FARMERS,

USE

ORCHILLA GUANO

"The Best and Cheapest"

FOR ALL

CROPS.

The history of Agriculture for the last seventeen years, records no greater triumph than has been exhibited in the annual results of the use of

ORCHILLA GUANO

IN THE PROMOTION OF THE GROWTH OF

GRAIN AND GRASS

and in the improvement of the soils to which it has been applied. The large aggregate to which its sales now reach, proves at once, its popularity and its worth.

Its claim to favor arises from—

1st. **The Valuable Constituents of which it is Composed:** being just what growing plants require for perfect growth, and just what is needed to make poor land rich.

2d. **Its Perfect Chemical Combination:** which no human skill or mechanical contrivance can successfully imitate.

3d. **Its Perfect Purity:** it therefore being **only 1½ per cent.** of dross, contained in it. In other words, it is *all* fertilizer.

4th. **And all this at a Low Price.**

The *most eminent Chemists* of our land have repeatedly analyzed and certified to these facts. But farmers have been so often imposed upon in buying fertilizers, that they have learned caution, and therefore, even so valuable an article as ORCHILLA, has to win its way,

BY ITS MERITS.

This it is doing; and as it makes friends, it keeps them. Those who have used it longest, use the most of it.

Our claim for the value of Orchilla Guano is a high one; but we have the testimony of thousands of farmers who use it, that it is not an extravagant one.

And now comes additional evidence so conclusive that all controversy is silenced:

THE DEPARTMENT OF AGRICULTURE OF VIRGINIA,

WAS ESTABLISHED PARTICULARLY FOR THE

protection of farmers in the detection and prevention of imposition in the preparation and sale of fertilizers, the purchase of which, in our days, constitutes so large, important and necessary a portion of a farmer's expenditures. DR. J. M. BLANTON, himself a successful farmer, and for a number of years past, the GRAND MASTER OF THE STATE GRANGE OF VA., was placed in charge of the Department last year, and immediately proceeded to take vigorous measures to carry out the intention of the law. Among other things he dispatched his *"samplers"* all over the State to obtain samples of any and all fertilizers offered or sold to the farmers of the State wherever they could find any, and forward them to his office at Richmond. There they were numbered and given for analysis to Dr. W. J. GASCOYNE, the Chemist of the Department, who also calculated and certified to the *actual value* of each, according to the constituent parts he found in them. The result of his work for the fall season of 1882 is embodied in the official report published. In this report, analyses of 76 fertilizers are given; and the *commercial value* of the constituent parts of each, is stated. According to it, many of them are not worth the prices asked for them! Of those which are, very few can show an excess of 10 per cent., whilst ORCHILLA, *far surpassing all others, is certified to be worth about 50 per cent., over the price asked for it!* [Send to us for a copy of this Report.]

We take pride in having this high, disinterested and incontrovertible endorsement of our *claim that Orchilla Guano* is the

"CHEAPEST AND BEST" FERTILIZER IN THE MARKET.

☞ Send for our little book containing verbatim copies of letters from some of the most successful farmers of the country, who have used Orchilla Guano for years and will have nothing else, the burden of whose story is—

"IT HAS MADE OUR POOR LANDS RICH."
