George Martin
versus
Ida Martin.

In the Circuit Court for Kent County, in Equity. No 1847.

THE object of this suit is to procure a Decree of Divorce "a vinculo matrimonii" in favor of George Martin and against Ida Martin.

The Bill of Complaint states that the said George Martin is a resident of Kent county, State of Maryland.

That on or about the 23rd day of December in the year nineteen hundred and five, he was married to Ida (Herbert) Martin, at Golts Station, Kent county, Maryland.

That no children have been born to them as a result of said marriage. That though the conduct of the said George Martin towards his wife, the said Ida Martin, has always been kind, affectionate and above reproach, the said Ida Ida Martin has, without any just cause or reason, abandoned and deserted him and that such abandonment has continued uninterruptedly for at least three years and is deliberate and final, and has declared her intention to live with him no longer, and the separation of the parties beyond any reasonable expectation of reconciliation.

That the defendant, Ida Martin, is a non-resident of the State of Maryland, and now resides in Sharon Hill, Pennsylvania.

It is thereupon this 19th day of March, A. D. 1913, ordered by the Circuit Court for Kent county, in Equity, that the Complainant, by causing a copy of this order to be inserted in some newspaper published in said Kent county once in each of four successive weeks before the 21st day of April next, giving notice to the said non-resident defendant, Ida Martin, of the object and substance of this Bill, warning her to appear in this Court, either in person or by solicitor, on or before the 7th day of May next, to show cause, if any she has, why a decree ought not to be passed as prayed.

DRASTIC CUTS MADE

Many Articles of Clothing and Food Placed on Free-List, And Sharp Reductions Made on All "Necessaries" of Life—Increases on Luxuries and Income Tax to Take Place of $80,000,000 of Revenue Thus Sacrificed—Many Steel Products and Woolen and Cotton Goods Greatly Reduced—All Duty Removed From Raw Wool.

Removal of duties from many articles of food and clothing; sharp reductions in the rates on all necessaries of life; an increase on many luxuries, and an income tax provision that would touch the pocket of every American citizen whose net income exceeds $4,000, are the striking features of the Democratic tariff revision bill, presented to the House.

Sugar would be free of duty in 1916, the bill proposing 25 per cent. reduction now and the removal of the remaining duty three years hence.

Raw wool would be made free at once, with corresponding reductions on all woolen goods.

The free-list, one of the longest ever proposed to Congress, follows:

Meats, flour, bread, boots and shoes, lumber, coal harness, saddlery, iron, ore, milk and cream, potatoes, salt, swine, corn, cornmeal, cotton bagging, agricultural implements, leather wood pulp, Bibles, printing paper not worth more than two and a half cents per pound, typewriters, sewing machines, typesetting machines, cash registers, steel rails, fence wire, cotton ties, nails, hoop and band iron, fish, sulphur, soda, tanning materials, acetic and sulphuric acids, borox, lumber products, including broom handles, clapboards, hubs for wheels, posts, laths, pickets, staves, shingles.

The principle items taken from the present free-list and taxed are: Diamonds and precious stones, furs, coal tar products, 10 per cent.; volatile oils, 20 per cent.; spices from one cent to two cents per pound.

While wheat-flour is put on the free-list, a duty of 10 per cent. is imposed against countries which levy a duty on American duty. This will exclude flour from Canada and many other countries.

Comparison of Rates.

Representative Oscar Underwood, chairman of the Ways and Means Committee, in his statement accompanying the bill, gives the following comparative table, to show reductions in duties on necessaries, each item, both the present tariff and the proposed tariff, being reduced to an ad valorem basis, the rate being the percentage of value:

$80,000,000 Loss in Revenue.

The bill, it is estimated, reduced the customs revenue approximately $80,000,000 a year. This amount is to be made up by the income tax.

The measure represents the efforts of President Wilson and the House tariff makers to carry into effect Democratic platform pledges of downward revision in the interest of the consumer.

Protection to the farmer would be cut throughout by more than fifty per cent. Protection to the steel and implement manufacturer would be cut fully as much. Heaviest reductions fall upon foodstuffs, agricultural products, woolen and cotton clothing.

The free wool proposal, backed by President Wilson and accepted by the House Committee, is expected to provoke a hard fight within the Democratic ranks. It is not clear whether the Democratic opponents of free wool and free sugar in the Senate will be able to force a compromise on one or both of those provisions.

The decision to make a gradual reduction in the sugar tariff was reached after Louisiana cane growers refused to accept a compromise that would have established a one cent a pound tariff for three years with free sugar in 1916

Under the income tax provisions, incomes in excess of $4,000 will pay one per cent tax up to $20,000; two per cent from $20,000 to $50,000; three per cent. from $50,000 to $100,000; and four per cent above that figure. The corporation tax, levying one per cent on corporation incomes above $5,000, is retained as part of the income tax.

UNDERWOOD REVIEWS BILL.

In his statement accompanying the bill, Mr. Underwood says the measure would revise the tariff to a basis of legitimate competition, such as will afford a wholesome influence on our commerce, bring relief to the people in the matter of the high cost of living and not hurt our manufacturing industries.

Political Club of Washington College

The Political Club of Washington College, Chestertown, is proving to be an interesting and instructive organization. Dr. James W. Cain, Pres., of the college, on March 12 addressed the Club on the subject, "The Origin and Development of Political Parties." On the same evening Prof. W. Raymond Moody spoke on "Politics and the Individual." Mr. J. Reese Murray, of Alabama, attorney in the Department of Justice, gave an address on March 31 on "The Work of the Department of Justice."

The work as planned by M. H. Landing, Pres., of the Club, will consist not only of address but also of debates given by the members of the Club.

A date has been set when the Senatorial situation in Maryland will be thrashed out by the supporters of Sen. John W. Smith, Mr. Wm. L. Marbury and of Mr. Isaac Lobe Straus. Keen interest is being displayed in the coming debate.

Texas Woman Saved Her Boy By Using Great Kidney Remedy

My boy at about thirteen years of age had a severe attack of Swamp Fever, which left him with hemorrage of the kidneys. He would have from two to four attacks a year. We had several physicians attending him for three years. The Doctors told my family we would not raise him to be twenty-one years old.

I saw your advertisement in the papers. As a last resort I gave up the doctors and tried Dr. Kilmer's Swamp-Root. After using several bottles, was so well pleased with the result, we stuck to it and he is now twenty-one years old and a perfect and stout man. We can highly recommend Swamp-Root for kidney trouble.
