WISTAR'S BALSAM OF WILD CHERRY — THE GREAT REMEDY

THE best medicine known to man for incipient CONSUMPTION, Asthma of every stage, Liver Complaints, Bronchitis, Influenza, Coughs, Colds, Bleeding of the Lungs, Shortness of Breath, pain and weakness in the side, breast, &c. and all other diseases of the Pulmonary Organs.

A very important disease over which this "Balsam" exerts a very powerful influence, is that of a "Diseased Liver." In this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed, and in numerous instances when patients had endured long and severe suffering from the disease, without receiving the least benefit from various remedies, and even when Mercury has been resorted to in vain, the use of this Balsam has restored the Liver to a healthy action, and in many instances effected permanent cures after every known remedy had failed to produce this desired effect.

Besides its astonishing efficacy in the diseases above mentioned, we also find it a very effectual remedy in Asthma, a complaint in which it has been extensively used with decided success even in cases of years standing.

NATURE'S OWN PRESCRIPTION.

A compound Balsamic preparation of the Prunus Virginia, or "Wild Cherry Bark," combined with the Extract of Tar, prepared by a new chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

The universal celebrity which this medicine is rapidly gaining in every section of the country, and the many astonishing cures it has effected, have now established its efficacy beyond all doubt; but it should be remembered, that in diseases of the Lungs or Liver, as in all other chronic affections, a little time is always necessary to effect a cure. Although in most cases the Balsam will afford a most immediate relief, and often effect great changes in a few days, it cannot reasonably be expected to produce the same salutary effect in every case in so short a time; yet, from the high celebrity it has acquired, we find many persons are apt to expect too much at the commencement, while others expect a *single bottle* to afford them greater relief than all the medicine they had taken for months past.

We will not assert that this Balsam will cure consumption in its *worst form*, but it has cured many after all other means of relief had been tried in vain. And why not? It seems that the Wild Cherry was destined by Nature to be our Panacea for the ravaging diseases of this latitude. Let not the desparing invalid waste his money and lose time, to him so all important, in *experimenting* with the trashy nostrums of the day, but use at once a medicine that will cure, if a cure be possible—a medicine that science approves, and many years of experience have demonstrated that it *always* relieves. "There is no such thing as fail" in the history of this wonderful Balsam. Evidence the most convincing—evidence that no one *can* doubt, fully establishes this fact.

In presenting this highly useful and valuable medicine to public notice as a remedy for Consumption and Pulmonary diseases in general, the proprietor has been actuated solely by the great success attending its use in his practice and a desire to benefit the afflicted, and would therefore wish particularly to impress upon the public mind, that it is entirely different from the *nostrums* daily ushered into notice by *boasting quacks*, as it not only emanates from a regular *Physician*, but has also been well tested in all the complaints for which it is recommended. It is not my intention, therefore, either to cloak it in mystery or in any way deceive the public by overrating its virtues; on the contrary I shall simply endeavour to give a brief statement of its usefulness, and flatter myself that its surprising efficacy will enable me to furnish such proofs of its virtues as will satisfy the most incredulous that CONSUMPTION may and "CAN BE CURED," if this medicine be resorted to in time.

NO QUACKERY! NO DECEPTION!

All published statements of cures performed by this medicine, are, in every respect, true.

BEWARE OF COUNTERFEITS AND IMITATIONS.—The unparalleled and astonishing efficacy of Dr. Wistar's Balsam of Wild Cherry in all the diseases for which it is recommended—curing many cases after the skill of the best physicians was unavailing—has effected a large and increasing demand for it. This fact has caused several unprincipled counterfeitors and imitators to palm off spurious mixtures of similar name and appearance, for the genuine Balsam.

Be careful and get the genuine Dr. Wistar's Balsam of Wild Cherry. None genuine unless signed by I. BUTTS. Address all orders to SETH W. FOWLE, Boston, Mass.

For sale in Chester Town by John Russell & Co.
George Town X Roads by Nathan Peacock.
Church Hill by Wm Gould.
And by dealers in medicine, generally, throughout the State.

BEWARE OF POISON!!!

HISTORY OF SMITH'S MEDICAL CAREER, COUNTERFEITING, &c.

In the spring of 1843, this would be Dr. Smith commenced his career in the healing art. Being entirely destitute of any visible means of support, he applied to one T. W. Dyott, of Philadelphia, to assist him, or advance to him an assortment of patent medicines to be sold on commission; this being complied with, said Smith took a small store on Broadway, New York, for the sale of the said medicines, and this, in connection with his assisting his mother-in-law to make poultices for the hospital, where she was then a servant, enabled them, conjointly, to procure a scanty livelihood. The fertility of his brain produced a scheme which required all his talant to mature.—Having been assistant poultice and plaster maker, he assumed to himself the title of M. D. to add importance to the design which he shortly carried into effect. Said Smith issued forth to the world a Corn-Plaster which he denominated Sir Astley Cooper's Corn-Salve. If departed spirits were permitted to know the things of this world, Sir Astley would have laughed at this villian's ingenuity. This fraud took all the money received on account of sales for said Dyott, to procure the ingredients and manufacture this astonishing Corn-Salve. The publishing its wonderful properties to the world, added to other expenses, far exceeded his income. The wonder-working power was justly suspected, and said Dyott concluding the extracting properties of the Corn-Plaster was derived from the use of his property, he, therefore, closed the concern, which left said Smith in a very unenviable condition, his coat and character worn threadbare.

Lost to all moral restraint, he next determined to enter into the business of counterfeiting, for which purpose he obtained the use of a cellar on Northmore street, New York. He here commenced operations, in this second scheme, by villainously counterfeiting all medicines of known celebrity, regardless of their deleterious effects on the human system, by which thousands, no doubt, were hurried prematurely to their grave. His first effort was at counterfeiting Wright's Indian Vegetable Pills, this fraud was soon discovered, and Smith punished. He next turned his attention to Sand's Sarsaparilla, and for a short time counterfeited this article; a prompt exposure on the part of the Messrs. Sands, soon put a stop to this second imposition. He then commenced counterfeiting Sherman's Lozenges, and, in this instance, said Smith barely escaped the *penitentiary*, where he would have received the reward for his villiany, which he had so long and justly merited, but for his tears and supplications to Dr. Sherman, who forgave him his offence, on condition that he would give up all the counterfeit Lozenges, plates, labels, &c.. and make oath before Gen. Sanford that he would discontinue his poisonous practices and sin no more; this chance he readily but mournfully embraced As a proof of that assertion, I refer to the affidavit in question, made before General Sanford, which can be seen at his office, No. 12 Warren street, New York. I will also refer to Dr. Sherman's letter of Dec. 2, 1843, which is as follows.

NEW YORK, December 2, 1843.

DEAR SIR: Yours of yesterday is at hand. I sent the box of Lozenges to Freehold, but not as soon as ordered. I have got from G. B. Smith, and his mother-in-law Mrs. Gould, about 1,900 boxes of counterfeit Lozenges, 600 or 800 pounds do., a lot of boxes, plates, labels, &c. I am following these counterfeiters up, and will break up their whole business.

Yours, &c.

CONFESSION.

I, the subscriber, publicly confess that I have been affected with a SECRET DISEASE ever since 1823, I had thirteen eminent physicians whose names are recorded at the French Medical House; some of them abated the disease, but it always returned worse than before, until it carried away both sides of my throat and pierced the top of my palate. I also lost several bones of my nose and was almost blind of an eye, and my face was covered with an immense quantity of scabs, between which the skin was as red as scarlet, and I was indeed in a deplorable condition, so much so that the learned professor S. pronounced me incurable. It was obvious to me, then, that a common doctor could not extricate me from the jaws of death—for they all follow the same old *rote*, with their train of mercury, mixtures or pills, invented by ignorance and continued by cupidity, and do no good to any but the *venders*. Several persons recommended the French Doctor of the Medical House, 16 South FREDERICK ST. as a scientific man and a rare genius in those complaints. I went to him and he pledged himself to cure me on written guaraty; and he furnished me with one room in his house, as he generally does with strangers, at no cure no pay. I did not hesitate at all on seeing so many likenesses of patients who are living witnesses of the many wonderful cures he has performed in almost every kind of disease.—Then he had my daguerreotype likeness taken and I took his medicine for about a year, which completely cured me. He had then my other likeness taken, and both are to be seen at his office. If this meets the eye of some wretched being in the grasp of death, as I was, let him fly to this praiseworthy philanthropist, whose deep knowledge of the vital principles which animate and move the human frame, are known in both hemispheres; and I believe in my very soul (not forgetting that I am on oath) that his exquisite genius will discover as many new and well appropriated remedies, as new diseasas may be formed.

IMPURITY OF BLOOD CAUSES PAIN, AND OCCASIONS

disease upon that part of the body which from any cause may be weakest. Thus, in persons whose blood is impure, should they have a cold, the impure matter would settle upon their lungs, and consumption be the trouble; so with other affections. All trouble is saved by using the Brandreth's Pills which cannot injure, and which cannot be overdone. Only use them in the commencement of any disease, use them in full doses, and you will be up and well, while those who are too wise to take such a simple medicine, are bed ridden, or prematurely end their days. The Brandreth Pills are only beginning to be appreciated; they are found never to deceive; they are the only internal medicine required in this climate. Be careful of pretended universal purgatives, which cannot be used without injury to the body as Brandreth's Pills can What are they? Are they not imitations of the Brandreth Pills recommended in advertisements stolen from Dr. Brandreth? Were they not originally counterfeit pills purporting to be the genuine Brandreth Pills? But in consequence of the new labels on the Brandreth pill boxes, are they not obliged to come out under other colors equally false? Observe the makers and travelling agents! Are they not men whom Dr. Brandreth has cast off,—not for good conduct, truly? Is not this true as applicable to the pretended "Indian" and, in fact, to nearly all the advertised pills of the day? Shall the public trust their lives in the hands of these unprincipled men? Surely not. The Brandreth Pills give strength for weakness; they are liked best by those who have taken the most of them. Dr. Brandreth can give personal reference to thousands who have been restored from a bed of sickness by their use, when every other means had proved entirely unavailing. These cases are continually occurring in this city, and in every part of the Union. Get Brandreth's Pills if you are not perfectly healthy, and they will restore you, if medicine can do it; because they expel those humors which are the cause of impurity of the blood, and, at the same time, the body is strengthened by the opeation of this most excellent medicine. Dr. Brandreth's Principle Office, 241 Broadway, New York, with English, French, German, Spanish and Portuguese directions, and by one agent in every place of importance throughout the world, each agent having a certificate of agency from Dr. Brandreth, having fac-similes of labels on the Brandreth Pill boxes engraved thereon.
