## More Practical proofs of the extraordinary Virtue of Wordsell's Pills.

CURE OF FEVER AND AGUE.

*Marsh Hope Bridge, Del. Sept. 20, 1844.*

To Dr. WORDSELL, Sir:—The great amount of suffering produced by the Chills and Fever to thousands of my fellow creatures, induces me to make known the benefits I have derived by using your Vegetable Restorative Pills. During the past few years I have suffered much with the chills and fever, for which I have advised with physicians, and tried their prescriptions and other medicines that were recommended, without experiencing the desired relief.—Three months ago I had another severe attack, and on hearing some of my neighbors praising your pills, who had proved their virtues, I was induced to make a trial. I perused your directions which accompanies each box of Pills, in hopes of finding something in relation to the chills and fever, but there being nothing wrote under that head, I felt reluctant to use them.—However, on making further inquiries, and being assured that the pills were safe and gentle in their effects, I concluded to try them; I commenced by taking eight pills on going to bed, which had the effect of stopping the chills and allaying the fever; I repeated the same dose on the four following evenings, which to my astonishment *effectually cured me.* It is now three months since I first used the Pills, and have had no chills or sickness of any kind; in fact I have, and continue to enjoy a better state of health than for many years past. My wife, also, has taken your Pills, and I have administered them to my children on several occasions with success. I can confidently recommend them as a family medicine, and an effectual remedy for the chills and fever.

I am, yours sincerely,
JOHN W. JEFFERSON.

*Billious Fever, Sick Headache, Rheumatism, Ague and Fever, and the effects of a Cold, cured by Worsdell's Pills.*

*Dr. Wordsdell,*—Sir: Your vegetable Restorative Pills are gaining a reputation as being an excellent family medicine, and I have no doubt they will soon supercede all other medicine in this section of the country.

Mrs. Burns, who reside at Pudsey Mills, near this place, had a very severe Billious attack, and was cured by taking your Pills. She had for years been afflicted with sick headache and rheumatism, but since she commenced using Worsdell's Pills, she has been entirely free from those complaints.

A gentleman stated here a few weeks ago, that one of his children was taken with the Ague and Fever, and he administered Worsdell's Pills, which performed the cure sooner and more effectually than any other medicine he ever used.

About six months previous to my becoming an agent for your Pills, my wife visited her friends in Philadelphia; and during the journey she contracted a severe cold, which afflicted her so severely, that after her arrival she was unable to sit up. Her friends told her that they would soon relieve her. This induced her to try them, and she soon proved the truth of her friend's statement—in a few days she was well. She says she never before experienced such beneficial results from medicine in so short a time. Since that period she or I have used no other medicine.

Yours respectfully,
HENRY COBURN.

## CLICKENER'S
### *SUGAR COATED VEGETABLE EXTRACT PILLS.*

A medicinal preparation is herein announced which has been long desired, and sought for, and which the public must at once see and acknowledge the advantage of. It is a purgative pill, COATED WITH SUGAR, so that it leaves no taste whatever of its internal ingredients. In fact the medicine is so entirely disguised that if a person were to swallow the pills without being informed what they were, he would believe them to be simply lumps of pure sugar; nor could he afterwards, unless by its great purgative effect suspect that he had been taking medicine, for these pills are so skillfully prepared that they do not gripe the bowels; and thus the patient who takes them avoids two evils which attend all other purgative medicines; namely: nausea and pain. Medicine administered in all other sweet forms has the disadvantage of being *mixed* with the sugar, and hence produces a mingled flavor, which, to most persons is more disagreeable than unadulterated bitterness. In these pills this is altogether avoided; the sugar and the medicine being entirely distinct from each other, so that the former must be thoroughly removed before the latter can manifest itself to the taste. It is universally known that nearly all diseases originate with impurity of blood. Pure blood is therefore essential to health. We must not, however, *wait* until the blood is impure, for then it takes time—and that time passed in ill health—to rectify it; but when the slightest derangement of the system is indicated by costiveness, or any other sign, it admonishes us that superfluities are gathering in the system, which should at once be got rid of, for their removal leaves the chyle, (from which the blood is formed) in a healthy state, and purity of blood must be the result. This fact, as stated, is universally known; but people have such an aversion to medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impaired constitution, or a fit of sickness rebukes them for the folly of their conduct. Still they had some excuse; for heretofore, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is most effectually removed; for CLICKENER'S SUGAR COATED VEGETABLE EXTRACT PILLS have no taste whatever of medicine—produce none of the nausea and griping, attendant on the operation of other medicine—while their speedy effect in removing all impurities from the system cannot be excelled by any other medicine which has ever been discovered.

It is unnecessary to say more here. If these pills are, as described, the public will freely and gladly patronise them; and the proprietor merely asks a trial, which he is sure of receiving, to prove that he assumes no merit for them which they do not fully possess.

Clickener's Sugar-coated Vevetable Extract Pills are prepared and sold, wholesale and retail and for exportation, by C. V. CLICKENER & Co., Chemists, at the wholesale and retail drug warehouse, No. 79 and 81 Barclay street, New York. Price 25 cents.

CAUTION.

The public should remember that C. V. Clickenener is the inventor of the Sugar-Coated Pills, and that nothing of the sort was ever heard of until he introduced them. Therefore should any other person, seduced by the popularity of his discovery, advertise Sugar Coated Pills, they must be a wretched counterfeit, which it would be dangerous to use, as none but the most ignorant quacks can be found dealing in such a nefarious traffic as palming off counterfeit for genuine medicines.

## BAKER'S FAMILY VEGETABLE PILLS,

*For the cure of Bilious, Ague, Spleen, Sick Headache, Dyspepsia, and all Derangements of the System.*

It is well known that a few general principles conduct the whole nourishment of the body; then, why not the cure of its diseases.

Dr. Rush says, "Disease consists in morbid excitement, and the cure of diseases consists in restoring the equal diffusion of excitement over the whole body." That is by removing obstructions.

This medicine has never failed, when used according to directions, to produce a healthy action, and restore vigor and tone to the system.

Read the following certificates recently received by the proprietor, proving the superiority of this purely vegetable compound.

N. B. To induce persons to give this medicine a fair trial, agents are authorised to refund the money to any one that has used half a box of it, according to directions, without benefit, on returning the remaining half box and writing his or her name on the label.

*PRICE—25 cents per box. Each box contains 50 pills.*

CERTIFICATES.

Mr Wm. Baker:

Dear Sir: I have used several boxes of your pills in my family, and I think with much benefit. I am not much of a pill man myself, but being somewhat dyspeptic, I am compelled occasionally to resort to purgatives, and I thought I would try your pills. I did so, and I feel no hesitation in saying that I derived as much benefit from them as from any medicine I have ever taken.

Yours. (Signed) WM. HAYNE.

Still Pond, 24th February, 1845.

I have used Baker's Vegetable Pills for soreness in the breast and pain in the side; one dose produced immediate relief. I have sold them to others for Ague and Fever, which disease they completely stop. I consider them an invaluable medicine.

I. ROGERS.

Belle Air, Kent Co. Md. March 22d, 1845.

(Extract.)

I believe Baker's Veg. Pills to be superior to any now used as a family medicine. I have taken them and found them easy in operation, producing little or no sickness at the stomach. They always relieve my wife of sick head ache. They have benefitted my little son, in ague, more than any other medicine he ever took.

WM. H. GODWIN.

Shaw's Mill, Kent Co. Md.

Mr. Wm. Baker, Dr. Sir:

I got a box of your Pills and used them in my family, taking several doses of them myself; and I feel satisfied from the trial I gave them that they are a good pill. I prefer them fo any I have ever taken. Be so good as to torward me another box, and oblige,

Yours, respectfully,
HENRY E. BRADLEY.

Still Pond, Feb. 14th, 1845.

I have used Baker's Family Vegetable Pills myself, and have given them to all my family. I have found them in every case an agreeable and gentle purge; always answering the purpose, for which they were taken. When taking them, we make no change in our diet. They are decidedly the best cathartic I have ever tried. Until I meet with better, I shall in all cases give them the preference.
