MACHINEST AND STEAM ENGINE

BUILDERS.

THE undersigned having formed a copartnership or firm by the name of PUSEY & JONES, have lately commenced the above business, which they design carrying on in all its various branches, at the building they now occupy, near the railroad depot in this city (the property late of the Wilmington Whaling Co—first wharf above Young's ship yard.) They are therefore prepared to execute orders for

STEAM ENGINES, STEAM SAW MILL

Works of improved construction, and other mill gearing and machinery. They likewise make repairs of those articles at short notice, and will make machinest tools, such as slide lathes, hand lathes, planing machines, &c &c.

Address PUSEY & JONES, Wilmington, Del.

JOHN L. PUSEY, JOHN JONES.

IMPORTANT TO

TOBACCO PLANTERS.

THE undersigned most respectfully call the attention of Tobacco Planters to their Chemical preparation for the improvement of the growth and quality of this plant. Their preparation will be known as "Kettlewell & Davidson's Tobacco Generator," and is manufactured expressly for the object indicated—the utmost care and investigation having been made to secure all the inorganic elements necessary to its growth and quality. Its effect upon poor and impoverished lands will require the test of experience to make it justly appreciated. The undersigned honestly believe that this compound will prove of vast importance to the Tobacco Interests of the State; but prefer reserving any further expression of their opinion of its qualities, sincerely hoping, that sufficient enterprise will not be wanting to give it a fair trial, no difference how small the experiment.

The material of which the "Generator" is composed is alike scarce and expensive, therefore those who desire to make the experiment will do well to apply early. It is put up in barrels of 300 lbs. each and should be applied upon the surface of the ground, in quantities from two to four spoonsfuls upon each hill, according to the quality and condition of the soil.—Price $30 per ton, or $6 per bbl.

KETTLEWELL & DAVIDSON.

Factory, Hamburg st., Federal Hill. Office at Ober & McConkey's, Wholesale Drug Store, N. E. cor. of Lombard and Hanover sts.

The subscribers also avail themselves of this opportunity to inform the Farmers and Planters of this State, and elsewhere, that they have established, under the firm of Kettlewell and Davidson, an "Agricultural Depot," in Baltimore, for the manufacture of CHEMICAL MANURES adapted to all descriptions of grain, grass and tobacco. They will, in due season for the fall crops, present to the public (sustained by certificates of the ablest chemists and the most practical and accomplished farmers) their "Agricultural Renovator," a chemical manure for the rapid and permanent improvement of land, which experience will show to be inferior to none now attracting the attention of agriculturists. Orders for the Agricultural Renovator, for the corn or oats crop, will receive prompt attention.

Price $20 per ton, in bbls. of 300 lbs. each.

JOHN KETTLEWELL,
WILLIAM DAVIDSON, Chemist.

When the undersigned wrote their advertisement of Chemical Manure, they had not intended to present any testimony of its quality, at this time; but, upon reflection, and feeling the importance of getting their Agricultural Renovator into notice at an early day, they have determined to place before the public the following communication and analysis, made by the late lamented and distinguished Professor Ducatel, in whose sudden death the science, as well as the agricultural interests of Maryland, have met with no ordinary loss.—name so well known as the late State geologist, for high capacity and unblemished purity of character, will, it is believed, satisfy the public that, in the purchase of their article, all cautions of impositions, if directed against them, would be alike urgent and important. The original communication of Professor Ducatel is left at the Maryland State Agricultural Society's Hall. KETTLEWELL & DAVISON.

BALTIMORE April 7, 1849.

Mr. John Kettlewell—Dear Sir: After witnessing the process through which you carry on the operations in the manufacture of your *Fertilising Salts*, and being perfectly satisfied that you were proceeding artistically in the matter, I have at your further request submitted to analysis the result of the various mixtures growing out therefrom, and I have to report as follows:

COMPOSITION—	Bi-phospha of Lime,	60
	Potassa,	10
	Nitrate of Soda,	10
	Sulphate of Ammonia,	5
	Animal Matter,	15
		100

It is evident, from the consideration of the constituents of the mixtures, as represented above, that it cannot fail to be of infinite benefit to almost all kinds of soil. I would have no hesitation in recommending it to our farmers, without any other restriction, at first, than moderate application, by way of experiment. Of course, not having any *experience* myself of its actual efficacy, I feel bound to express the latter restriction without, however, entertaining much doubt as to the final result.

I may add, that in consideration of the proportion of *animal matter* which the mixture contains, there is reason to believe that a large proportion of *Ammonia* will be evolved, which, besides enhancing the value, will render it more permanent. Further, I have no hesitation in saying that your compound of "*Chemical Salts*" is at least equal if not superior, always with the proviso of being judiciously applied, to any other that I have had occasion to examine so far, without excepting the now well known article called *Peruvian Guano*.

Very truly, yours, &c.
J. J. DUCATEL, Chemist.

May 5, 1849. 3w

☞Messrs. Ober & McConkey, N. E. cor. of Lombard and Hanover sts. Baltimore, are authorized to sell and receive orders. Tobacco Generator, $30 per ton—Renovater, $20 per ton. K. & D.

Personal Discharge.

NOTICE is hereby gived to the creditors of Thomas Carroll, that a personal discharge hath been granted to said insolvent debtor, and that the 19th day of September, being the first Wednesday of our county Court next succeeding this date, hath been set apart for the final hearing in his case wherein his creditors may attend and shew cause if any they have why a final discharge shall not be granted said debtor.

DR. MARTIN'S

Universal Purgative Pills,

A Remedy for all seasons, and safe at all times. The most superficial observer is aware that one great cause of disease is Costiveness, and that by the timely taking of a Purgative, the system is often restored to its usual health. By such a course, the lives of hundreds are saved, who would otherwise have fallen victims to disease. These pills remove all irritating matter in the bowels, and exciting the biliary functions to a healthy action. The press is teeming with the recommendations of purgative pills, gotten up by men who know nothing of the effects of medicine on the human system, and hence are endangering the lives of thousands, who are daily using them. In offering, therefore, these pills, we think we are doing a public benefit, as they are the prescription of a regular physician, who has used them in his practice for ten or fifteen years, and with great success.

☞Prepared and sold by Martin & Whiteley, at their Wholesale Drug Store, No. 48 South Calvert street. [mh 3. 1y

---

Martin & Whiteley's

National Tonic,

A CERTAIN CURE FOR

Fever and Ague and Dyspeptia.

IN our Summer and Fall months many sections of our country are prostrated by this disease. It has been our particular study to find out some remedy to stop this truly dreadful scourge, and think by this TONIC we have effected the great object. It is also, we think the very best remedy in Dyspeptia, and if our directions are followed, will not fail to effect a cure. Read the pamphlets which you get from one of our agents, gratis, and we think you will be convinced we are right.

Read the following.

Baltimore, Jan. 11th, 1849.

Messrs. Martin & Whiteley;

Gents,—Having used your National Tonic for Dyspepsia, which has troubled me to a great extent for some years, I am pleased to say to you that it has cured me effectually. I had taken a good deal of medicine, hoping to be relieved, but nothing has done me any service till I took your tonic.

THOS. N. GOULD,
Cabinet Maker, 50 Sharp st.

Prepared and sold by Martin & Whiteley at their Wholesale Drug Store, No. 48 South Calvert st., Baltimore. Mh 3

DR. MARTIN'S Compound Syrup of Wild Cherry, is the best medicine for Coughs, Colds, Consumption, Asthma, Spitting of Blood etc. Read the following:

Dr. Martin—Dear Sir.

Having received such great relief from the use of your Compound Syrup of Wild Cherry, I have determined to send you a statement of my case as it was when I commenced the use of it. I had had for some weeks a violent cough, and was under the care of my family physician, the late Dr R. A. Durkee, whose experience in such matters no man ever doubted, yet my cough continued to increase, and I was so much reduced in flesh, I as well as my family become alarmed. In December last I called on you, as I knew you had for many years back attended my brother, the late Dr. Charles Tilden of Caroline county, Md., whose wife and two children and himself have since died of consumption. You seemed very doubtful of my case, as I thought and remarked your knew of nothing that would benefit me more than the free use of your "Syrup of Wild Cherry" and I would observe a rigid diet, such as laid down in your pamphlet on Consumption, which accompanies each bottle of the Syrup. Upon due reflection I at once commenced following your advice, and soon found a great change for the better, and in a few weeks I was enabled to attend to my business. My children have had violent colds, attended with a cough—such is my confidence in the Syrup I immediately resort to it, and always with success. Parents I think, should always keep it in their houses, as it will relieve the worst cough if taken in time. You can make use of this statement in any way you see proper. Yours respectfully,

THOS E. TILDEN,
Merchant Tailor.

Read the pamplets, which you can obtain gratis of any of the Agents. Price 75 cents a bottle.

Prepared and sold by Martin and Whitely, No. 48 S. Calvert st. Baltimore.

THE above Medicine is sold by JNO. L. STAM, Chester Town, and other agents throughout the county.

March 3, 1849.
