prevent the disease entering their premises.

Master Bonwell Dukes, who for the summer months, has filled a position at Chester, Pa., is now at home, preparatory to his returning to school at Denton.

Miss Eva Busick, of Baltimore, was the guest of Miss VanDyke the end of the week and over Sunday.

Mrs. Virgie Fooks and three children, of Newark, N. J.; Mrs. Raymond Jobson and son, from North Carolina; Mr. and Mrs. Carl Copenhaven and two children, from Dayton, Ohio, are among the visitors recently to the home of Mr. and Mrs. Tilghman Shafer.

Rev. and Mrs. F. H. Mullineaux report a most delightful visit among the splendid people of St. James Charge, from Saturday afternoon until Sunday evening, spending Saturday night in the hospitable home of Mr. and Mrs. Walter Morris, dining Sunday noon at a bountifully spread table in the delightful home of Mr. Robert Nicholson and two interesting daughters, and taking supper with and enjoying the great kindness of Mr. and Mrs. Sylvester, and the latter's father, Mr. Smith Burris, of Lynch station. Mr. Mullineaux testifies that he is not surprised that the pastors like to stay on St. James' Charge with such a delightful people to serve.

The services for Kennedyville M. P. Church for Sunday, Sept. 1st, will be—Sunday school, 9.30 a. m.; sermon at 10.30 by the pastor, topic, "Gods Mallets and Chissels." Song service and brief sermon in the evening, 7 30. All most kindly invited.

The pastor urges a full attendance at the Second Quarterly Conference, to meet in the church Monday morning, Sept. 2, at 9 o'clock.

BOIL THE WATER.

The state medical authorities say that all water drawn from wells which have not been tested for typhoid bacilla should be boiled before drinking. This is especially so with open wells and even driven wells where they are not so deep. A little care in boiling the drinking water and the milk, used in the family may save a big doctor's bill as well as the health of the entire family and the remedy is very simple. It costs practically nothing to boil both the drinking water and the milk supply. Boiled water after being iced or cooled is very good tasted, and boiling milk improves the taste in many instances.

WOMAN'S TRIALS.

The burdens a woman has to carry through life are many but they can be lightened if she will turn to Dr. Pierce's Favorite Prescription. A soothing and strengthening nervine—subduing nervous excitability, prostration, hysteria, hot-flashes and the many symptoms which may be caused by distressing ills peculiar to women. For those "dragging-down" pains or distress and for the derangements and irregularities the "Favorite Prescription" has had many thousands of testimonials from people living in every part of America. Another important thing to *every woman* is that this medicine is made from efficient medicinal roots, without the use of alcohol, narcotics, or any injurious agents. Full list of ingredients given on bottle-wrapper and sworn to by Dr. R. V. Pierce—who is President of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Every woman is invited to write to this Institute and receive confidential and sound medical advice, entirely without cost from one who makes the diseases of women his specialty.

MRS. MORRELL.

"I can cheerfully recommend your remedies, especially your 'Favorite Prescription,' for all female disorders," writes Mrs. M. M. Morrell, of Bluff City, Tenn., Route 2. "During the past seven years I suffered from pains in the back and ovaries. Tried many remedies but found only transient relief until I was persuaded by a friend to try Dr. Pierce's Favorite Prescription. After giving this remedy a fair trial, I found that it would do just what it is recommended to do. I used in all seven bottles. I cannot speak too highly of Dr. Pierce's remedies for all female derangements."

Dr. Pierce's Pleasant Pellets regulate liver ills.

When You See the Danger Signal Act Promptly

A pair of good eyes may grow constantly stronger and keener in hard and continuous work, and retain their vigor as long, if not longer, than any other organ of the body. But when one discerns a hint of dimness a tired feeling and ache in the eyeballs, or repeated headaches, then glasses may be of great service in preventing serious trouble. Only be sure you begin with right glasses.

It's our business to furnish you with these.
