KENT NEWS.

THE KENT NEWS,

A weekly newspaper, devoted to
AGRICULTURE, POLITICS & GENERAL NEWS

Thomas C. Pinkind.

Terms.

THE KENT NEWS is published every Saturday, at TWO DOLLARS AND FIFTY CENTS per year—payable at the expiration of the first six months; or TWO DOLLARS AND TWENTY-FIVE CENTS if paid within two months from the time of subscribing. Single copies, 6 1-4 cents.

No subscription will be received for a shorter period than six months, and no paper discontinued till all arrearages are paid

Advertisements not exceeding one square will be inserted three times for ONE DOLLAR, and twenty-five cents for each insertion thereafter. Larger ones in proportion.

A liberal deduction will be made to those who advertise by the year.

Advertisements must have the number of times marked on them for which they are intended to be inserted, otherwise they will be continued until ordered out, and charged accordingly.

☞All communications must be post paid.

CLICKENER'S
SUGAR COATED VEGETABLE EXTRACT PILLS.

A medicinal preparation is herein announced which has been long desired, and sought for, and which the public must at once see and acknowledge the advantage of. It is a purgative pill, COATED WITH SUGAR, so that it leaves no taste whatever of its internal ingredients. In fact the medicine is so entirely disguised that if a person were to swallow the pills without being informed what they were, he would believe them to be simply lumps of pure sugar; nor could he afterwards, unless by its great purgative effect suspect that he had been taking medicine, for these pills are so skillfully prepared that they do not gripe the bowels; and thus the patient who takes them avoids two evils which attend all other purgative medicines; namely: nausea and pain. Medicine administered in all other sweet forms has the disadvantage of being *mixed* with the sugar, and hence produces a mingled flavor, which, to most persons is more disagreeable than unadulterated bitterness. In these pills this is altogether avoided; the sugar and the medicine being entirely distinct from each other, so that the former must be thoroughly removed before the latter can manifest itself to the taste. It is universally known that nearly all diseases originate with impurity of blood. Pure blood is therefore essential to health. We must not, however, *wait* until the blood is impure, for then it takes time—and that me passed in ill health—to rectify it; but when the slightest derangement of the system is indicated by costiveness, or any other sign, it admonishes us that superfluities are gathering in the system, which should at once be got rid of, for their removal leaves the chyle, (from which the blood is formed) in a healthy state, and purity of blood must be the result. This fact, as stated, is universally known; but people have such an aversion to medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impaired constitution, or a fit of sickness rebukes them for the folly of their conduct. Still they had some excuse; for heretofore, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is most effectually removed; for CLICKENER'S SUGAR COATED VEGETABLE EXTRACT PILLS have no taste whatever of medicine—produce none of the nausea and griping, attendant on the operation of other medicine—while their speedy effect in removing all impurities from the system cannot be excelled by any other medicine which has ever been discovered.

It is unnecessary to say more here. If these pills are, as described, the public will freely and gladly patronise them; and the proprietor merely asks a trial, which he is sure of receiving, to prove that he assumes no merit for them which they do not fully possess.

Clickener's Sugar-coated Vegetable Extract Pills are prepared and sold, wholesale and retail and for exportation, by C. V. CLICKENER & Co., Chemists, at the wholesale and retail drug warehouse, No. 79 and 81 Barclay street, New York. Price 25 cents.

AGENTS:

Chestertown—Jno. Russell & Co.
Urie's Mill—Chas. T. Lusby.
Church Hill—Wm. Gould.
Massey's X Roads—C. R. Hackett.
Head of Sassafras—D. H. Kennedy.
Millington—H. V. Bryan.
Sudler's X Roads—J. W. E. Sudler.
George Town X Roads—N. Peacock.
Still Pond X Roads—D. Haines.
Hebron Town—John Wilson.

CAUTION.

The public should remember that C. V. Clickenener is the inventor of the Sugar-Coated Pills, and that nothing of the sort was ever heard of until he introduced them. Therefore should any other person, seduced by the popularity of his discovery, advertise Sugar-Coated Pills, they must be a wretched counterfeit, which it would be dangerous to use, as none but the most ignorant quacks can be found dealing in such a nefarious traffic as palming off counterfeit for genuine medicines.

Feb 15, 1845 1y

BAKER'S FAMILY VEGETABLE PILLS,

For the cure of Bilious, Ague, Spleen, Sick Headache, Dyspepsia, and all Derangements of the System.

It is well known that a few general principles conduct the whole nourishment of the body: then, why not the cure of its diseases. Dr. Rush says, "Disease consists in morbid excitement, and the cure of diseases consists in restoring the equal diffusion of excitement over the whole body." That is by removing obstructions.

This medicine has never failed, when used according to directions, to produce a healthy action, and restore vigor and tone to the system.

Read the following certificates recently received by the proprietor, proving the superiority of this purely vegetable compound.

PRICE, 25 cents per box. Each box contains 50 pills.

CERTIFICATES.

Mr Wm. Baker:

Dear Sir: I have used several boxes of your pills in my family, and I think with much benefit. I am not much of a pill man myself, but being somewhat dyspeptic, I am compelled occasionally to resort to purgatives, and I thought I would try your pills. I did so, and I feel no hesitation in saying that I derived as much benefit from them as from any medicine I have ever taken.

Yours, (Signed) WM. HAYNE.

Srill Pond, 24th February, 1845.

I have used Baker's Vegetable Pills for soreness in the breast and pain in the side; one dose produced immediate relief. I have sold them to others for Ague and Fever, which disease they completely stop. I consider them an invaluable medicine.

I. ROGERS.

Belle Air, Kent Co. Md. March 22d, 1845.

(Extract.)

I believe Baker's Veg. Pills to be superior to any now used as a family medicine. I have taken them and found them easy in operation, producing little or no sickness at the stomach. hey ways relieve my wife of sick head ache. hey have benefitted my little son, in ague, more than any other medicine he ever took.

WM. H. GODWIN.

Shaw's Mill, Kent Co. Md.

Mr. Wm. Baker, Dr. Sir:

I got a box of your Pills and used them in my family, taking several doses of them myself; and I feel satisfied from the trial I gave them that they are a good pill. I prefer them fo any I have ever taken. Be so good as to torward me another box, and oblige,

Yours, respectfully,
HENRY E. BRADLEY.

Still Pond, Feb. 14th, 1845.

I have used Baker's Family Vegetable Pills myself, and have given them to all my family. I have found them in every case an agreeable and gentle purge; always answering the purpose for which they were taken. When taking them, we make no change in our diet. They are decidedly the best cathartic I have ever tried. Until I meet with better, I shall in all cases give them the preference.

(Signed) R W. PIPPIN.

Near Chester own, March 26, 1845.

☞Other testimonials might be added; but the proper test of the virtue of the pills is—using them. WM. BAKER.

Near Chester own, Kent county, Md.

For sale by the following Agents—Chester Town, C Pinkind; Head of Sassafras, D H Kennedy; Millington, Matthew V Boyer; Massey's X Roads, Charles Hackett; Chester Ville, F R Foreman & Co; George own X Roads, Elijah Miller; Uriesville, Charles Lusby; Hepbron own, John Wilson; Worton Heights, Henry Cohee; Belle Air, Isaac Rogers; Shaw's Mill, W H Godwin; Rock Hall, H Blackston; Quaker Neck, Mr. Gregory.

Any orders left with Mr. Pinkind will be attended to.

THE best medicine known to man for incipient CONSUMPTION, Asthma of every stage, Liver Complaints, Bronchitis, Influenza, Coughs, Colds, Bleeding of the Lungs, Shortness of Breath, pain and weakness in the side, breast, &c. and all other diseases of the Pulmonary Organs.

A very important disease over which this "Balsam" exerts a very powerful influence, is that of a "Diseased Liver." In this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed, and in numerous instances when patients had endured long and severe suffering from the disease, without receiving the least benefit from various remedies, and even when Mercury has been resorted to in vain, the use of this Balsam has restored the Liver to a healthy action, and in many instances effected permanent cures after every known remedy had failed to produce this desired effect.

Besides its astonishing efficacy in the diseases above mentioned, we also find it a very effectual remedy in Asthma, a complaint in which it has been extensively used with decided success even in cases of years standing.

NATURE'S OWN PRESCRIPTION.

A compound Balsamic preparation of the Prunus Virginia, or "Wild Cherry Bark," combined with the Extract of Tar, prepared by a new chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

The universal celebrity which this medicine is rapidly gaining in every section of the country, and the many astonishing cures it has effected, have now established its efficacy beyond all doubt; but it should be remembered, that in diseases of the Lungs or Liver, as in all other chronic affections, a little time is always necessary to effect a cure. Although in most cases the Balsam will afford a most immediate relief, and often effect great changes in a few days, it cannot reasonably be expected to produce the same salutary effect in every case in so short a time; yet, from the high celebrity it has acquired, we find many persons are apt to expect too much at the commencement, while others expect a *single bottle* to afford them greater relief than all the medicine they had taken for months past.

We will not assert that this Balsam will cure consumption in its *worst form*, but it has cured many after all other means of relief had been tried in vain. And why not? It seems that the Wild Cherry was destined by Nature to be our Panacea for the ravaging diseases of this latitude. Let not the desparing invalid waste his money and lose time, to him so all important, in *experimenting* with the trashy nostrums of the day, but use at once a medicine that will cure, if a cure be possible—a medicine that science approves, and many years of experience have demonstrated that it *always* relieves. "There is no such thing as fail" in the history of this wonderful Balsam. Evidence the most convincing—evidence that no one *can* doubt, fully establishes this fact.

In presenting this highly useful and valuable medicine to public notice as a remedy for Consumption and Pulmonary diseases in general, the proprietor has been actuated solely by the great success attending its use in his practice and a desire to benefit the afflicted, and would therefore wish particularly to impress upon the public mind, that it is entirely different from the *nostrums* daily ushered into notice by *boasting quacks*. as it not only emanates from a regular *Physician*, but has also been well tested in all the complaints for which it is recommended. It is not my intention, therefore, either to cloak it in mystery or in any way deceive the public by overrating its virtues; on the contrary I shall simply endeavour to give a brief statement of its usefulness, and flatter myself that its surprising efficacy will enable me to furnish such proofs of its virtues as will satisfy the most incredulous that CONSUMPTION may and "CAN BE CURED," if this medicine be resorted to in time.

NO QUACKERY! NO DECEPTION! All published statements of cures performed by this medicine, are, in every respect, true.

BEWARE OF COUNTERFEITS AND IMITATIONS.—The unparalleled and astonishing efficacy of Dr. Wistar's Balsam of Wild Cherry in all the diseases for which it is recommended—curing many cases after the skill of the best physicians was unavailing—has effected a large and increasing demand for it. This fact has caused several unprincipled counterfeitors and imitators to palm off spurious mixtures of similar name and appearance, for the genuine Balsam.

Bh careful and get the genuine Dr. Wistar's Balsam of Wild Cherry. None genuine unless signed by I. BUTTS. Address all orders to SETH W. FOWLE, Boston, Mass.

For sale in Chester Town by John Russell & Co.
George Town X Roads by Nathan Peacock.
Church Hill by Wm Gould.
And by dealers in medicine, generally, throughout the State.

February 28th, 1846.

GROSS FRAUDS UPON THE PUBLIC!

THE LIVES OF THE PEOPLE IN DANGER!!!

BEWARE OF POISON!!!

HISTORY OF SMITH'S MEDICAL CAREER, COUNTERFEITING, &c.

In the spring of 1843, this would be Dr. Smith commenced his career in the healing art. Being entirely destitute of any visible means of support, he applied to one T. W. Dyott, of Philadelphia, to assist him, or advance to him an assortment of patent medicines to be sold on commission; this being complied with, said Smith took a small store on Broadway, New York, for the sale of the said medicines, and this, in connection with his assisting his mother-in-law to make poultices for the hospital, where she was then a servant, enabled them, conjointly, to procure a scanty livelihood. The fertility of his brain produced a scheme which required all his talant to mature.—Having been assistant poultice and plaster maker, he assumed to himself the title of M. D. to add importance to the design which he shortly carried into effect. Said Smith issued forth to the world a Corn-Plaster which he denominated Sir Astley Cooper's Corn-Salve. If departed spirits were permitted to know the things of this world, Sir Astley would have laughed at this villian's ingenuity. This fraud took all the money received on account of sales for said Dyott, to procure the ingredients and manufacture this astonishing Corn-Salve. The publishing its wonderful properties to the world, added to other expenses, far exceeded his income. The wonder-working power was justly suspected, and said Dyott concluding the extracting properties of the Corn-Plaster was derived from the use of his property, he, therefore, closed the concern, which left said Smith in a very unenviable condition, his coat and character worn threadbare.

Lost to all moral restraint, he next determined to enter into the business of counterfeiting, for which purpose he obtained the use of a cellar on Northmore street, New York. He here commenced operations, in this second scheme, by villainously counterfeiting all medicines of known celebrity, regardless of their deleterious effects on the human system, by which thousands, no doubt, were hurried prematurely to their grave. His first effort was at counterfeiting Wright's Indian Vegetable Pills, this fraud was soon discovered, and Smith punished. He next turned his attention to Sand's Sarsaparilla, and for a short time counterfeited this article; a prompt exposure on the part of the Messrs. Sands, soon put a stop to this second imposition. He then commenced counterfeiting Sherman's Lozenges, and, in this instance, said Smith barely escaped the *penitentiary*, where he would have received the reward for his villiany, which he had so long and justly merited, but for his tears and supplications to Dr. Sherman, who forgave him his offence, on condition that he would give up all the counterfeit Lozenges, plates, labels, &c.. and make oath before Gen. Sanford that he would discontinue his poisonous practices and sin no more; this chance he readily but mournfully embraced. As a proof of that assertion, I refer to the affidavit in question, made before General Sanford, which can be seen at his affice No. 12 Warren street, New York. I will also refer to Dr. Sherman's letter of Dec. 2, 1843, which is as follows.

NEW YORK, December 2, 1843.

DEAR SIR: Yours of yesterday is at hand. I sent the box of Lozenges to Freehold, but not as soon as ordered. I have got from G. B. Smith, and his mother-in-law Mrs. Gould, about 1,900 boxes of counterfeit Lozenges, 600 or 800 pounds do., a lot of boxes, plates, labels, &c. I am following these counterfeiters up, and will break up their whole business.

Yours, &c.

A. SHERMAN, No. 19, Nassau street.

The only agent for Clickner's Sugar Coated Pills in Chester Town is Mr. John Russell.

C. V. CLICKNER.

No. 79 and 81 Barclay Street New York.
March 14th, 1846.

CONFESSION.

I, the subscriber, publicly confess that I have been affected with a SECRET DISEASE ever since 1823, I had thirteen eminent physicians whose names are recorded at the French Medical House; some of them abated the disease, but it always returned worse than before, until it carried away both sides of my throat and pierced the top of my palate. I also lost several bones of my nose and was almost blind of an eye, and my face was covered with an immense quantity of scabs, between which the skin was as red as scarlet, and I was indeed in a deplorable condition, so much so that the learned professor S. pronounced me incurable. It was obvious to me, then, that a common doctor could not extricate me from the jaws of death—for they all follow the same old *rote*, with their train of mercury, mixtures or pills, invented by ignorance and continued by cupidity, and do no good to any but the *venders*. Several persons recommended the French Doctor of the Medical House, 16 South FREDERICK ST. as a scientific man and a rare genius in those complaints. I went to him and he pledged himself to cure me on written guaraty; and he furnished me with one room in his house, as he generally does with strangers, at no cure no pay. I did not hesitate at all on seeing so many likenesses of patients who are living witnesses of the many wonderful cures he has performed in almost every kind of disease.—Then he had my daguerreotype likeness taken and I took his medicine for about a year, which completely cured me. He had then my other likeness taken, and both are to be seen at his office. If this meets the eye of some wretched being in the grasp of death, as I was, let him fly to this praiseworthy philanthropist, whose deep knowledge of the vital principles which animate and move the human frame, are known in both hemispheres; and I believe in my very soul (not forgetting that I am on oath) that his exquisite genius will discover as many new and well appropriated remedies, as new diseasas may be formed.

HENRY BRUMMER.

Sworn before Justice Wm. McJaulton, the 30th October, 1845, Baltimore, Md.

December 6th, 1845. 1y

IMPURITY OF BLOOD CAUSES PAIN, AND OCCASIONS

disease upon that part of the body which from any cause may be weakest. Thus, in persons whose blood is impure, should they have a cold, the impure matter would settle upon their lungs, and consumption be the trouble; so with other affections. All trouble is saved by using the Brandereth's Pills which cannot injure, and which cannot be overdone. Only use them in the commencement of any disease, use them in full doses, and you will be up and well, while those who are too wise to take such a simple medicine, are bed ridden, or prematurely end their days. The Brandereth Pills are only beginning to be appreciated; they are found never to deceive; they are the only internal medicine required in this climate. Be careful of pretended universal purgatives, which cannot be used without injury to the body as Brandreth's Pills can What are they? Are they not imitations of the Brandreth Pills recommended in advertisements stolen from Dr. Brandreth? Were they not originally counterfeit pills purporting to be the genuine Brandreth Pills? But in consequence of the new labels on the Brandreth pill boxes, are they not obliged to come out under other colors equally false? Observe the makers and travelling agents! Are they not men whom Dr. Brandreth has cast off.—not for good conduct, truly? Is not this true as applicable to the pretended "Indian" and, in fact, to nearly all the advertised pills of the day? Shall the public trust their lives in the hands of these unprincipled men? Surely not. The Brandreth Pills give strength for weakness; they are liked best by those who have taken the most of them. Dr. Brandreth can give personal reference to thousands who have been restored from a bed of sickness by their use, when every other means had proved entirely unavailing. These cases are continually occurring in this city, and in every part of the Union. Get Brandreth's Pills if you are not perfectly healthy, and they will restore you, if medicine can do it; because they expel those humors which are the cause of impurity of the blood, and, at the same time, the body is strengthened by the opeation of this most excellent medicine. Dr. Brandreth's Principle Office, 241 Broadway, New York, with English, French, German, Spanish and Portuguese directions, and by one agent in every place of importance throughout the world, each agent having a certificate of agency from Dr. Brandreth, having fac-similes of labels on the Brandreth Pill boxes engraved thereon.

The Great Digester and Wind Destroyer.

The most anti-flatulent Medicine ever known in the world, which cures and prevents the formation of Dyspepsia, Consumption Disease of the Heart, Rheumatic pains, Costiveness, Liver Complaint, Pains in the Side or in the Small of the Back, Palpitation of the Heart, Headache, Sore Throat, Shortness of Breath, Gout, Cold, Cholic, and is a perfect emmenagogue. This Medicine has been invented more than a score of years ago by the French Doctor of the French Medical House, 16 South Frederick street, Baltimore, when he was living in Paris as a practising physician and lecturer. He then made a chemical extraction of the juice of blossoms of certain flowers, which acts wonderfully on the nervous system and re-establishes its own circulation. The Dr. has used it ever since in the above named Diseases, with great success. Many persons think that the French Doctor confines his practice solely to Secret Diseases, but such is not the case; any disease whatever will be treated and cured on written guanty and forfeiture, if desired, with strict honesty—even those given up by the Regular Doctors. Persons at a distance may consult the French Doctor by letter, and have the medicine sent to them. Advice gratis.

THE GOLDEN SWAN.

The subscriber having taken that excellent and commodious HOUSE in Millington, formerly occupied by Mr. Sherron, called

"*THE GOLDEN SWAN,*"

respectfully solicits a share of public patronage.

This Hotel is pleasantly situated on the two most public streets in the flourishing town of Millington, in Kent county—is nearly new, with a suitable parlour and dining room, where travellers can be as retired as they may desire. The chambers are also of good size and pleasant.

The undersigned, having been engaged for many years in the occupation of tavern keeping, flatters himself that he can give universal satisfaction. If a good table—good beds, and the best of liquors, with perfect order and decorum in the establishment; fine stabling, an abundance of provender and feed, and the best of hostlers, be desirable considerations with travellers, no one will ever leave his establishment without being gratified.

Single meals, cold snacks, suppers, &c. can be furnished at any hour, upon short notice, and if the desire to please, with the exercise of every means in his power, to do so, can give satisfaction, he feels confident that no one will ever complain, either of his fare or of his charges.

REESE MERRITT.

Millington, Kent co.
January 17th, 1846. 3m

No Mercury or Copaiva.

There are two ways to treat a Secert Disease, the first, so much boasted of, is merely the temporary disappearace of the systoms, by means of mercury or copaiva, and requires but a day or two, but it is very injurious indeed; the second way is to eradicate it out of the system, slowly, safely, and surely, without Mercury or Copaiva. As the wise say—

Sound in a day or two,
'Tis too good to be true.

Thirty odd years of experience in the scientific of curing Secret Diseases in Paris and America, have enabled the French Doctor of the French Medical House, 16 south Frederick street, near Second street, to eradicate the most virulent disease, no matter from what cause it may have originated, in a very short but reasonable time, without Mercury or Copaiva. Victims of an improper treatment, and wavied with disppointment, may confidently apply. Persons who have injured their Health by a certain practice called solitary vice, will be restored to prime vigor. This is the only place in Baltimore where a cure can be had on written guaranty and forfeiture with strict honesty, and terms moderate. The most respectable city evidences will be given. Advice gratis.

ELECTRICITY.

COAD'S
PATENT GRADUATED
GALVANIC *BATTERY.*

THIS BATTERY, which was exhibited during the past and present week, by Dr. Olmstead, of Pennsylvania, at the Masonic Hall and at Capt. Strandberg's Hotel, in Chester Town, has been purchased, and also the patent for Kent county, and is now in the hands of the undersigned, who, having had full and detailed instructions, as to its management and application, is prepared to administer operations, either at his dwelling, in Chester Town, or at the private residence of any one who may desire his services.

Among a number of beneficial operations performed by Dr. Olmstead, one of the most striking was upon a small and interesting little child of Mr. S. Wickes, jr. who had been afflicted with partial paralysis.

The Machine is so constructed, that the fluid is communicated to the subject without any shock or unpleasant sensation, and it can be applied to any part of the system without the slightest inconvenience. The quantity of galvanism is entirely under the controul of the operator, and can be increased or diminished, at the desire of the patient, in a moment of time.

Several cases of rheumatism, &c. were relieved by Dr. O. during his visit to Chester Town, and a number of certificates exhibited from the Medical Faculty in Philadelphia, of the utility of electricity or galvanism, as communicated by this machine, in cases of chronic inflammation, paralysis, neuralgic and nervous affections.

The charges for operations will be reasonable, and graduated by the number which may be had in a month.

A C. WILLIAMS, M. D.

Chester Town,
January 24th, 1846.

NOTICE.

ALL PAPERS relating to the official business of the late Veazey Sutton, a Constable, have been placed in the hands of A. W. Sparks, Esq. with authority to close all such unsettled business, as speedily as practicable. Persons holding receipts of Mr Sutton for claims for collection will be pleased to exhibit them to Mr. Sparks, and where no receipts for claims placed in his hands, have been given, the creditors will make known to Mr. S. the amounts and nature of such claims. All payments on official business will be made to Mr. Sparks, who is authorized to receipt for all such payments.

Justice to the securities of Mr. Sutton on his several bonds, as well as to his family, make it necessary that the true condition of the estate should be known very soon. It is therefore earnestly desired and requested, that those who may be interested, in any manner, in the official business of the deceased, will give prompt and efficient attention to this notice.

GEORGE VICKERS,
Adm.'r Veazey Sutton.

Chester Town,
Jan.'y 24th, 1846

N. B. All persons indebted to the late Veazey Sutton on private account or note are requested to call on the subscriber by an early day. Those having claims of a similar character against the deceased, are requested to exhibit them, duly authenticated.

G. V. Adm. V. S.

TO THE PUBLIC.
New and Cheap Wholesale and Retail Dry Good Store.

J. OSBORN DUGAN, respectfully informs the public that he has opened a dry good store, at No. 115, North Gay street, (old town) Baltimore, where he has for sale a very superior stock of dry goods, &c. such as laces, ribbons, embroidery, swiss and book muslins, jaconette, cambric and other muslins, dress caps, capes, collars, flowers, feathers, blond mitts and netts, polka laces, illusions, mode de Paris, calicoes, domestics, tickings, checks, plades, flannels, silk and cotton hosiery, handk'fs, scarfs, shawls, &c.—and in fact every kind of dry goods, for prices and quality are not to be equalled in the city.

The subscriber can only say that he will be happy to see his friends and customers when they may rely upon getting cheap and handsome goods; in fact lower than they can be purchased at any wholesale store in New York.

All orders thankfully received and promptly attend to.
