The Kent News.

SATURDAY.....AUG. 14, 1880.

Senator David Davis for Hancock.

Senator David Davis, of Illinois, has addressed a letter to Mr. James E. Harvey, ex-secretary of the National Democratic Committee, strongly indorsing Gen. Hancock. In the course of his letter he says: I have no hesitation in supporting Gen. Hancock, for the best of all reasons to my mind, because his election will put an end to sectional strife and to sectional parties, and will revive a patriotic sentiment all over the land, which political leaders and factions, for sinister ends, heve sought to prevent. There can be no permanent prosperity without pacification. Great as were the achievements of Gen. Hancock in war, his conduct in peace, when in command of Louisiana and Texas, in 1867, was still greater, and justly commends him to the confidence of the country. That was a time when passion ruled in the public councils, and military power was exerted to silence civil authority. The temptation was strong to sail with the rushing current, for an inflamed partisan opinion was too ready to condone excesses and to applaud oppression. Gen. Hancock's order No. 40, in assuming charge of the military district, announced 'the right of trial by jury, the habeas corpus, the liberty of the press, the freedom of speech, the natural rights of persons, and the rights of property must be respected.' These principles are the basis of free government, and the proclamation of them by General Hancock stands out in striking contrast with the action of his superior, who soon after rebuked and drove him from that command for uttering sentiments worthy of all honor. His letter to Gen. Sherman, recently brought to light, lifts Gen. Hancock far above the past appreciation of his civil ability. It marks him as one of the wisest of his time, with a statesman's grasp of mind, and with the integrity of a patriot, whom no sense of expediency could swerve from his honest convictions. Long and unchecked possesion of power by any party leads to extravagance, corruption and loose practices. After twenty years of domination by the republicans, chronic abuses have become fastened upon the public service like barnacles on the bottom of a stranded ship. There is no hope of reform by leaders who have created a system of mal-administration and who are interested in perpetuating its evils. Nothing short of the sternest remedy gives any promise of effective reform, and the first step towards it is in a change of rulers. The government must be got out of the ruts in which it has too long been run. New blood must be infused into the management of public affairs before relief can be expected. The people demand change, and being in earnest, they are likely to be gratified.

Political Notes.

General Garfield is congratulating himself that he is not being overrun with office hunters. The truth is the office hunters are pretty well satisfied that Mr. Garfield will never have any offices to give them. Yet the Republican leaders will do all that money can do to save him, notwithstanding his bad record. The old rings that made Grant's administration so odious, are going it heavy for Garfield; but there will be hundreds of independent Republicans against him for every one of the ringsters who are for him.

Judge Smith, of Herkimer, and Jacob Snell, of Fort Plain, Montgomery county, two well-known stalwart and influential Republicans, addressed the Democracy of Canajoharie, on Friday of last week, on the occasion of the Hancock and English banner raising at that place. Ex-Sheriff Wagner has also came out for Hancock. These are changes of no little importance, as every one of them has a large following. The great Hancock boom is booming all along the line, quietly but earnestly.—*Schoharie (N. J.) Republican.*

Senator George H. Pendleton, of Ohio, who is as well informed in politics as any man in the West, is confident that the electoral vote of Ohio will be cast for General Hancock. Sen. McDonald, of Indiana, is perfectly sanguine that Indiana is safe for Hancock and English.

The Montgomery *Advertiser* says the colored voters worked manfully for the democratic ticket in nearly every county in Alabama at the State election last week, and that they will do the same for Hancock in November.

Hancock never trod the tow-path, but, what is better, he has all his life been treading the path of duty and honesty.

A Greenback paper down in Maine, speaking of the coming contest in that State, says that "it will be Greek locking horns with Greek."

The secretary of the National prohibitory committee asserts that the Prohibitory party will put an electoral ticket before the voters of 20 States.

A TRIBUTE TO GEN. HANCOCK.—A letter from Bedford Springs to the Lancaster (Pa.) Intelligencer quotes Mr. James McDonald, of Baltimore, as authority for the statement that President Abraham Lincoln said of Gen. Hancock to a party of Baltimoreans during the war: "If his life and strength are spared, I believe that General Hancock is destined to be one of the most distinguished men of the age. Why, when I go down in the morning to open my mail—and I arise at 4 o'clock—I declare I do it in fear and trembling lest I may hear that Hancock has been killed or wounded."

EUSEBIUS JENNING, a married man, 23 years of age, was drowned while bathing Tuesday at Mitchell Point, N. J. He went out upon the bay in a boat with his newly-married wife and went in swimming. He was seized with cramps and sank before her eyes. His cries were heard from the shore, but too late to bring assistance.

A MAN named John H. Rindley, for a wager of $500, commenced a twenty-days' fast at Princeton, Ill., on Tuesday. He is allowed all the beer he can drink, but no food or water.

THE MELVIN-JUMP CASE.—A despatch to the Balt. *Sun* says: Robert J. Jump, who was so fiercely assaulted in Denton some time ago by James F. Melvin, is fast recovering, and his attending physicians, Drs. Hackett and George, being summoned before Justice Diggans on Wednesday last, testified that the probabilities were that he would recover, whereupon Melvin was released on $2,000 bail.

THE M. P. Camp at Jackson Grove, on the B. & P. R. R., sixteen miles from Baltimore, is reported one of the most delightful ever held there. It closes next Wednesday morning.

BALTIMORE GRAIN MARKET.—The Baltimore papers of yesterday (Friday) quote Fultz Wheat at $1,03@1.08, and longberry at $1.10@1.16. Corn—yellow 51@52; white 53@55½. Oats 33@38.

No. 1 AMMONIATED

Super Phosphate of Lime & Potash

—COMPOSED OF—

DISSOLVED ANIMAL BONES, ACID PHOSPHATE, AND SALTS OF POTASH AND SODA;

Guaranteed Not to contain a SINGLE POUND of adulterating Material, but on the contrary Every article used in its manufacture is a FERTILIZER.

PRICE: $32 PER TON CASH. $34 per Ton on Time.

☞ The Success this article met with last year was such that I was unable to supply the demand for it; and it is gratifying to be able to say that to-day *it is more highly esteemed by those who used it the past season than it was then.*

So far, wherever there has been a COMPLETE TEST of the value of this goods, as compared with other manufactured goods on the market, by actual measure and weight of Wheat grown by each, that has come to my knowledge, No. 1 has proved itself fully equal to, and in a number of cases better, than other goods costing much more money; in one case giving *Eight Bushels of Wheat to the acre more than* ——, costing $5 per ton more than No. 1

☞ Please read carefully the letters appended:

CHESTERTOWN, MD., July 20, 1880.

MR. T. W. ELIASON, JR.,—*Dear Sir:* In reply to your inquiries concerning your "No. 1 Ammoniated Super Phosphate," I would say that I am pleased with it. It gave me a *much better* yield of wheat than ——, and ——, costing me *five dollars more per ton than yours.* I cheerfully recommend its use, believing it to be equal if not superior to any goods on the market.
(Signed) THOMAS P. DIXON.

CHESTERTOWN, MD., July 16, 1880.

MR. T. W. ELIASON, JR.:—In answer to your inquiry concerning your "No. 1 Ammoniated Superphosphate," I would say, that it has given me *entire satisfaction.* I used it by the side of a goods costing me $5.00 per ton more, and applied the two goods on the same field, at the same rate per acre, the land being same quality on which both goods were used. I threshed the two parts separately; the part on which *your* goods was applied gave me *EIGHT BUSHELS OF WHEAT MORE TO THE ACRE* than the other goods; the wheat having, also, a prettier color. I regard your goods as fully equal, if not better, than any on the market.
(Signed) J. E. NEWCOMB.

FAIRLEE, July 15, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* In reply to your inquiry as to the results of your No. 1 Ammoniated Super Phosphate, on my Wheat, this last season, it gives me pleasure to be able to say that I am very much pleased with it. I regard it as a No. 1 article.
(Signed) JOHN P. NICHOLSON.

CHESTERTOWN, July 17, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* Your No. 1 Ammoniated Super Phosphate of Lime has given me complete satisfaction. With its use my yield of wheat was better than I ever had before. Your goods is, in my estimation, equal to any on the market *without regard to price.*
(Signed) Yours, J. W. PRICE.

CHESTERTOWN, July 8, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* I used your No. 1 Ammoniated Super Phosphate on my wheat last fall with other goods costing me five and seven dollars per ton more. I am satisfied that your No. 1 did as well for me as any of them; and regard it as second to no fertilizer on the market for wheat.
(Signed) Yours, respectfully, S. LECATES.

CHESTERTOWN, July 20, 1880.

MR. T. W. ELIASON, JR.—*Sir:* Your No. 1 Ammoniated Super Phosphate has given me *entire satisfaction.* I used it on my wheat the two past seasons, and am satisfied that it is a first class article.
(Signed) ROBERT NICHOLSON.

CHESTERTOWN, July 24, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* I used your No. 1 Ammoniated Super Phosphate two years ago on my wheat, and also ——, costing me five dollars per ton more. The results were such, that I abandoned the ——, your gooods doing so much better for me. This last fall I used it by the side of two others, both costing me considerable more than yours. It gave me *much more* wheat than one of these goods, and was fully equal to the other in yield. I take pleasure in saying that I am very much pleased with it. It drills nicely; and I expect to use it again.
(Signed) SAMUEL G. LEE.

CHESTERTOWN, July 24, 1880.

MR. T. W. ELIASON, JR.—In reply to your inquiries concerning the results of your No. 1 Ammoniated Super Phosphate, which I have used upon my wheat the two past seasons, I would say that the first season I used it, it was by the side of ——, costing me seven dollars per ton more than yours. After cutting and threshing my wheat, I was satisfied that your No. 1 gave me a *much larger yield,* and a *finer, plumper grain.* So marked was the difference, that I discontinued the use of ——, for your goods. Last fall I used it by the side of ——, costing me five dollars more per ton than your No. 1. I applied it at the same rate per acre. After threshing my wheat, I found that your No. 1 had given me 3¾ bushels per acre more, and a fuller, better colored grain. Of course, with these results I am pleased with it, and shall use it again.
(Signed,) Yours truly, E. J. WATSON.

CHESTERTOWN, July 13, '80.

MR. T. W. ELIASON, JR.—*Dear Sir:* In reply to your inquiries concerning your No. 1 Ammoniated Super Phosphate, I would say, that I am very much pleased with it. I used it by the side of goods costing me, in one instance five dollars per ton more, and in the other six dollars per ton more than yours—the letter being a goods very popular and of long established reputation. Your No. 1 gave me, I am satisfied, the *largest yield.* I regard it as the *best* goods on the market.
(Signed,) Yours, &c., J. S. TREW.

CHESTERTOWN, July 15, '80.

MR. T. W. ELIASON, JR.—*Dear Sir:* I have used your No. 1 Ammo. Super Phosphate, for the two past seasons, with *entire satisfaction.* Your geods doing for me much better than anything else I tried, I consider it the best goods on the market.
(Signed,) Yours, JOHN F. COPPER

DISSOLVED BONE PHOSPHATE

With ALKALINE SALTS.

PRICE: $25 per Ton Cash; $26 per Ton, on Time.

☞ The above article contains no Ammonia, but is RICH in Soluble PHOSPHORIC ACID and SALTS OF POTASH. Its success last year, with a number of our best Farmers far exceeded their expectations; in some cases doing better than higher priced goods. To Farmers desiring to buy an article unammoniated, I recommend this as the BEST and most economical on the market.

☞ Please read letters below:

CHESTERTOWN, July 13, '80.

MR. T. W. ELIASON, JR.—*Dear Sir:* The Dissolved Bone Phosphate with Alkaline Salts, which I purchased from you last Fall, and used on my wheat, has given me entire satisfaction. My yield of wheat, from its application, was decidedly better than when I used other goods costing me nine dollars more per ton than yours. I cheerfully recommend its use.
(Signed,) Yours, CHARLES BACON.

CHESTERTOWN, July 13, '80.

MR. T. W. ELIASON, JR.—*Dear Sir:* I used, last Fall, on my wheat, your Dissolved Bone Phosphate with Alkaline Salts, costing me $24 per ton. It did well for me; and am obliged, in candor, to say, that the results from its use far exceeded my expectations.
(Signed,) J. S. TREW.

CHESTERTOWN, July 17, '80

MR. T. W. ELIASON, JR.—*Dear Sir:* I am very much pleased with the results of your Dissolved Bone Phosphate with Alkaline Salts. Its results on my wheat were far beyond my expectations. I shall use it again.

NOTICE OF

Application for Confirmation of Sale.

John McIntyre use B R Meginniss, vs. John Mander, terre-tenant of Thomas Mander.	Judgment before J. Evan Thomas, Esq., magistrate, for $76.19 debt, with interest from April 7, '69, till paid & costs.
Same vs. Same.	Judgment before J. Evan Thomas, Esq., magist'te, for $75.21 debt, with interest from April 7, '69, till paid & cost.
Same vs. Same.	Judgment before J. Evan Thomas, Esq., magist'te, for $77.09, with interest from April 7, 1869, till paid, and costs.

THE subscriber, having purchased the real estate of the above named defendants, at a sale thereof in virtue of three several executions issued upon the foregoing judgments, and made on the 10th day of July, 1880, by Eugene Goolding, Esq., Sheriff, hereby gives notice that he intends to apply to the Judges of the Circuit Court for Kent county at the next session to be held in Chestertown on the third Monday of October, 1880, for a confirmation of said sale, where the said defendants or their creditors, or any other person or persons claiming any interest in the matter, will have an opportunity of stating their objections, if any they have, why said sale should not be confirmed, and for that purpose are hereby warned to appear.

The property purchased by the subscriber consists of a parcel of land called Adventure, situated in the Forest, in Kent county, Maryland, adjoining the lands belonging to the heirs of Hugh Maguire, the hrs. of Josiah Massey, Ezekiel Brown and Samuel Hurlock, containing Forty acres, more or less, which was conveyed to Thomas Mander by Samuel E. Briscoe by deed dated the first day of June, 1838, and duly recorded among the Land Records for Kent county aforesaid, and was struck off for the sum of $250.00.

The Improved WATER Elevator AND Purifier!

AS A WATER ELEVATOR it has these merits: 1st—It is the Simplest Structure for raising water, on the American market. 2, it is easily adjusted to any well or cistern. 3, it is very durable. 4, it works easily. 5, it will NEVER freeze. 6, it is always ready for use and always at its best. 7, it has none of the objections common to pumps. 8, it will make warm water cold.

All who examine this invention admit the above claims, but ask

How Does it Purify Water?

As the inverted cups pass around the Terra Cotta wheel suspended in the chain at the bottom of the Well or Cistern, they are constantly discharging air through the water from the bottom to the top.

This elevator will destroy *Wiggles, Water Bugs and Water Lice,* will make *foul or stagnant water pure,* and will remove all *color, bad taste* and *smell.* In short, *it will make bad water good, and good water better.*

The undersigned have secured the exclusive right to sell this really valuable Pump in Kent county and they earnestly ask for it a candid and fair examination, confident of its intrinsic merit. One can be seen on exhibition in Chestertown at any time. For circulars address
