———o———

LOCOFOCO TICKET.—We have very little space allowed us to remark upon this ticket. It is enough to say that they are full blooded Locofocos, and that it becomes every Whig in the County to go to the polls and vote for the whole whig ticket. The calculation of the leaders of the Democratic party is, that there will be a small turn out among the Whigs and that they may possibly *sneak* in a man against the wishes of a majority of the people. There never was a time in the history of our government when the people had greater cause to condemn and loathe Locofoism, than at the present. We hope to see every true lover of Whig principles, perform his duty on Wednesday next. When our Country demands our aid it is treason to withhold it.

———o———

BIENNIAL SESSIONS.—The last effort of the editor of the "Democrat" against Biennial Sessions is *puerile* in the extreme. It does not at all remind us of a strong man in a morass when every exertion of his strength tends to involve him still more inextricably, but it tis much more like the faint exertion of a mind oppresed with dispair, amidst an accumulation of evils and wishing for relief yet knowing not what to do to obtain it. We venture to hazard the assertion that five intelligent and unprejudiced men cannot be found in the whole County who will not say that our answer to his objections to the bill was complete, and further that his last remarks were the mear reiteration of his objection without reason or argument. If he is willing that his Democratic readers should judge of this Bill fairly, and vote upon it like rational beings, why has he not published it. Does he prefer darkness rather than light, or is the Democratic mind so gifted that it can comprehend and decide upon a law that its eyes never beheld. The true reason is and it cannot be disguised, that the whig party have in a *constitutional* mode, introduced a *reform* that will be highly beneficial to the people not to this party or to that party, but to the great body of the *people*. It is submitted to the people for their confirmation or rejection. The *Democratic politicians* have taken up the idea that if this bill loaded as it is with benefits should become a part of the constitution, the whig party will receive the credit of it. The question with them is, how shall we defeat the bill. They cannot defeat it by fair argument, for there is no sound objection to its provisions. The people of all parties feel the burthen of taxation, and Democrats as well as Whigs would like to save the State some sixty or seventy thousand dollars every alternate year, and they will vote for this bill, if they understand it. The only chance for Locofocoism, is to keep the people in ignorance. They will not publish the law upon which the people are called upon to vote.—They will misrepresent it in one *paper* correct their mistakes in another, make a senseless objection in a third, and when corrected, they will still mutter out something against the bill. Any thing will suit them better than that the voters should have light, and understanding. How different from this trickery, and maneuvering so insulting as well as unjust to the people is the conduct of the Whig Press. They advocate a Bill that will save the pockets of the people. They believe this kind of *Reform* more substantial than so much *talk* about conventional reform. Their hopes of success depend upon the intelligence and not the ignorance of the people. They desire to give them light that they may vote understandingly. They spread the law before them.—If the law is misrepresented, they can see it; if their remarks upon it are unjust or silly, the people can appreciate them. The conduct of the Locofoco press upon this question of Biennial Sessions is full of inconsistency, for they at one time advocated it, and full of duplicity for they even now profess to advocate retrenchment, and full of the lowest sort of trickery in keeping the people in ignorance upon the very subject upon which they are called upon to vote. We of course do not apply these remarks to the voters themselves because we do not yet know how they will vote upon the question. Until the votes are counted out we will not believe that any large portion of intelligent taxpayers will vote against a bill that will so much benefit themselves. This is no party question. It is simply a question of "loss and gain" to the people. By this bill, they will gain thirty or forty thousand dollars per annum. By a convention they will certainly loose fifty or sixty thousand dollars--the probable cost of holding it. Let every tax payer cypher this out for himself.

———o———

THE ELECTION.

The election is now fast approaching and it is the duty of every good Whig to be active, vigilant. Let no Whig be induced to vote against any one of the whig candidates in the several counties of the State, on account of personal dislikes, but let your duty to the State and Country be ever uppermost in your minds. The honor and prosperity of your State call loudly upon you to stand fast and when the cry "CUT AWAY," is heard, let every man be ready to strike, and conquer you must Looking as we do, to the period not every distant, when a great and mighty struggle will be made by the freemen of this country, to hurl from power the present party, it is highly, yea it is all important, to preserve unbroken, the ranks and spirit of the whig party in Maryland, indeed throughout the Union.—Annapolis Rep.

BIG APPLE.—The editor of the N. Y. Commercial Advertiser had presented to him, a few days ago, a golden pippin, which measured fifteen inches and a half in circumference, and weighed twenty-five ounces. It grew in North Carolina, and the tree from which it was taken had on it a hundred apples in all, some twenty-five or thirty of them as large or nearly so, as the one described above.

Baltimore Prices Current.

FLOUR.—Howard street Flour ranges from $5.37 1-2 to $5.50. Sales of City Mills Flour to the extent of $2000 bbls. were made at $5.25, but many holders refuse that price. A lot of 100 bbls. sold at $5.50.

GRAIN.—Wheat—Sales of fair to good reds were made at $103a112 cts.

Sales of Corn were made at 72a75 cts for both white and yellow, which shows an advance of 5 to 6 cents.

MARRIED,

On Thursday the 1st Inst By the Rev. R. E. Kemp Mr PETER W. BATCHELDER to Miss NANCY KIMMEY oll of Dorchester county.

On Sunday 4th inst., after a long and painful illness, which she bore with christian fortitude and resignation, ELIZABETH ANN in the 22nd year of her age, consort of Levin E. Busick and daughter of Robert Appelgarth.

On the 25th ultimo, LUTHER MARTIN, younger son of James A. and Emily Waddell, in the 5th year of his age.

The death of this interesting little boy has thrown a cloud of sorrow over the home of his parents which the softening hand of time alone can remove. Possessing remarkable quickness of intellect, great kindness of temper and disposition, he was a favorite with all who knew him, and his parents doated on him with that fond affection which rich qualities as his must ever call forth. But he is gone. No more will the desolate hearth stone be gladdened by his presence—no more will his joyful tones break upon the ears of those to whom they made such music. His resting place is now among the clods of the valley--instead of his mothers bosom, his head is pillowed upon the breast of his mother Earth. But there is a joy in greaf. Sad indeed it is to consign to the cheerless tomb the form of one whose heart-strings are inwoven with our own. Sad it is for parents to part forever on earth with one of the tender ties that cluster around their family circle--but amidst this heavy sorrow comes the consoling reflection that he has been called from a world where sorrow and disease would have been his lot, to enjoy ineffable bliss and glory in his Heavenly Father's home. There re-united with his dear brother, they will strike their tiny hands on that distant shore, and their silvery voices blend in delightful unison in praise of Him who said "suffer little children to come unto me, for of such is the kingdom of Heaven."

Notice.

THE public are notified that the undersigned hath presented to the Board of Commissioners for Dorchester County a list of lands, whereon no personal property can be found liable for the payment of the County charges due me thereon, and whereas by an Act of the last Legislature of Maryland Chapter 133, the laws in regard to the sales of such lands by Collectors have been materially altered & amended and whereas many of those lands have changed owners since those charges have become due. In consequence of which it is desirable that land holders generally would examine carefully the advertisement; as some of their lands may be exposed to sale for charges due under former owners; and tax payers generally are interasted in making the lands sell, as all deficiences will have to come against the County as insolvent and will if large swell the county levy beyond the usual amount.
