Vice President Has His Own Flag

TICE PRESIDENT GARNER is here seen with his own special flag, the first V ever made for a Vice President of the United States. In design it is identical with the President's flag, the only differences being that the President's seal is on a blue field and that of the Vice President on a white field; and the President's stars are white while those of the Vice President are blue.

It is a question that many of us If we knew we had but a year to live. Here in her own words is part of the problem is only too real:

"I could find, I knew, no greater happy. Then just as quickly as pos- privilege of voting at said election. sible I would go away somewhere and try to forget everything unpleasant in

Actions speak louder than words. And the first act of this woman on receiving her money grant was to apply part of it to paying off the mortgage on her parents' home, also interest and taxes that had been overdue. "It made me so happy," she says, "to see father relieved of those worries." Nextoh, yes, girls, this woman is one of us—her thoughts turned to new clothes.

HROAT SORE She bought the things she had always wanted, and then went off to "forget everything unpleasant" and get as much joy and happiness as possible out of every day.

It is a great joy to be able to add to this true life story, that the woman of whom we write has already outlived by several years her doom of "One year to live." Probably none better deserves the wish in the heart of every person in the world who knows her story that many, many years more be added to them. And let us hope that she will live those additional years as she has lived the past, trying to make others happy, to forget everything unpleasant, and to get as much joy as possible out of every day. Doubtless she will-for she has the insight and wisdom of those who live with death. Strange, is it not, that more of us with unnumbered years ahead of us do not live by the same simple principle of making others happy, forgetting everything unpleasant, and getting as much joy as possible out of every day! It works as well for a day, a year, or twenty years.

of Harmful Body Waste Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work-do not act as Nature intended-fail to remove impurities that, if retained, may poison the system and upset the whole body machinery. Symptoms may be nagging backache, persistent headache, attacks of dizziness,

up nights, swelling, puffiness under the eyes-a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder may be burning, scanty or too There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years.
