The Kent News.

SATURDAY.....OCT. 2, 1880.

USEFUL AND INTERESTING.

There are 2,750 languages.
Two persons die every second.
The average human life is thirty-one years.
Slow rivers flow four miles per hour.
Rapid rivers flow seven miles per hour.
A moderate wind blows seven miles per hour.
A hurricane moves eighty miles per hour.
A rifle ball moves 1,000 miles per hour.
Sound moves 743 miles per hour.
Light moves 192,000 miles per hour.
Electricity moves 288,000 miles per hour.
The first steamboat plied the Hudson in 1807.
The first iron steamship was built in 1830.
The first lucifer match was made in 1829.
The first horse railroad was built in 1826-7.
Gold was discovered in California in 1848.
The first use of a locomotive in this country was in 1829.
The first printing press in the United States was introduced in 1629.
The first almanac was printed by George Von Purbach in 1490.
Until 1776 cotton spinning was performed by the hand spinning wheel.
The first steam engine on this continent was brought from England in 1753.
Measure 290 feet on each side and you will have a square acre within an inch.
An acre contains 4,840 square yards.
A mile is 5,280 feet or 1,760 yards length.
A fathom is six feet.
A league is three miles.
A Sabbath-day's journey is 1,155 yards (this is eighteen yards less than two-thirds of a mile.)
A day's journey is thirty-three and one-eighth miles.
A cubit is two feet.
A great cubit is eleven feet.
A hand (horse measure) is four inches.
A palm is three inches.
A span is ten and seven-eighth inches.
A pace is three feet.
A barrel of flour weighs 196 pounds.
A barrel of pork weighs 200 pounds.
A barrel of rice weighs 600 pounds.
A barrel of powder weighs 25 pounds.
A firkin of butter weighs 56 pounds.
A tub of butter weighs 84 pounds.
The following are sold by weight per bushel:
Wheat, beans and clover seed, sixty pounds per bushel.
Corn, rye and flaxseed, fifty-six per bushel.
Buckwheat, fifty-two pounds per bushel.
Barley, forty-eight pounds per bushel.
Bran, thirty-five pounds per bushel.
Timothy seed, forty-five pounds per bushel.
Coarse salt, eighty-five pounds per bushel.

A TALKING PICTURE BOOK.

Another novelty is announced—a talking picture book—for the invention of which Mr. Brand, of Sonneberg, Germany, has secured a patent. From an English publication we learn that the book consists of a series of animals, with apparatus for producing sound in imitation of each creature represented. Opening the book the illustration is on one side of the page, and letter-press descriptive of it on the page facing. The text covers concealed mechanism, comprising bellows and whistles of peculiar construction for imitating various voices. The bellows are blowed by pulling a button at the edge of the page. The button belonging to the picture on view being pulled to produce the sound in imitation of the cry of the animal exhibited.

ROMANCE AND PRINCELY FORTUNE.—The heirs in this country of the famous Townley estate, which amounts in England to $100,000,000, have advertised and are anxiously looking for evidence to establish their claims. The story of the heirship briefly told is as follows: Mary Stevens was a beautiful and accomplished daughter of Lord John Townley, of Lancashire, England. She was born in 1727, and while yet a young maiden she eloped with a man named Williams. Little is known of his history, but it is probable that his family was of lower social standing than the Townleys, inasmuch as the bitter opposition of the latter to the marriage of Mary and her lover led to the elopement. To elude pursuit when they quit England they assumed the name of Stevens. Mrs. Stevens took her mother's family Bible with her, which contained a complete family record. They settled in Windham county, in Connecticut. Nine children were born to them. Soon after the birth of the last child Stevens deserted his wife, taking with him the family Bible. Just before her death Mrs. Stevens acquainted her youngest daughter with the family history. Stevens died in Pomfret, Windham county, in 1791, and anxious search is now being made for the Bible, which, it is supposed, he had in his possession at the time of his death. It contains evidence which will establish the claims of the heirs of Mary Townley, his wife, to an estate estimated at $100,000,000. It is thought the Bible is stowed away in some attic in Eastern Connecticut.

A LIBERAL PROPOSITION.—Mr. R. W. L. Rasin, of Baltimore, has proposed to the Baltimore County Agricultural Society to give to the youths of the county prizes for the production of crops of wheat and corn. He has placed at the disposal of the society a sum of money to be distributed as follows: $100 for the best, $50 for the second best, and $25 for the third best acre of wheat produced by youths residing in the county under 17 years of age, and three similar prizes for the first, second and third best products from one acre of corn. The conditions are that the society shall undertake the adjudication between the competitors; that the contestants shall be residents of the county and under the age named; that the ground shall be plowed and cultivated and the crops planted or sown and harvested by the boys themselves. No condition is made as to the use of any special fertilizers, the offers being free to all coming within the requirements of age and residence. The board of managers of the society at an early meeting will determine the points of detail involved so that the offer may be availed of in the coming seeding season for the wheat crop.

SLEEP FOR THE RESTLESS.—The Kansas City *Journal* tells how to woo sleep when one is restless. Sit down in an easy position, relaxing all the muscles of the body, and let the head drop forward upon the breast, as low as it will fall without forcing it. Sit quietly this way for a few minutes freeing all the powers of the body, and a restful drowsy feeling will ensue, which will if not disturbed, lead to refreshing sleep. If the sleepless fit comes on in the night one can simply sit up in the position described. Stiffness of any part must be avoided, and it is well to bend the head forward after lying down, rather than to keep it straight or thrown back on the pillow. The writer suffered several years from sleeplessness caused by severe pain and nervousness, and was taught the above by a physician of great experience and ability, and found through it great relief. Many persons similarly afflicted within the writers knowledge have tried it and always with good results.

THE Russian journals are painfully astonished by the arrival of two steamers from America laden with grain—a circumstance without a precedent in the annals of Russian commerce. It was never thought possible that Russia would be forced to import cereals from foreign countries; and these arrivals have aroused the people to the conviction that the prevalent system of careless agriculture in that country must be reformed by the use of fertilizers and the adoption of improved agricultural implements. They find that not only is American wheat of better quality than the home growth, but that it can be landed in Russian ports at a cheaper rate. Germany, too, is giving American wheat the preference over that of Russia in supplying any deficiency that may occur.

A DARKEY recently made application for a divorce from his wife. When asked on what ground he demanded a divorce, he explained as follows: "De ground of dis occasion is sufficient enough. When I rented ten acres and worked one mule I married a woman suitable for de occasion. Now I rent sixty acres of lan' and work five mules. My fust wife is a mighty good ten acre wife, but she don't suit de casion ob sixty acres. I needs a woman who can spread more."

SUCCESSFUL PROHIBITION.—There appears to be one town where absolute prohibition of liquor selling has succeeded. It is Carrollton, Ga., where prohibition went into force five years ago. Since then the annual trade of the place has increased from $200,000 to $500,000, and it is said there is not one merchant of the thirty in that town who would not vote against the liquor traffic on purely business principles.

OTTO, son of Chief Joseph, of the Nez Perces Indians, astonished all San Francisco the other day with his excellent rifle shooting. In a poorly lighted room the young Indian, blindfolded, hit a five cent nickle at a distance of twenty-five feet.

JAY GOULD has paid the traveling expenses from the Indian Territory of sixteen young Indian girls who are to be placed in Mr. Moody's Seminary at Northfield, Mass., educated at the federal expense and returned to their homes.

DR. TALMAN's failure as a lecturer seems to be complete. At Hartford, Conn., last Friday night his agent sold only three tickets for a lecture, which had been announced, and consequently the Doctor did not appear on the stage.

NEVER advise another with regard to investments. If he win you get no thanks—if he lose you will get all the blame.

ANY one of the States of Georgia, Illinois, Iowa and North Carolina, is as large as England.

INDIANA is about the size of Maine.

No More SICK HORSES or CATTLE

The introduction of the

English Condition Powders

In our American market, exempt from duty, freight, &c., has proved to the thousands who are daily using them that they have been a long felt want.

For the past half century they have grown in public favor and general use in all quarters of the Globe, until their name and fame is world-wide.

There is not an ailment (known in Veterinary practice) of the Horse, Cow, Sheep or Pig, but yield to their miraculous influence.

Their rare balsamic properties are conveyed to every part of the brute creation, and immediate relief is given.

They heal Internal Ulcerations, banish all derangements, and give the stomach proper tone.

No Stock-owner need despair a cure, whilst this *never-failing remedy* can be obtained; and the reputation they bear from all quarters of the *Globe* is fully borne out by the success they have attained—corroborated by testimonials of all classes and countries.

They have cured Thousands of Cases conceded Incurable.

The many ailments of each class of animals and their various forms are too extended to discuss. But we *guarantee* in each case a tenfold remuneration for the small investment that places them within reach of the most humble who often have to rely on their stock for support.

The majority are more directly interested in Horses, and to them we say one trial will convince you that they work wonders; and no matter how doubtful the case is, you will invariably be benefitted, & your animals made & kept healthy by their use.

English Condition Powders

are a *certain* and *speedy remedy*, no matter what the disease is, or how complicated. They are not a temporary, but have *invariably* proved to be a *radical cure*.

They *restore health* and *produce flesh, milk and butter*. They aid digestion and assimilation, and thoroughly renovate the system, and will be found invaluable and remunerative to every stock-owner.

TO CONSUMERS.—They are only one-third the price of all others, and are as superior in quality as quantity.

The following TESTIMONIALS speak of their merits:

Baltimore, June 17, 1879.

Mr. P. Warren—Sir: We have been handling your English Condition Powders for some time past, and find that their merits as compared with similar compounds, meet a want seldom (if at all) found in goods of a similar class. With Patrons of Husbandry they are growing into favor rapidly. Signed: H. O. DEVRIES, Ag't Maryland State Grange.

Ashland House, 24th St. & 4th Avenue, *New York City*, Mar. 10, 1879.

I have used the English Condition Powders and can recommend them to the turf profession as being pure and similar to the imported, and would use no other.—For purity and quality they are *unequalled* and invaluable to horsemen.

Signed, HARRY HARTMAN, Late manager Budd Doble's Turf Stock.

Baltimore, Md., Aug. 6, 1879.

P. Warren, Esq.—Sir: The English Condition Powders are conceded by all my patrons to be the *purest, cheapest* and *best* on the market; and have worked wonders where used. I sell five times as many of *them* as all others combined.

Resp'y, &c., THOS. J. STACK, Feed & Grain dealer, 112 Linden ave.

Baltimore, Md., Aug. 11, 1879.

Mr. P. Warren—I used one pound box of your English Condition Powders on a mare which was so poor and weak she had to be raised when she laid down. She is now in perfect health and good flesh, and I credit it all to the Powders.

GEO. R. HEBBELL, Penna. ave. and Clifton st.

AND THOUSANDS OF OTHERS.

Full directions accompany each box. Sold in Drug, Feed and General Stores, at the very low price of One Pound box 25 cts.; Three Pound box 50c.; Six Pound box 99 cts.

MRS. S. SLINGERLAND. June 26, 1880.

LOOKING GLASSES, Cheap at L. K. STAM'S.

To WHEAT GROWERS.

The undersigned, PIONEER in the manufacture of Fertilizers in this city, and ORIGINATOR in 1858 of the Formulas and processes of manufacture of

"EXCELSIOR" and Ammoniated Phosphate

So well and favorably known by the Agricultural public, relying upon his experience and personal reputation hitherto acquired in the uniform excellence of these Fertilizers, as manufactured by him, continues to offer them to the Farmers and Planters of Maryland and Virginia, with the assurance that the high standard quality of each will be maintained as heretofore.

The above are the most concentrated FERTILIZERS ever offered to the farmer—combining all the stimulating qualities of Peruvian Guano, and the ever durable fertilizing properties of Bones, in fine, dry powder, prepared expressly for drilling.

For growing Wheat, it is the universal opinion of the Farmers of Maryland and Virginia, after over twenty years' experience in the use of these Fertilizers manufactured by me, that an application of 100 pounds is equal in its effects to 200 pounds of any other fertilizer or guano, therefore fully 50 per cent. cheaper.

With my present advantages and superior facilities for manufacturing, I challenge competition with any Fertilizer sold in the United States, in Quality, Mechanical condition and Price.

By strictly adhering to my Original Formulas, using only the most concentrated materials and superintending in person their manufacture, as for the past *twenty years*

UNIFORM QUALITY IS GUARANTEED.

Farmers, to secure the ONLY GENUINE EXCELSIOR and PHOSPHATE prepared according to my Original Formulas established in 1858, should see that every Bag is branded as above, with the ANALYSIS and MY NAME IN RED LETTERS.

WANTED—*500 Tons Rough BONES,* for which the highest cash price will be paid delivered at our Factory.

OHIO CHILLED PLOW

For lightness of draught, durability and superior work, this Plow cannot be equaled and has never been by any yet introduced; this may be considered by some a broad claim, but a trial will soon convice as to the correctness thereof. All who purchased last Spring were so much pleased that they seem to delight in talking about them to their friends, and this fact alone has made for us a number of sales even this early in the season, hence it can be truly said that the OHIO CHILLED advertises and sells itself.

The following parties can furnish any information:

W. W. Stephens,	D. C. Blackiston,	Isaac Matthews,	William Stewart,
Thos. P. Dixon,	W. G. Skirven,	Geo. S. Biddle,	Jas. T. Dixon,

Chill PERUVIAN Cure

AN INFALLIBLE REMEDY FOR THE CURE OF

Chills, INTERMITTENT AND REMITTENT Fevers,

DUMB AGUE, PERIODICAL HEADACHES, AND ALL MALARIAL DISEASES.

Peruvian Chill Cure is entirely Vegetable, and is the only remedy taking the place of Quinine Cinchonidia and other Alkaloids which many nervous and sensitive people cannot use.

Peruvian Chill Cure is a remedy for all. Builds up the system, while cleansing it of all malarial poison, and leaves no bad effects.

$1. for a Large Bottle. Sold by all Druggists. Prepared only by Brown Chemical Comp'y, Baltimore, Md

For sale by M. A. TOULSON, Druggist.

OLD AND RELIABLE.

DR. SANFORD'S LIVER INVIGORATOR is a Standard Family Remedy for diseases of the Liver, Stomach and Bowels.—It is Purely Vegetable.—It never Debilitates—It is Cathartic and Tonic. TRY IT.

SANFORD'S LIVER INVIGORATOR

To Have Good Health, the Liver must be kept in order; its unhealthy action causes Bilious Attacks, Jaundice, Constipation, Dyspepsia, Headache, Bowel Complaints, Sickness, and other Disorders.

The Liver is the seat of malarial diseases. The Liver Invigorator protects the system from Miasmatic influences. It Purifies the Blood, Regulates the Bowels, Assists Digestion, and Strengthens the System.

The Liver Invigorator has been used in my practice and by the public for more than 35 years, with unprecedented results.

SEND FOR CIRCULAR. S. T. W. SANFORD, M.D., 186 BROADWAY, NEW YORK CITY. ANY DRUGGIST WILL TELL YOU ITS REPUTATION.
