Suffered Twenty-One Years—Finally Found Relief

Having suffered for twenty-one years with a pain in my side, I finally have found a relief of Dr. Kilmer's Swamp-Root. The physicians called it "Mother's Pain" and injections of morphine were my only relief for short periods of time. I became so sick that I had to undergo a surgical operation in New Orleans, which benefited me for two years. When the same pain came back one day I was so sick that I gave up hopes of living. A friend advised me to try your Swamp-Root and I at once commenced using it The first bottle did me so much good that I purchased two more bottles. I am now on my second bottle and am feeling like a new woman. I passed a gravel stone as large as a big red bean and several small ones. I have not had the least feeling of pain since taking your Swamp-Root and I feel it my duty to recommend this great medicine to all suffering humanity. Gratefully Yours.

MRS. JOSEPH CONSTANCE,
Avoyelles Par. Marksville, La.

Personally appeared before me, this 15th day of July, 1911 Mrs. Joseph Constance, who subscribed the above statement and made oath that the same is true in substance and in fact.

ISSUES WRIT OF ELECTION.

An election to fill the vacancy in the Senate caused by the death of Isidor Rayner will be held in November, at the regular election, under a writ from Governor Goldsborough. The late Congressman Konig's successor will be elected at the same time.

Nominations for Senator by the parties will be made at the primary to be held in September, under the law applying in the nomination of candidates for Governor. This law provides for direct election of delegates to the State Convention from each county and legislative district of Baltimore city, each set of delegates being instructed and voting in the convention for the county's choice. It is what is known as the "county unit" plan.

The great expense attending the nomination of candidates for Senator under the old Senatorial primary law is eliminated. Candidates for Senator entering the September primary will put up the same deposit made by candidates for other State offices; that is, $10 in each county and legislative district of Baltimore city.

Under the law, the primary must be held not earlier than September 8 and not later than September 18. The chairmen of the parties are authorized to agree upon any day within that period, and if such agreement is made, the supervisors of election must order a primary on that day. Should the chairmen disagree, the supervisors must order the primary for September 15.

No action has been taken by General Murray Vandiver and John B. Hanna, the Chairmen of the Democratic and Republican parties, respectively. Among Democrats there is a general disposition to settle on the last day. They are anxious to avoid a long campaign after the primary.

Nominations to succeed Mr. Konig will be made at the same time, but these will be made by a mass vote throughout the district. There are numerous candidates for the Democratic nomination. At present State Senator Charles P. Coady seems to be in the lead. William Curran, secretary to the late Congressman, is making an active fight.

Mrs. Sickly — "Oh, dear Anty Drudge, don't think I'm lazy, neglecting my wash this way, but I sprained my back lifting the washboiler this morning and I can't move for the pain."

Anty Drudge — "I don't think you're lazy. I think you're plain foolish. The idea of boiling and hard-rubbing clothes when you can use Fels-Naptha Soap and have an easy day."

Throw away your wash boiler and try Anty Drudge's way. Soap your clothes well with Fels-Naptha and put them in cool or lukewarm water for about thirty minutes while you do something else.

Come back, rub them lightly, rinse and hang them out. Then go and sit down for a few minutes before you have to get dinner, and think how easy your washing was today.

To The School Trustees and Teachers of Kent County, Maryland.

On the third day of June, 1913, the Board of County School Commissioners through Professor Jefferson L. Smyth, Superintendent of the schools for Kent county, submitted at their request, to the Board of County Commissioners, Messrs. Wood, Crew, Melvin and Nichols being present, a statement showing the following facts:

That under the first year of Supt. Smyth's administration of the school affairs of Kent county the expenses were less than the previous year.

That notwithstanding this economical administration, a considerable deficit for the year will exist and the probable expenses of the following year will still further increase this deficit.

That to maintain the schoo's at the present standard of efficiency the County Commissioners were asked to appropriate the sum of $5000. This request the said County Commissioners have ignored.

Therefore the School Trustees and Teachers of Kent County are hereby notified that the school term and salaries of teachers for the following school year are dependent upon the action of the County Commissioners in furnishing the funds to meet this deficiency and that all contracts for service as school teachers in Kent County must be made with this understanding.
