THE CHRONICLE.

CAMBRIDGE—MD.

SATURDAY MORNING, April 20, 1844.

NEW YORK ELECTION.—The election held in the city of New York on the 10th inst. resulted in the success of the "Native American Party" by a large majority. The following is the official vote for Mayor—Harper (N. A.) 24,617; Coddington (Dem.) 20,667; Franklin (W.) 5,697; being a plurality of 3,950 for Harper over Coddington. Nearly 50,000 votes were polled, being more than were ever cast in that city before.

CONNECTICUT.—The election of members of the House of Representatives is now complete, and shows the followng result:

The number of Whigs elected to the House is 104; and of Locofocoes 83. Making the Whig majority 21. The Senate stands 15 Whigs and 6 Locos, and the Whig majority on joint ballot is *thirty*.

HON. DIXON H. LEWIS.—It is said there is but little doubt of the appointment of this gentlemen, by the Governor of Alabama, to the seat in the U. S. Senate, vacated by Mr. King, who goes as minister to France.

TEXAS ANNEXATION TREATY

The Madisonian of yesterday evening, (Mr. Tyler's official organ) has the following annunciation of the signing of the Treaty with Texas:

TEXAS TREATY.—It is understood that the Treaty of Annexation between the United States and Texas was this day signed, and that it will be submitted to the Senate for ratification as soon as the accompanying Documents can be prepared.

Correspondence of the American

WASHINGTON, April 12, 1844.

The President has nominrted Dr. MARTIN as Secretary of Legation for the French Mission. Dr. M. was head Clerk of the State Department under Mr. Van Buren's administration.

Mr. CRALLE, one of the old editors of the Washington Telegraph, has been appointed by Mr. Calhoun as his Cheif Clerk, in the place of Mr. Derrick—only a grade or two beneath the principal Office.

Mr. JOHN TYLER, took the oath of office last evening as "Secretary for the President to sign Land Patents."

The removal of Mr. Curtis at New York, it is rumored, is to be followed by other removals of high officers in that city. The origin of this new difficulty appears to be mainly from an unwillingness of the office holders in New York to enter into a hearty support of Mr. Tyler for the Presidential office.

THE KING OF FRANCE.—The New York Republic, in speaking of the appointment of Mr. King, as minister to France, says:

"Mr. King is fortunate in the post assigned him. No Court in Europe has so many real attractions to the diplomatic visitant as that of St. Cloud.—The brilliant festivities of the Tuilleries, and the unrivalled splendour of the finest capital of Europe, are sufficient in themselves to make this embassy peculiarly desirable—but the cordial greeting, and the informal kindness that every American Envoy is sure to recieve from the illustrious monarch who presides over the destines of Europe, make a diplomatic sojourn at Paris eminently agreeable. It is a noble trait in the character of Louis Phillips, that he still remembers gratefully the hospitable attentions he recieved in this country, and that he loses no proper opportunity of expressing his unabated regard for a people whose disinterested kindness neither years nor the vicissitudes of his chequered career have obliterated. We lately learned on the best authority that his majesty contemplates paying a marked and flattering compliment to this country which cannot fail to afford the utmost satisfaction to the people. It will doubtless be disclosed 'ere long, and our regret is great that we are not permitted the envied pleasure of communicating it to the public. This will no doubt be done with the requisite formality."

Arrival of Indians. A deputation of nine Indian Chiefs, of the Osage Tribe, from Missouri, and a half-bred Mexican, accompanied by Judge Dade, and several other gentlemen from the West, arrived in this city by the cars from Cumberland, on Wednesday evening, and put up at the Three Tun Tavern, corner of Pratt and Paca sts. These Indians are a very noble and fine specimen of the children of the forest, some of them being more than six feet in height, and dressed, painted and shaved in the peculiar style of their nation. They brought with them as far as Sykesville twelve buffaloes, where they left them to graze. They purpose remaining here until the meeing of the Whig Convention on the 2d of May, when they will give a grand buffalo hunt in the vicinity of the city, and also exibit their mode of hunting buffalo on horseback, as well as killing, skinning, &c., together with their war songs and dances. They will be aided by the Mexican, who is thoroughly skilled in the art of casting the noose, by which they capture buffalo and wild horse.—*Balt. Clipper.*

Fatal Duel at N. Orleans.—Another of those "honorable" and barbarous murders, has occurred at New Orleans, the victim being a young man just in the bloom of life. On the morning of the 5th inst., at 7 o'clock, Jno. Debuys, and Louis V. Castein, 21 years of age, and connected with some of the oldest and most respectable Creole families of N. Orleans, met in the rear of the tobacco warehouse, in the 3d Municipality, for the purpose of fiting a duel. The weapons used on the occasion were double barrelled fowling pieces: the distance 30 paces. At the first discharge of the fire-arms, Castein recieved the bullet of his adversary in his left breast which passed through his body, perforating the heart. He fell and expired on the spot.

Drummond Light.—We see it stated that it is in contemplation to light the Hall of the House of Representatives with the Drummond Light. This light is produced by the union of two jets of oxygen and hydrogen gas upon a piece of unslacked calcined lime in a state of combustion, and is said to possess an illustrating power equel to six hundred oil lights from the best argand burners. The light can be sustained, without diminution, for twelve hours, and the cost of it is declared to be but one fourth the cost of oil lights.

Father and Son.—The appointment of Gov. Shannon, of Ohio, as Minister to Mexico, places in the gubernatorial chair of that state, the Hon. Thomas W. Bartley, president of the Senate, who is a damocrat. The father of this gentleman is now a whig candidate for Governor at the next election, and should he succeed, the son will have to vacate the office to make room for the father.

Puseyism.—The Hagerstown News states, that at the election which came off in that town on Monday in the Episcopal congregation, considerable interest was manifested, and that it resulted in the success of the High Church or Pusey the party. The same paper adds:—"We are grieved to be compelled to state that this question or division is likely to prove subversive of the best interests of the congregaton."

THE TEXAS TREATY.—A Washington correspondent of the New York Tribune, in reference to the annexation treaty, says:

1st. It is alleged that Texas is to be admitted as a territory. 2. She is to have two representatives that are to be elected next October. 3. She is to reserve for the present her public lands, in order to pay her debts, which are alleged to be about $15,000,000. The question of the Boundry Line is to be reserved as a subject for future negotiation betwen the Republic of Mexico and the United States.

Later from Havana. Advices from Havana to the 3d inst. states that Matanzas and its vicinity are in a state of much excitement. Disturbances still continue there, which the Government are actively engaged in suppressing. Arrests of the rioters, the suspicious and the discontented, are notified as occurring, and afford evidence of much vigilance on the part of the authorities.

Verbal information has been received by the schooner Hew, to the effect that a number of abolitionists have been tampering with the slaves on the plantations and that the inhabitants near Matanzas, had to flee for their lives; also, that a number of houses had been burned.

WHIG CONVENTION.

At a meeting of the Convention of the several counties composing the sixth Congressional district, held at Barren Creek on Thursday the 18th inst. for the purpose of nominating an elector of President and Vice President of the United States, and a delegate to the National Whig Convention, Noah Rider Esq. was called to the chair and J. D. Powell Esq. appointed Secretary.

The convention then proceeded to select an Elector and Delegate, and it appeared that Samuel Hambleton Jr., Esq., of Talbot county, was unanimously appointed Elector of President and Vice President of the United States, and John Dennis Esq. of Somerset, was unanimously elected the Delegate to represent the 6th Congressional District in the National convention, and William T. Goldsborough Esq. of Dorchester, alternate.

On motion it was

Resolved, That this convention concur in the sentiments expressed in the following resolution adopted at a mass meeting of the Whigs of Somerset county on the 2nd inst. "Resolved, that the first, the last, and the only choice of the Whigs of Somerset, for President of the United States, is Henry Clay of Kentucky, and that the Delegate to the National Convention in his choice of a candidate for Vice President, be left to his own discretion and judgment, being satisfied that the base treachery of John Tyler will be a beacon light to guide him in his action in the said convention.

VALUABLE REAL PROPERTY FOR SALE.

THE subscriber intending to remove to the country, will offer at public sale, on *MONDAY the 13th of MAY* next, in front of the Court House, in Cambridge, the following property, viz:

The house and lot which he now occupies—the latter including a very fine garden, which has been much enlarged, and a lot attached to the same, which is high and a very desirable one for building on, and would afford room for a garden.—All the necessary out buildings are on the above property. The dwelling house is in good order, and spacious enough for the *largest family*, besides being in the *healthiest* and *most central* part of Cambridge. There is no house in this town, of equal comfort and convenience, which could be purchased for as low an amount. In addition to the above, a small house and lot adjoining, with kitchen and smoke house attached, which would very well suit a small family, and which is now rented by John F. Henry, Esq.

Also some excellent lots, well calculated for grain and grass crops, adjoining some of the lots of the late Henry Page Esq., and almost within the limits of the town. These will be offered for sale as at present laid off—two or three of them containing 4 acres and a fraction each—another about 3 acres—another over 2—another over 6—another 8 and something over. Also a very desirable lot well stocked with wood and *timber*, containing 25 acres. This lot is from a mile to a mile and a quarter only from town, and so far as the subscriber knows, is one of the very best that can be obtained as near to town. All of the foregoing property will be disposed of on accommodating terms, which will be made known on the day of sale.

A FARM FOR SALE.

THE subscriber offers for sale the farm in Town Point neck, on which Luther Bain now resides. This farm is well located on Fishing creek and contains about 137 acres of land. The buildings are pretty good, and the farm itself is capable of a very high state of improvement at small cost; about one half of the cleared land (say 50 acres) is already limed, and there are abundant resources of bank shells and other means of improvement on the premises, and with a proper system of cultivation and a small expenditure of labour, it could, in a short time, be made very productive, and would yield a handsome interest on the investment.—The terms will be made easy, and a long credit, if desired, will be given upon the purchase money, provided the interest is punctually paid. Mr. Bain will shew the premises to any person wishing to view them, and for terms apply to the subscriber, or in his abscence to N. L. Goldsborough Esq., in Cambridge.
