At a meeting of the trustees of the Chestertown M. E. This will be a decided improvement to the auditorium, and will add much to the pleasure of the service.

Mowbray Church Sunday School raised $24 at their Children's Day service instead of $14 as reported. This was a fine collection.

What the Adventists Are Doing.

ROCK HALL, MD., June 1, 1913.

To the Editors of Kent News:

During the past four years the Sabbath Schools of the Seventh Day Adventist denomination in North America gave $632,778 30 for the furtherance of the gospel in foreign lands, according to a report rendered by Secertary Geo. B. Thompson before the delegates at the World Conference of Seventh Day Adventists now in session in Washington, D. C. An extract of this report has been received by Mrs. Susie Coleman, Rock Hall, Md., secretary of the Sabbath School of the local Adventist church, and the members were much interested in the progress mentioned in it. During the quadrennial period of 1905-1908 the Sabbath Schools gave $273,141 to missions, the increase over this amount during the quadrennial period ending in 1912 being $359,636.

The motto adopted at the present session of the General Conference for the coming four years was, "A million dollars to missions." The report further showed that in 1908 the denomination had 3,747 Sabbath Schools, 1,260 of which were in foreign fields and 2,478 in America. During the four years of the General Conference period the schools had grown to 4,467, of which 1,845 were in foreign lands and 2,014 in home fields, making an increase of 574 foreign and 136 home Sabbath Schools since the last General Conference. Four years ago there was a membership in these Sabbath Schools of 88,843, of which 22,011 were in foreign fields. During the quadrennial period there has been an increase in membership of 25,170, of which 23,678 has been in foreign lands and 1,492 in the home fields, the membership in the foreign fields having doubled during the past four years During the four years 3,542 of the Sabbath School scholars have been converted and most of them baptized.

Since 1867, when the first deposit for missions was made by the schools, they have donated $1,313,580 for missions. The record of offerings to missions in 1912 from the Sabbath Schools was said to be especially encouraging, as during the year $228,029 was given, which was an increase of $71,540 over 1911. Four years ago the Sabbath School of the denomination were giving less than $2,000 a week to missions; now they are giving almost $5,000 a week.

The members of the local Sabbath School are especially interested in the recommendations made to the General Conference, which are as follows: That attention be given as never before to make the Sabbath Schools a great power in saving souls; that some plan be devised at this conference which will result in increased study of the lessons; the Sabbath School workers training school be continued; that the officers of the Sabbath School be elected the same as other church officers, and serve for one year instead of six months, as at present; and that the secretaries for the Sabbath School work in the various conferences be chosen who can give their entire time to that work.
