HALL'S VEGETABLE SICILIAN HAIR RENEWER

This standard article is compounded with the greatest care. Its effects are as wonderful and satisfactory as ever. It restores gray or faded hair to its youthful color. It removes all eruptions, itching and dandruff; and the scalp by its use becomes white and clean. By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong. As a dressing nothing has been found so effectual, or desirable.
Dr. A. A. Hayes, State Assayer of Massachusetts, says of it: "I consider it *the best preparation* for its intended purposes."

BUCKINGHAM'S DYE,

For the Whiskers.

This elegant preparation may be relied on to change the color of the beard from gray or any other undesirable shade, to brown or black, at discretion. It is easily applied, being in *one preparation*, quickly and effectually produces a permanent color which will neither rub nor wash off.
