CLICKENER'S
SUGAR COATED VEGETABLE EXTRACT PILLS.

A medicinal preparation is herein announced which has been long desired, and sought for, and which the public must at once see and acknowledge the advantage of. It is a purgative pill, COATED WITH SUGAR, so that it leaves no taste whatever of its internal ingredients. In fact the medicine is so entirely disguised that if a person were to swallow the pills without being informed what they were, he would believe them to be simply lumps of pure sugar; nor could he afterwards, unless by its great purgative effect suspect that he had been taking medicine, for these pills are so skillfully prepared that they do not gripe the bowels; and thus the patient who takes them avoids two evils which attend all other purgative medicines; namely: nausea and pain. Medicine administered in all other sweet forms has the disadvantage of being *mixed* with the sugar, and hence produces a mingled flavor, which, to most persons is more disagreeable than an adulterated bitterness. In these pills this is altogether avoided; the sugar and the medicine being entirely distinct from each other, so that the former must be thoroughly removed before the latter can manifest itself to the taste. It is universally known that nearly all diseases originate with impurity of blood. Pure blood is therefore essential to health. We must not, however, *wait* until the blood is impure, for then it takes time—and that time passed in ill health—to rectify it; but when the slightest derangement of the system is indicated by costiveness, or any other sign, it admonishes us that superfluities are gathering in the system, which should at once be got rid of, for their removal leaves the chyle, (from which the blood is formed) in a healthy state, and purity of blood must be the result. This fact, as stated, is universally known; but people have such an aversion to medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impaired constitution, or a fit of sickness rebukes them for the folly of their conduct. Still they had some excuse; for heretofore, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is most effectually removed; for CLICKENER'S SUGAR COATED VEGETABLE EXTRACT PILLS have no taste whatever of medicine—produce none of the nausea and griping, attendant on the operation of other medicine—while their speedy effect in removing all impurities from the system cannot be excelled by any other medicine which has ever been discovered.

It is unnecessary to say more here. If these pills are, as described, the public will freely and gladly patronise them; and the proprietor merely asks a trial, which he is sure of receiving, to prove that he assumes no merit for them which they do not fully possess.

Clickener's Sugar-coated Vegetable Extract Pills are prepared and sold, wholesale and retail and for exportation, by C. V. CLICKENER & Co., Chemists, at the wholesale and retail drug warehouse, No. 79 and 81 Barclay street, New York. Price 25 cents.

CAUTION.

The public should remember that C. V. Clickenener is the inventor of the Sugar-Coated Pills, and that nothing of the sort was ever heard of until he introduced them. Therefore should any other person, seduced by the popularity of his discovery, advertise Sugar Coated Pills, they must be a wretched counterfeit, which it would be dangerous to use, as none but the most ignorant quacks can be found dealing in such a nefarious traffic as palming off counterfeit for genuine medicines.

BAKER'S FAMILY VEGETABLE PILLS,

For the cure of Bilious Ague, Spleen, Sick Headache, Dyspepsia, and all Derangements of the System.

It is well known that a few general principles conduct the whole nourishment of the body: then, why not the cure of its diseases. Dr. Rush says, "Disease consists in morbid excitement, and the cure of diseases consists in restoring the equal diffusion of excitement over the whole body." That is by removing obstructions.

his medicine has never failed, when used according to directions, to produce a healthy action, and restore vigor and tone to the system.

Read the following certificates recently received by the proprietor, proving the superiority of this purely vegetable compound.

N. B. To induce persons to give this medicine a fair trial, agents are authorised to refund the money to any one that has used half a box of it, according to directions, without benefit, on returning the remaining half box and writing his or her name on the label.

PRICE—25 cents per box. Each box contains 50 pills.

CERTIFICATES.

Mr Wm. Baker:

Dear Sir: I have used several boxes of your pills in my family, and I think with much benefit. I am not much of a pill man myself, but being somewhat dyspeptic, I am compelled occasionally to resort to purgatives, and I thought I would try your pills. I did so, and I feel no hesitation in saying that I derived as much benefit from them as from any medicine I have ever taken.

Yours, (Signed) WM. HAYNE.

Still Pond, 24th February, 1845.

I have used Baker's Vegetable Pills for soreness in the breast and pain in the side; one dose produced immediate relief. I have sold them to others for Ague and Fever, which disease they completely stop. I consider them an invaluable medicine.

I. ROGERS.

Belle Air, Kent Co. Md. March 22d, 1845.

(Extract.)

I believe Baker's Veg. Pills to be superior to any now used as a family medicine. I have taken them and found them easy in operation, producing little or no sickness at the stomach. They always relieve my wife of sick head ache. They have benefitted my little son, in ague, more than any other medicine he ever took.

WM. H. GODWIN.

Shaw's Mill, Kent Co. Md.

Mr Wm. Baker Dr. Sir:

I got a box of your Pills and used them in my family, taking several doses of them myself; and I feel satisfied from the trial I gave them that they are a good pill. I prefer them to any I have ever taken. Be so good as to forward me another box, and oblige,

Yours, respectfully,
HENRY E. BRADLEY.

Still Pond, Feb. 14th, 1845.

I have used Baker's Family Vegetable Pills myself, and have given them to all my family. I have found them in every case an agreeable and gentle purge; always answering the purpose for which they were taken. When taking them, we make no change in our diet. They are decidedly the best cathartic I have ever tried. Until I meet with better, I shall in all cases give them the preference.

(Signed) R W. PIPPIN.

INSURANCE.

THE UNDERSIGNED, at the solicitation of several persons in Chester Town, and of the Directors of the Franklin Fire Insurance Company of Philadelphia, has consented to act as agent for the said Company, in Kent county. A letter of Attorney, duly executed and attested by the seal of the corporation has been filed and recorded in the Clerk's Office of Kent county.

NEW INSURANCES, will be made and OLD POLICIES, renewed, upon very moderate terms.

Probably no Fire Insurance Company in the Union, has a higher reputation than the Franklin—or in its operations has been more successful. The capital of the Company is represented to be, $400,000 paid in, besides which they have $450,000 growing out of deposits on perpetual premiums, on temporary, insurances, and a contingent fund. The latter is upwards of $100,000 independent of any claims.—The investments of money by the company to meet any liabilities, they may incur, are chiefly in bonds, mortgages and real estate.

It would seem to be the dictate of prudence, in every one owning Houses or personal property, of a nature, liable to be destroyed by Fire, to provide some security against loss. By the payment of a very small sum of money, three fourths of the value of all property destroyed or impaired by fire may be realized in a few days.—Considering the number of Fires with which Chester Town, and indeed our county has been visited, we were not surprised at receiving from the Office, a list embracing so considerable a number of Policies, which were about to expire.

Insurance can be effected for one year on any building or property.

For seven years if requested on Frame buildings at a less price than annual insurances for the same period.

Perpetual Insurances on Brick or Stone buildings will be made at a premium of 3½ to 4 per cent., and the premium returned if requested, at any time, by deducting 5 per cent GEO. VICKERS, Agent
