PETERS' PILLS.

THE TRUE RICHES OF LIFE, IS HEALTH.

PETERS' VEGETABLE PILLS.

PUBLIC opinion has placed these well-known Pills at the head of American Patent Medicines, and the great demand for them throughout Europe, and the counterfeits which have been made of them both in England and France, fully prove that their virtues are extensively appreciated on the other side of the Atlantic. And this popularity is not an *ephemeral* one resting upon the purchased eulogy of the proprietor; but it is the natural effect of the intrinsic merits of the pills themselves, and therefore must be permanent. Indeed the demand for the past year has been so great as not only to place them beyond the need of puffery, but to render a supply impossible; as Dr. Peters will on no account permit a single pill to leave his laboratory, that has not been compounded under his own immediate inspection.

The public is generally aware that Dr. Peters, Pills are purely vegetable, and are so free from any mixture of o deleterious nature as to be impervious o t the changes of time, or climate, which gives them an immense advantage over the majority of medicines; especially with persons who travel, or have to locate themselves in distant countries. Thus they will be found equally beneficial in the Arctic regions, as the Torrid zone; and it is an actual fact, that (owing to their salubrious influence on the blood) they are considered powerfully efficacious on the usual complaints of those diametrically opposite climates.

The proprietor had flattered himself when he issued his last pamphlet; that he could effect no further improvement in the fanufacture of his pills; but he has now to state that in this he was deceived, as he has made two improvemonts, which greatly enhance their value. These are produced by his two newly invented and patented machines, the one for making the other for counting gobular substances, the former which turns out the pills perfectly smooth and round, which render them much easier to swallow than any which have been previously manufactured, and the latter counts them without in any way effecting their shape, which cannot be the case when they are passed into tocir boxes by the fingers; and the proprietor would here impress this fact upon the public, that at no time is the hand or fingers made use of in the preparation of his medicine, which ensures its freedom from the impurities that might otherwise inhale from the human flesh. Independent of this, the manufacturing machine, by its great weight, and immense radipity, mixes, and generaliqes the component parts of the medicine much more effectually than the old fashioned grooved plates; and again, the former is romposed of steel, while the latter is composed of brass, which gives a decided advantage to the new invention, as the one possesses many medical virtues while the other is pregnant of proprietors injurious to the human health. The above machines have excited a great deal of attention in New York, as they save the labor of thirty persons; and it is probable the former may supersede the necessity of a shot tower, and the proprietor has the pleasure to add that they were honored with no less than three prizes at the Fair of the American Institute, namely, a gold and a silver medal, and a diploma.

By their almost miraculous effect upon the chyle, which is the fountain head of health and disease, Dr. Peters' Pills may be justly considered a universal medicine, but they are peculiarly beneficial in the following complaints:--Billious Fevers, Fever and Ague, Dyspepsia, Liver Complaints, Sick Headache, Jaundice, Asthma, Dropsy, Rheumatism, Enlargement of the Spleen, Piles, Colic, Female Obstructions, Heart-Burn, Furred Tongue, Nausea, Distension of the Stomach and Bowels, Incipient Diarrhœa, Flatulence, Habitual Costiveness, Loss of Appetite, Blotched, or Sallow Complexion, and in all cases of Torpor of the Bowels, where a Cathartic or an Aperient is needed. They are exceedihgly mild in their operation, producing neither nausea, griping, nor debility.

Prepared by Joseph Priestly Peters, M. D. inventor and sole propretor, at No. 129 Liberty street, New York.

A CATALOGUE OF REASONS FOR USING DR. PETERS' VEGETABLE

PILLS.

1 Because experience has established their merits, and decided them to be best, as also the most popular of modern medical discoveries.

2 Because they are composed of simples which have the power to do good in an immense number of cases, without possessing the means to do injury in any.

3 Because they are not a quack medicine, but the scientific compound of a regular physician, who has made his profession the study of his life and are hence recommended as a standard family medicine by the regular faculty.

4 Because—(and this fact is is one of utmost importance—) ladies in a certain situation may take them, (not more than two or three at a time however) without incurring the slightest degree incurring the hazard of abortion. Were the virtues of Peters' inestimable pills confined to this desirable end alone, it would give them a decided advantage over the medicines of all competitors, as in no cases is there more danger to be apprehended; or for which so few remedies have been discovered, as the one referred to.—And also becauseof their soothing influence on young ladies while suffering under the changes of life, as directed by the laws of nature.

5 Because they are not unpleasant to take, nor distressing to retain, while they are most effective to operate; and produce neither nausea, sickness nor griping.

6 Because their composition is such, that they are equally applicable to the usual diseases of warm, cold or temperate climates; and will retain their virtues unaltered any length of time, and in any part of the world.

7 Because while they are so efficient in their operations with adults, they may at the same time be administered to children, and even to infants, in small quantities, half a pill for instance, without the slightest danger.

8 Because as their application creates no debility in the system, they may be taken without any hindrance to business or the usual pursuits of every day life: and are unrivalad for their virtues in procuring a good appetite.

9 Because by keeping the system in a natural state of action, they cure almost every disease which is incidental to the human frame; and banish those morbid affections os melancholly and despair, which always attend upon any disarrangement of the digestive organs.

10 Beeause, notwithstanding their simplicity and mildness, they are one of the spediest purgative medicines which has yet been discovered.

11 Because they differ from the majority of medicines, in the fact that the more they are known the more they are approved; for when once introduced into a family or village, they almost take the precedence of all other medicines in general complaints.

12 Because two, or three, are generally sufficient for a dose, so that—as is the case with the generality of patent medicines—the patient is not coupelled to make a meal of them.

13 Because each individaal pill is put up under the immediate superintendence of the proprietor, so that no mistake in the composition, or quantity, can possibly occur through the carelessness of a less interested agent.

14 Because they purify the frame without debilitating the system.

15 Because notwithstanding their immense popularity, no person has ever ventured to raise against them the breath of censure, which would not have been the case, if envy could have discovered a single flaw to cavil at.

16. And lastly, becruse they are acknowledged to be an almost infallible remedy for Bilious Fever, Fever and Ague, Dyspepsia; Liver Complaints' Jaundice, Asthma, Dropsy, Rheumatism, Enlargement of the Spleen, Lowness of Spirits, Piles, Colic, Heartburu, Nausea, Distension of the Stomach and Bowels Flatulence, Habitual Costiveness, Loss of Appetite, Blotched, or sallow complexion, aud in all cases of Torpor of the Bowels, where a mild but effective medicine may be requisite.

In short, the general voice of the communinity has decided that Dr. Peters' Vegetable Pills, are one of the happiest discoveries of modern days, and altogether unrivaledl tas a genral soother of bodily afflictions.

WHIG FESTIVAL.

—o-o—

THE Whigs of Dorchester County will have a Festival at Cedar Landing, Griffith's Neck, on the last Saturday of this month (March) in honor of their Senator WILLIAM T. GOLDSBOROUGH Esq., to which all parties are invited to attend.

March 9th 1839.

NOTICE.

—o-o—

THE Commissioners of the tax for Dorchester County, will meet at their office in the North-East end of the Court House at Cambridge, above the Register of Wills Office, on the 1st day of April 1839, and set TEN days successively (Sundays excepted) to hear appeals and note transfers.

By order WILLIAM REA, Clerk.
Commissioners Office.
March 9th 1839. 4w

Caution.

I hereby caution all persons purchasing a tract or part of a tract of land in Strait's Hundred called "*Wallace's Addition,*" and "*All Three of Us;*" Containing twenty acres and 139 Square perches, more or less, and advertised to be sold by William Rea Esqr., agent for McKeel Wise at the Court House door, on the 3rd. day of April next. I have an undoubted title to this land, and shall commence suit for the same at the approaching April court. I once have brought suit for this land, and should have made out my title but for an error in one of the interrogatories.

EDWARD PEARSON.
March 9th 1839. 3w

WANTED,

AT the Ship-Carpenter's business, two boys from 15 to 17 years of age. Those who have been accustomed to labour would be preferred.

STANDLEY RICHARDSON.
Church Creek.

TO THE PUBLIC.

MR. Francis S. Corkran having transferred to the subscriber his shop and fixtures, he respectfully informs the customers of the establishment, and the public, that he will carry on the

HATTING BUSINESS

in all its various branches, at the old stand on Race Street. He will warrant his work to be equal to any made on the peninsula. He has just received from the City of Baltimore a large supply of first rate materials,

CLOSE NAP HATS.

The subscriber would respectfully invite the attention of his customers, and the public generally, to a very superior article of HATS, which he is now manufacturing, equally close in the nap as the

"RUSSIA HATS,"

of a fine texture. and much better lustre, and of the latest style.

Gentlemen intending to change their hats are invited to call and examine the article before they suit themselves. The subscriber has also on hand a general assortment of hats, of all descriptions, of his own manufacture, all of which will be sold at the lowest prices for cash, or on the usual terms to punctual customers. The public's ob't serv't.

J. D. DUNCAN.

Also, two well arranged STORE ROOMS, to rent, on the most public part of Market Street, Cambridge.

JOSEPH E. MUSE.

March 2nd 1839. 3t

DR. W. EVANS'S

CELEBRATED FEVER AND AGUE PILLS.

THIS widely-extended and most admirable Remedy for Fever and Ague, and other Fevers, which has already rendered such benefit, and proved a sure and speedy cure for the above-named disorders, is particularly recommended to public notice.

On first feeling the premonitory symptoms occur, it is advisable at once to clear thoroughly the stomach and bowels. In no way can this be bettsr and less inconveniently effected, than by taking a few doses of

Dr. Evans's Purifying Pills

the value and well-authenticated virtues of which medicine have been, and still are, too apparent to call for further comment. They tend to promote a healthy secretion of the Bile, and render the system capable of receivingwith benefit

The Invigorating & Strengthening PILLS.

DIRECTIONS ARE AS FOLLOWS:

Take four of the Purifying Pills on the first accession of Fever, and continue the same number every other night, till with the additional use of Invigorating Pills, a permanent cure is obtained.

Take three of the Invigorating Pills in the morning, three at noon, and three in the evening, on the days when the attacks do not occur.

☞The attacks usually occur every other day.

Price One Dollar a pack, containing both kinds of Pills.

Sold at Dr. EVANS'S Medical Establishment, 100 CHATHAM STREET, N. Y., And by his authorized Agents throughout the Union.

A REAL BLESSING TO MOTHERS.

Dr. W. Evans's Celebrated Soothing Syrup, for Children Cutting their Teeth.

This infallible remedy has preserved hundreds of children, when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the children will recover. This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums, to open the pores.—Parents should never be without the Syrup in the nursery where there are young children; for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease by opening the pores and healing the gums, thereby preventing Convulsions, Fevers, &c.

For sale at Dr. Evans' Principal Office 100 Chatham street, New York; also by

S. & E. P. LECOMPTE, Cambridge. Md.

ENVIABLE DISTINCTION.

In the midst of a general, and in many instances not unfounded prejudiced against many of the medical remedies of the day, DR W. EVANS' Pills have the enviable distinction of an universal approbation. They are perhaps the only medicine publicly advertised, that has the full and unreserved testimony of medical men in its favor; if not the only one which gives full satisfaction to its purchasers. DR. W. EVANS has the satisfaction of knowing that the Camomile or Tonic Pills are not only regularly recommended and prescribed by the most experienced physicians in their daily practice but also taken by those gentlemen themselves, whenever they feel the symptoms of these diseases in which they know them to be efficacious. He knows this to be generally the case in New York, Philadelphia, Albany, Boston, and other lage cities in which they have an extensive sale. That they should thus conquer professional prejudice and interested opposition, and secure the agency of the most eminent and best informed physicians in the country to render them useful to all classes, can only be fairly ascribed to their undeniable and preeminent virtues.

Enviable, however, as this distinction is, it can easily be accounted for from the intrinsic and peculiar properties of the medicine itself. It does not pretend to too much, and it accomplishes all that it promises. Dr. W. Evans does not pretend, for instance, that either his Camomile or Aperient Pills will cure all diseases by merely purifying the blood, but he certainly does pretend, and has the authority of daily proofs for positively asserting that these medicines, taken as recommended, will cure a great majority of the diseases of the Stomach, Lungs and the Liver by which impurity of the blood is occasioned. The blood is made from the contents of the stomach; has its red color and vitally given it by the action of the lungs, and as it performs its duty in circulating through the veins and arteries, has its yellow billious or excrement, which may be termed its refuse or worn out sediment, collected and discharged by the liver. These viscrea, then, are the anatomical mechanism or apparatus by which the blood is manufactured and preserved; and it is therefore obvious that the state of these should be the first consideration of the physician. Now there are various causes that will effect and derange these organs with which the blood has nothing whatever to do.—Thus the stomach may be utterly debilitated in one moment, by affright, grief, disappointment, heat of the weather, or any other nervous action, and be wholly unable to digest its food. Is the blood to blame for this? A nervous action of long continuance will produce settled dyspepsis, with hesdache, bile, mental and physical debility, and a funeral retinue of other evils. Is the blood to blame for this? Intemperance, by inflaming the coats of the stomach, and leaving it in flaccid prostrate weakness; and an undue quantity and continuance of purgative medicines by producing the same effects, will put this organ almost out of use for digesting wholesome solid food, and thus impoverish the blood and the whole system.—Is the blood to blame for this? Again with regard to the lungs, it is well known that a slight cold, occasioned by damp feet, or by a current of air, will inflame the broncha, all down through the branching air tube of the lungs, and create either excessive mucus, or that dreadfully insidious disease consumption with pustulus and suppuration of the lobes, which though timely remedies may prevent, no earthly skill can cure. Is the blood of the fair and blooming victim to blame for this? So the liver, when climate, sedentary habits, intemperance, or other prostrating causes have withered it away or paralizes it with distention, becomes unable to carry off the bile from the circulation, and instead of discharging it through the gall bladder, leaves it to come through the skin in jaundiced and shallow fluids, and to rush upon the stomach in irregular and excessive quantities. Is the unfortunate blood to blame for this? No; these vital organs are never affected by the blood, until after the blood has been affected by them; they are its makers and masters, and it is merely their work and their passive agent.

Knowing this to be a sound and demonstrated fact in science and experience, Dr. W. Evans' system of practice is in faithful accordance with it. He aims to keep the stomach, the lungs, and the liver in vigorous and regular action, as the three great fountains of health and life. For this purpose he prescribes his beautifully efficacious Aperient Pills (acknowledged by medical men who have analyzed and recommended them, to be equal to any in the world) in cases which reqire the cleansing of the stomach and bowels; and his celebrated Camomile or Tonic Pills. in cases of nervous irritability, stomach weakness, or general debility. A vast majority of human diseases having their origin in the general sympathy of the principle viscra with the nervous system, he thus seeks disease in the most subtle fibres of its roots, instead of vainly hoping to extirpate it by plucking off its leaves and more distant branches. His Aperient Pills, will do all that purgative medicine can do, that is, thoroughly cleanse the stomach and bowels: and his Camomile or Tonic Pills, combining as they also do, the most delightful Abodyne known in medicine, will do, or have done, and are continually doing more to strengthen, restore, and sustain the human constitution than any other medicine that has yet been discoverd. Of this he has inumerable proofs, and this no man can deny without falsehood.

These medicines, which can be purchased either together or separately, are confidently recommended for the following complaint; and directions for use accompany them:—Dyspepsis, in all its forms; Billious and Liver affections, in every stage and degree; female sickness, more particularly the causes incident to mothers, Finor Albus; Fever and Ague; Incipient Consumptions or Declines, whether of Liver or Lungs; Headache and Giddiness; Loss of appetite; Nerveus Tremors; Inebriation or Delirium Tremors; Spasmodic Affections of all kinds: Rheumatism, whether Chronic or Inflamatory; Nervous and Billious fevers, of every variety; Scrofuls; Salt Rheum, and all bletebes, had impure complexions of the skin; Restlessness at night and daily iritability and melancholy; the Summer Complaint and Cholera Morbus, or Diarhœa in grown persons, Worms and Flatulency, with bad breath; Chlorosis, and Palpitations of the Heart or Head; Changes of Female Constitution; and for impaired and disorganized constitutions in either sex, which have not been permanently relieved by any other medicines. A single trial of Dr. W. EVANS' MEDICINES in any of these cases will produce suh effects as will indicate their incomparable superiority, and induce such a use of them as will ensure a speedy and unquestionable cure. The purchaser, however, should bo careful to get them genuine at Dr. W. EVANS' OFFICE, No. 100 Chatham St. New York, or of any of his authorized Agents, as all others are base and ignorant impositions. For further particulars he respectfully requests the public to peruse his other advertisements and medical papers, which may be depended upon for their strict and acknowledged truth.

HIGHLY IMPORTANT.

Nervous diseases, liver complaint, dyspepsia, bilious diseases, piles, consumption, coughs, colds, spitting of blood, pain in the chest and side, ulcers, female weakness, mercurial diseases, and all cases of hypochondriacism, low spirits, palpitation of the heart, nervous irritability, nervous weakness, finor albus, seminal weakness, indigestion, loss of appetite, heartburn, general debility, bodily weakness, chlorosis or green sickness, flatuleney, hysterical faintings, hysterics, headaches, hiccup, sea sickness, night mare, rheumatism, asthma, the douloureux, cramp, spasmodic affections, and those who are victims to that most excruciating disorder, Gout, will find relief from their sufferings by a course of Dr. Wm. Evans' Medicine.

Also, nausea, vomiting, pains in the side, limbs, head, stomach or back, dimness or confnsion of sight, noises in the inside, alternate flushes of heat and chillness, tremors, watchings, agitation, anxiety, bad dreams, spasms.

PRINCIPAL OFFICE. 100 CAATHAM ST· N. YORK.

THE FOFLOWING
INTERESTING & ASTONISHING FACTS,

are amongat the numerous CURES performed by the use of Dr. Wm. Evan's Medicines.

PRINCIPAL OFFICF, 100 Chatham Street, New York, where the doctor may be consulted personally, or by letter, (post paid) from any part of the United States, &c. Persons requiring medicine and advice, must enclose a Bank Note, or Order.

CERTIFICATES.

☞MORE CONVULSIVE POWERS of the extraordinary efficacy of Dr. WM. EVANS' celebrated CAMOMILE and APERIENT ANTI-BILIOUS PILLS, in alleviating afflicted mankind.—Mr. Robert Cameron, 101 Cowery. Disease, Chronic Dysentery, or Bloody Flux. Symptoms, unusual flatulency in the bowels, severe griping, frequent inclination to go to stool, tenesmus, loss of appetite, nausea, vomiting, frequency of pulse, and a frequent discharge of peculiarly fœtid matter, mixed with blood, great debility, sense of burning heat, with an intolerable bearing down of the parts. Mr. Cameron is enjoying perfect health, and returned his sincere thanks for the extraordinary benefit he had received.

☞ASTHMA, THREE YEARS STANDING.——Mr. Robert Monroe. Schuylkill afflicted with the above distressing malady. Symptoms Groat langour, flatulency, disturbed rest, nervous headache, difficulty of breathing, tightness and strictures across the breast, dizziness, nervous irritibility and restlessness, could not lie in a horizontal position without the sensation of impending suffocation, palpitation of the heart, distressing cough, costiveness, pain of the stomach, drowsiness, great debility and deficiency of the nervous energy. Mr. R. Monroe, gave up every thought of recovery, and dire despair sat on the countenance of everp person interested in his existence or happiness, till by accident he noticed in a public paper some cures effected by Dr. Wm. Evans' Medicine in his complaint, which induced him to purchase a package of the Pills. which resulted in completely removing every symptom of his disease. He wishes to say his motive for this declaration is, that those afflicted with the same or or any symptoms similar to those from which he is happily restored, may likewise receive the same inestimable benefit.

☞LIVER COMPLAINT, TEN YEARS' STANDING.— Mrs. Hannah Browne, wife of Joseph Browne, North Sixth st. near Second st.
