l'resident's Birthday

The American nation will again honor the birthday of President Roosevelt on January 30 by RESTORING HEALTH to crippled children.

In every American community, the President's Birthday Ball has been the means of substituting hope for despair in the lives of people afflicted by infantile paralysis.

That it will be again is the greatest tribute the nation can pay to a great leader.

The funds raised by the annual Birthday Ball are divided equally between the Warm Springs Foundation, where Mr. Roosevelt was restord to health, and local hospitals.

Every child victim of the dread malady in America is given courage by the knowledge that a man, afflicted as he, became a President of the United States.

Nothing could be more fitting than that the birthday of Mr. Roosevelt should symbolize this HOPE OF RE-COVERY for every American child making the brave fight he once made AND WON.
