Thousands Have Kidney Trouble and Never Suspect it.

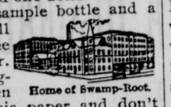
Prevalency of Kidney Disease.

Most people do not realize the alarming increase and remarkable prevalency of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, *who content themselves with doctoring the effects*, while the *original disease* undermines the system.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.



Home of Swamp-Root.

TOLCHESTER OPENS

The Saratoga Of The Eastern Shore Has A Big Opening—Superintendent Noland In Readiness For The Great Crowds.

"Boat leaves 7.30" was the familiar salutation that greeted the crowd which swarmed off the Emma Giles Saturday when she landed at Tolchester Beach opening the season of that popular resort

Capt. William C. Eliason was immensely pleased, for the outpouring on the opening day was unusually large about 3,500 persons going down on the Louise and Emma Giles. Many were turned away from the Giles. The Louise was chartered for the day by Christ, Emmanuel and St. Bartholomew's Protestant Episcopal Churches, and started on her regular trips Sunday. Brown Memorial Presbyterian Sunday-school went down on the Giles.

The beach looked especially fresh and pretty, Mr. G. E. Noland, the beach manager, being congratulated by Captain Eliason. The "Tickler" is a new feature to the amusements this season. It still lacks a few finishing touches that will be in place on Monday. It is somewhat similar to a huge shuffleboard, the round cars in which the people sit sliding around many curves in their descent.

The dancing floors were so crowded that the Merry Widow hats worn by many dancers frequently got tangled and impeded the dancers, so that the fair ones found it necessary to remove them. Where there was no convenient lap, they served to decorate the electric bulbs.

KENT EMPLOYES.

Superintendent Noland believes in employing home labor and has the following about the resort.

Wharf Master, Damon Rollison; Ass't Superintendent, Harry Todd; off policeman, Wm. I. Ashley; watchman at hotel George T. Cosden; bath house, Elwood Kendall, John Atkinson; crab stand, Albert Wheat; lower dairy lunch, Joseph Ryan, Jr., Wm. Collins; upper dairy lunch, J. Walter Sutton, Benjamin I. Ashley and Edward Nugent; milk shakes Prof. Eugene Wilson; candy, Wm. Durding, Jr., Steward Wm. Durding; florist, Wm. Rollison; Carousal, Wm. Gale, Frank Pippin, Pearl Wheat; general utility man. Charles Coleman.

Supt. Noland is fortunate in having with him a wife who is a veritable "right hand," and ready to take a stitch in time. Miss Ida Bramble the fair postmistress, is more popular than ever and looks after the interests of the company: Here's to Tolchester and its continued success!

Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

PROPOSALS

$28,000 BONDS

OF THE TOWN OF

CHESTERTOWN

MARYLAND

Exempt From All County and Municipal Taxation.

Five Per Cent. Interest

Sealed proposals will be received by the undersigned at the office of the Board of Commissioners of Chestertown, in the Store of Mr. Thomas S. Bordley, at 12 o'clock noon, on

Thursday, June 11th,

1908, for an issue of Bonds to be known as the "Chestertown Water Bonds,".

The issue to be offered at the present time will be for $28,000, to purchase and improve the Water Works in Chestertown, as authorized by the Act of the General Assembly of Maryland, approved April 6th, 1908.

The Bonds will be coupon in form, exempt from all county and municipal taxation, and numbered consecutively from one to thirty-six, bonds numbered from one to twenty, both inclusive, will be of the denominations of $1,000 each. The balance of said bonds numbered from twenty-one to thirty-six, both inclusive, will be of the denominations of $500 each, all bearing interest at the rate of five per centum and payable on the first day of January and the first day of July in each year.

The bonds will bear date on the first day of July, 1908, and will begin to mature on the first day of July, 1913, and will be redeemable in the order in which they are numbered, on and after that date, at the rate of $1,000 per annum, on same day, in each and every year thereafter, until the whole issue is paid.

Bids for the bonds must be accompanied by a certified check for ten per centum of the amount of the bonds bid for. The same to be applied to the purchase price, if the bidder is successful, all other checks will be returned to unsuccessful bidders.

The right to reject any and all bids is expressly reserved. Bids will be publicly opened and read at a meeting of said Commissioners at their office aforesaid on the day and hour aforesaid.

WILLIAM S. CARROLL, Prest.,
THOMAS S. BORDLEY,
GEORGE D. LOFLAND,
Commissioners of Chestertown.

Shipping Strawberries By Carload.

PHILADELPHIA, June 3.—Reports received at the General Offices of the Pennsylvania Railroad indicate that up to Monday morning of this week 7,219,297 quarts of strawberries have been shipped this season from the Maryland-Delaware Peninsula by the Delaware Division of the Philadelphia, Baltimore & Washington Railroad, as compared with 1,160,713 quarts for the same period of last year. This represents an increase in shipments of nearly 600 per cent., for all of which the farmers of the district have received cash.

Another advantage the farmers are enjoying this year is that refrigerator cars are supplied by the railroad company without charge, except for icing in transit. Under old conditions, shippers in this territory were compelled to forward their fruit in private refrigerator cars, the use of which entailed an expense of from $5 to $25 more per car than it costs under the present plan. Some 542 carloads had been shipped this year in Pennsylvania Railroad refrigerator cars up to June 1st.

Bridgeville, Del., the center of the strawberry district, shipped 74 cars one day last week, and it is likely that either today or tomorrow Bridgeville will forward to market approximately 100 cars—more than three solid trains of strawberries. At the present time, about 100 buyers from outside cities such as Boston, Detroit and Buffalo are in Bridgeville, while about 100 resident buyers represent consignees at other points. About 40 per cent. of the shipments have been sent to New England, about 40 per cent. to New York City and the remainder to scattering points.

BASEBALL NOTES.

The P. O. S. of A., of Chestertown, were "stung" to the tune of 7 to 5 by the "Vets of 1907" on Monday afternoon on the Cannery lot.

The Washington College baseball team at College Park was defeated Saturday by the Maryland Agricultural College, 6 to 0. Despite the one-sided-score, the game was interesting, and was witnessed by a large holiday crowd. The features were the clever pitching of Byrd, the batting of Grason and a catch by Langdon in right field, for the winners, and the pitching of Johns and the second-base-playing of Wilson, for Washington College. Not a single base was stolen on either catcher.

The College boys play City College today and the P. O. S. of A. go to Still Pond.

Bulletin.

JUNE ON THE GREAT LAKES

Restful, delightful, interesting and instructive, there is no trip like that on the Great Lakes, those inland seas which form the border line between the United States and Canada. And June is one of the most charming months in the year in which to take the trip.

For comfort the fine passenger steamships of the Anchor Line have no superiors. As well-appointed as the palatial ocean greyhounds which plow the Atlantic, their schedule allows sufficient time at all stopping places to enable the traveler to see something of the great lake cities and to view in daylight the most distinctive sights of the lakes and the scenery which frames them.

The trip through the Detroit River, and through Lake St. Clair, with its great ship canal in the middle of the lake, thence through Lake Huron, the locking of the steamer through the great locks at the Soo, and the passage of the Portage Entry, lake and canal, across the upper end of Michigan are novel and interesting features.

The voyage from Buffalo to Duluth covers over eleven hundred miles in the five days' journey. Leaving Buffalo, the steamships Juniato and Tionesta, make stops at Erie, Cleveland, Detroit, Mackinac Island, the Soo, Marquette, Houghton and Hancock, and Duluth.

The 1908 season opens on June 16, when the Steamer Tionesta will make her first sailing from Buffalo.

The Anchor Line is the Great Lake Annex of the Pennsylvania Railroad, and the service measures up to the high standard set by the "Standard Railroad of America."

An illustrated folder, giving sailing dates of steamers, rates of fare, and other information is in course of preparation, and may be obtained when ready from any Pennsylvania Railroad Ticket Agent, who is also prepared to book passengers who may desire to take this trip through the Great Lakes and back.

Isn't It Awful?

You surely know by this time that a cream separator may even double your dairy profits, and make the work easier, too, Then why not have one?

Just take one good look at these pictures—and then a good look at your wife The upper picture shows the simple bowl of the Dairy Tubular Separator—washed clean in one to three minutes. The other picture shows the actual insides of one of the many styles of complicated bowls used in all other separators. Which are you going to ask your wife to wash? We'll be pleased to take a Tubular apart for you. Bring your wife to see it.
