More Practical proofs of the extraordinary Virtue of Worsdell's Pills.

CURE OF FEVER AND AGUE.

Marsh Hope Bridge, Del. Sept. 20, 1844.

To Dr. Worsdell, Sir:—The great amount of suffering produced by the Chills and Fever to thousands of my fellow creatures, induces me to make known the benefits I have derived by using your Vegetable Restorative Pills. During the past few years I have suffered much with the chills and fever, for which I have advised with physicians, and tried their prescriptions and other medicines that were recommended, without experiencing the desired relief.—Three months ago I had another severe attack, and on hearing some of my neighbors praising your pills, who had proved their virtues, I was induced to make a trial. I perused your directions which accompanies each box of Pills, in hopes of finding something in relation to the chills and fever, but there being nothing wrote under that head, I felt reluctant to use them.—However, on making further inquiries, and being assured that the pills were safe and gentle in their effects, I concluded to try them; I commenced by taking eight pills on going to bed, which had the effect of stopping the chills and allaying the fever; I repeated the same dose on the four following evenings, which to my astonishment *effectually cured me.* It is now three months since I first used the Pills, and have had no chills or sickness of any kind; in fact I have, and continue to enjoy a better state of health than for many years past. My wife, also, has taken your Pills, and I have administered them to my children on several occasions with success. I can confidently recommend them as a family medicine, and an effectual remedy for the chills and fever.

I am, yours sincerely,
JOHN W. JEFFERSON.

READ THIS.

Billious Fever, Sick Headache, Rheumatism, Ague Fever, and the effects of a Cold, cured by Worsdell's Pills.

Dr. Worsdell,—Sir: Your vegetable Restorative Pills are gaining a reputation as being an excellent family medicine, and I have no doubt they will soon supercede all other medicine in this section of the country.

Mrs. Burns, who reside at Pudsey's Mills, near this place, had a very severe Bilious attack, and was cured by taking your Pills. She had for years been afflicted with sick Headache and Rheumatism, but since she commenced using Worsdell's Pills, she has been entirely free from those complaints.

A gentleman stated here a few weeks ago, that one of his children was taken with the Ague and Fever, and he administered Worsdell's Pills, which performed the cure sooner and more effectually than any other medicine he ever used.

About six months previous to my becoming an agent for your Pills, my wife visited her friends in Philadelphia; and during the journey she contracted a severe cold, which afflicted her so severely, that after her arrival she was unable to sit up. Her friends told her that they would soon relieve her. This induced her to try them, and she soon proved the truth of her friend's statement—in a few days she was well. She says she never before experienced such beneficial results from medicine in so short a time. Since that period she or I have used no other medicine.

Yours respectfully,
HENRY COBURN.
