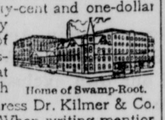
The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root,** the great Kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co. Binghamton, N. Y. When writing mention reading this generous offer in this paper.



Home of Swamp-Root.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp Root, and the address, Binghampton, N. Y., on every bottle.

DEMOCRATIC PRIMARIES.

The Democratic voters of Kent county are hereby notified to assemble in primary meeting in the several districts and precincts at the usual places of holding primary elections, on SATURDAY, MAY 23rd, 1908, at 2 o'clock P. M., for the purpose of selecting six delegates from each district to meet in Convention to be held at the Court House in Chestertown, Md., on TUESDAY, MAY 26th, 1908, at 11 o'clock A. M. to select six delegates from Kent county to the Democratic State Convention to be held in Baltimore on June 3rd, 1908, the duty of which Convention is to elect four delegates from the State at large and two delegates from each Congressional District to the National Democratic Convention to be held in Denver, Colorado, on July 7th, 1908, to nominate a candidate for President and a candidate for Vice-President of the United States, and also to select two electors from the State at large and one elector from each Congressional District, favorable to the election of the candidates for President and Vice-President nominated by the National Democratic Convention at Denver.

The County Convention hereby provided for, is also required to select six delegates from Kent county to the Congressional Convention to be held at Ocean City on July 23rd, 1908, for the purpose of nominating a candidate to represent the First Congressional District of Maryland in the 61st Congress of the United States. If there be any contest for the election of delegates and a desire is expressed for a vote, each district shall select judges and clerks and the polls shall be kept open between the hours of 2 P. M. and 6 P. M. and when the polls are opened the judges shall receive the votes of all Democrats offering to vote, whose names shall appear upon the registration books and who shall vote in the districts where they are registered, and shall also receive all the votes of all young Democrats who on account of their age are not now registered but who will be entitled to registration and to vote at the ensuing November election. And upon the closing of the polls at the hour herein directed, the judges shall proceed to count the votes cast, and shall certify to the persons receiving the highest number of votes as delegates. Whereupon it shall be the duty of said delegates to proceed to Chestertown on said Tuesday in May and cast the vote of the district in Convention and elect 6 delegates.

Should no desire be expressed for a ballot, then the district meetings may select delegates by a viva voce vote, or by committee nominations. The mode of procedure herein prescribed must be strictly followed, any other method will not be legal.

RAISING BEETS IN COLORADO.

Mr. John W. Price, of Kent, Writes Of The Western Country — A Healthy Place — Labor By Contract.

STERLING, COLORADO, May 5, 1908.

We have had very fine, pleasant weather during the winter months, but at this time (May 5th) the snow is about six inches deep. Snow began falling on Monday the 4th and continued all day. The thermometer was at 30°, but the snow is melting quite fast today. This snow will be fine for the arid land farmers, or where there is no irrigation. Those who have their beet seed sown will rejoice over the snow. Some have finished sowing. They are sown with a regular beet drill, (Deere,) and four rows at each through, at eighteen inches between the rows. Two flat-faced wheels, placed about one-inch apart, behind each tooth, to firm the soil on each side of the rows and not over the seed. Some thirty pounds of seed are required per acre, furnished by the Sugar Company and paid for when the crop is delivered. Most all the seed are imported from Germany and some come from California. The grower pays fifteen cents per pound. About nine thonsand acres has been contracted for. Most all the labor from planting to harvest is let out by contract to Japanese and Russians, at $20 per acre. The Japs are good workers. Very few colored men here. Day labor is $2 per day and board, and in most cases ten hours time. Very many take up homesteads on the arid lands, 160 acres which cost them not more than $25.00, but certain laws must be carried out. Must erect a dwelling, live thereon for five years, plough two acres and cultivate each year, when you get a deed. Many relinquish their claims. I have had one journey out over the arid lands for some sixteen miles where many herds of cattle were seen feeding on the firm abundant grass and many wolves were with the cattle. I saw many prairie dogs.

A glove factory will soon be in operation West of here for making gloves from the prairie dog hides.

A deadly weed called "Locoweed" is found here on the prairie and when eaten by horses or cattle it causes them to act like a case of blind stagers. The plant resembles what is known as the Dusty Miller. Many persons in the first stages of consumption come here and live in tents and improve very fast. A lady brought here on a bed last June is now as healthy looking as any one.

Yours respectfully,
JOHN PRICE.

COL. LEGG DIES SUDDENLY

Col. William Henry Legg, a member of the Maryland Legislature before and during the Civil War, and prominent in politics in this State, especially at his old home, in Queen Anne's county, died unexpectedly Wednesday morning at his home, 1423 John street, Baltimore, of Bright's disease.

Colonel Legg was born on Kent Island, Md., on January 12, 1832, and was the son of Henry and Margaret Legg. In early life he evinced a liking for politics and was on the stump before he was of age. He continued his interest in politics to the day of his death. He was an ardent Democrat, and represented Queen Anne's county in the House of Delegates a number of times. He was especially interested in the oyster question, and was regarded by the oystermen of the Eastern Shore of Maryland as their special champion and friend, and no man in the entire State enjoyed their confidence and esteem more than he, and they accepted his opinion without question on matters of legislation affecting their interests.

Colonel Legg was appointed as colonel on the Governor's staff by the late Gov. Groome and was a warm friend of his.

The last office he ever held was in the Tax Department of Baltimore city, having been appointed by Ex-City Collector (now Judge) James P. Gorter, and served throughout his term and the term of Henry Williams. Colonel Legg was a man of splendid heart, and no trouble was too great for him in order to assist a friend. Nothing gave him more genuine pleasure than to help someone in trouble. Colonel Legg is survived by a widow, a son—Mr. J. H. C. Legg of the Centreville bar—three daughters—Mrs. Aquilla Gallaoway, Mrs. J. B. McGregor, of New York, and Miss Margaret Legg. Colonel Legg was buried in Centreville.

Colonel Legg was one of the two surviving members of the Legislature of 1861, which met at Frederick. His death leaves Prof. Alexander Chaplain of Easton the sole survivor of that historic body.

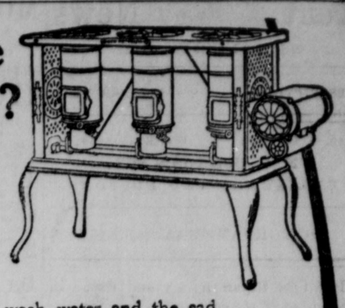
What Stove for Summer?

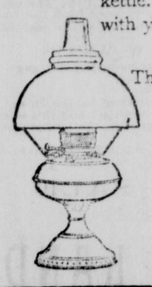


Nothing adds to kitchen convenience in summer weather like a New Perfection Wick Blue Flame Oil Cook-Stove. Anything that any stove can do the "New Perfection" will do, and *do it better.* Bakes, roasts, boils, toasts; heats the wash water and the sad irons, and does it without dissipating its heat through the room to *your* discomfort. The

NEW PERFECTION

Wick Blue Flame Oil Cook-Stove

actually keeps the kitchen cool—actually makes it comfortable for you while doing the family cooking, because, unlike the coal range, its heat is directed to one point *only*—right under the kettle. Made in three sizes, fully warranted. If not with your dealer, write our nearest agency.



The Rayo LAMP affords a mellow light that is very grateful to tired eyes—a perfect student or family lamp. Brass, nickel plated, hence more durable than other lamps.

If not with your dealer, write our nearest agency.

DON'T!

Of course you intend to get a cream separator soon. Before you do just show this picture to your wife. The three light, simple bowls on the right are the popular Sharples Dairy Tubular Cream Separator bowls used exclusively in Sharples Dairy Tubular Cream Separators—and the four fearfully complicated, heavy "bucket bowls" on the left are samples of the kind used in ordinary separators.

Don't you think your wife will want to wash the heavy, complicated kind, for she won't. Not by a jug full! She'll want the Tubular.

Don't think you'll want to pay the repairs on any one of these complicated bowls, for you won't. Not much! You'll prefer the Tubular.

Well, we're selling the Tubular. Bring your wife to see it. We'll show you why it's the best separator made, and how it may even double your butter money.

THE SUMMER VACATION GUIDE.

The summer vacation is the bright spot in the dull routine of the year's work. It breaks the monotony of the daily round, and cheers and invigorates for the strenuous life ahead.

America abounds with delightful summer resorts in valley, on mountain, and beside the sea. The Atlantic Coast line from Labrador to Cape Hatteras contains the greatest number of resorts devoted entirely to the pursuit of pleasure and health in the world.

One may purchase from Pennsylvania Railroad Ticket Agents, excursion tickets to over eight hundred of these resorts, covering all the desirable places, from the rock-bound bays of Newfoundland to the gentle, sandy slopes of the Virginia beaches; from the White Mountains of New Hampshire to the Cumberland Mountains of Tennessee; in the wilds of Canada, along the shores of the St. Lawrence and the Great Lakes.

The famous seacoast resorts of New Jersey—Atlantic City, Cape May, Wildwood, Ocean City, Sea Isle City, Asbury Park, Long Branch, Spring Lake, Seaside Park, Beach Haven and others, so well known that description is superfluous—are among the most popular and the most easily accessible resorts in the country.

The Pennsylvania Railroad Summer Excursion Book, to be obtained of Ticket Agents at ten cents a copy, or of the General Passenger Agent, Philadelphia, by mail postpaid for 25 cents, describes them all and gives the rates and stop-over privileges allowed on tickets.
