James Washington, Grace Bowser, Isaac Bowser, Martha Washington, Carrie Thomas, Emery Thomas, Fannie Johnson and Amos Johnson
versus
George Washington and Irene Washington.

In The Circuit Court For Kent County In Equity. No. 1546.

THE object of this bill is to procure a decree for partition of the Real Estate of Henry Washington, colored deceased, among his heirs at law, or if partition cannot be made without loss and injury to the parties entitled that the said Real Estate be sold and the proceeds thereof be devided among the heirs at law.

The bill states that Henry Washington colored deceased, was in his lifetime seized and possessed of certain Real estate situated in Broad Neck in the 7th District, of Kent *county, containing six acres of land more or* less, improved with a dwelling house.

And the said Henry Washington being so possesed of said Real Estate departed this life sometime in February in the year 1905 intestate—leaving surviving him following heirs viz:—James Washington, Grace Bowser, Martha Washington, Carrie Thomas, Fannie Johnson, George Washington and Irene Washington, whom your orators are advised are his only heirs at law, each being entitled to an individual one seventh part thereof.

And that the said Grace Washington intermarried with a certain Isaac Bowser and the said Carrie Washington intermarried with a certain Emery Thomas, and that Fannie Washington intermarried with a certain Amos Johnson, and that the said George Washington and Irene Washington are infants under the age of 21 years of age.

And the bill states that the said Irene Washington is a non resident of this state and resides in Philadelphia, Penn., and the bill further states that the said George Washington and Irene Washington being infants under the age of 21 years your orators cannot have a valid sale of the said Real Estate without the intervention of this Honorable Court.

And the bill further states that the said Real Estate is not susceptible of division among the heirs at law, without loss and injury to them.

To the end therefore that then a decree may be passed for a partition of the aforesaid Real Estate among the parties entitled, or in case partition cannot be had without loss and injury to them, then that the same may be decreed to be sold and the proceeds thereof destributed to the respective heirs at law.

It is thereupon this 8th day of March 1905, ordered by the Circuit Court for Kent county as a court of Equity that the plaintiffs by causing a copy of this order to be inserted in some newspaper printed and published in Kent county once a week for four successive weeks before the tenth day of April giving notice to the said non resident difendent, Irene Washington, of the object and substance of this bill and warning her to appear in person or by solicitor on or before the 28 day of April next, to show cause if any she has why a decree should not be passed as prayed.

BLOOD WILL TELL.

It takes lots of vitality, nervous force and strength to win a race. Blood must be pure and good.

Without good red blood a man has a weak heart and poor nerves. Thinness of the blood, or anemia, is common in men and young women, and all those who work indoors, who do not get enough good oxygen in their lungs, consequently have too many white blood corpuscles.

Keep the nerves nourished, the heart strong, the head cool, the stomach vigorous, the liver active with a tonic which has stood the test of time and has a wide reputation, such as Dr. Pierce's Golden Medical Discovery.

Tonics consisting of large portions of alcohol, iron or cod liver oil, do not bring the desired changes in the blood, because they do not enter the system and are not absorbed into the blood, with the exception of the alcohol, which shrivels up the red blood corpuscles when it *does* come in contact with them. Therefore do not allow the dealer to insult your intelligence by telling you he has something better than Dr. Pierce's Golden Medical Discovery.

The cost of mailing only. "The People's Common Sense Medical Adviser," 1008 large pages, is sent *free* on receipt of twenty-one one-cent stamps, for the paper-covered book, or thirty-one stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure. No other pill can compare with them.

DEATH OF MISS LAURA BARROLL.

Miss Laura Barroll died at her residence in Elkton at an early hour on Thursday morning, after an illness of several weeks from a complication of diseases.

The deceased was the second daughter of the late James E. Barroll who came to Elkton from Baltimore about 1861, purchased the Holly Hall property and and resided there until his death in 1875. His father was the Rev. William Barroll a man of much note in the early history of the county and for some time rector of St. Stephen's Church in Sassafras Neck.

Mr. Barroll was the father of nine children, seven daughters and two sons, Henrietta married Charles Medcalf and died in New York some years ago: Laura who never married and has just died; John Leeds Barroll, who was a prominent lawyer in Chestertown and died in 1886; Sarah who died when a child; Miss Rose, who died a few years ago; Miss Ellen, the sole survivor of the family, who resides in Elkton; J. Edw. Barroll who died in Elkton some years ago, and Victoria who married R. E. Jamar, Esq:

The family was one of culture, refinement and exceptional mental qualities and for forty years has figured in the social and church affairs of Elkton. Miss Laura was dignified and reserved but the high qualities of her heart and mind endeared her to her friends.—Democrat.

Lighting Plant For Centreville.—Centreville is to have an electric-light and gas plant in the near future. Mr. D. S. Pindell, of Sault Ste. Marie, Mich., representing the Bruce Electric Light Company, conferred with the Town Commissioners Tuesday, and the contract has been signed. Mr. Pindell's plans were at first far reaching. He intended lighting, from a central plant, Denton, Church Hill, Greensboro, Chestertown, and other surrounding towns, but this plan has been abandoned for the present. The plant at Centreville will be near the town. The equipment has been purchased and will be forwarded in a few days, so that work can begin at once. Mr. Pindell has been granted a franchise for Chestertown and will shortly begin the erection of a plant here.

Negroes at Inauguration Ball.

A Washington dispatch on Monday, in speaking of the grand inauguration ball, says "that the chairman of one of the committees, which have in charge all arrangements for the inauguration of President Roosevelt on Saturday, states that more than one hundred tickets has been sold negroes who propose to attend the inaugural ball in the Pension building on Saturday night. The head of a well known dry goods establishment in this city says that some of his saleswomen have told him that negro women who have purchased dress goods recently, have said they were having gowns made for the inaugural ball.

"This is confirmatory of the rumor current early last week. Correspondents of northern papers are taking up the matter and several prominent papers of New York and elsewhere in the North and West will print stories to this effect on Wednesday.

"The Ninth Calavary, a colored regiment, will be one of the most prominent of the regular organizations in the inaugural parade.

"Judson W. Lyons, colored, register of the treasury, says that he looked upon this as being the first inauguration in which the negro citizens of the United States would have a part commensurate with the importance of the colored man of the country in the citizenship."

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.
