Desirable Farm at TRUSTEES' SALE.

BY Virtue of a Decree passed by Hon. MADISON NELSON, Judge of the Circuit Court for Carroll County, dated the 21st day of April, 1860, the Subscribers, as Trustees, will offer at Public Sale, on

Saturday, July 7, 1860,

at 10 o'clock, A. M., on the premises, the following Real Estate, viz:

A Farm, containing 153 1-2 Acres of Land,

lying on the Westminster and Manchester Roads, two and a half miles from Westminster. The Improvements are

TWO GOOD **LOG HOUSES, AND STABLING,**

with running water near the door of each, and Springs of excellent Water convenient to each Dwelling, and an excellent

APPLE ORCHARD.

This Farm can be easily divided, as the buildings are so located as to make two very desirable Farms. It has an abundance of WOODLAND, of superior quality, Chestnut, Oak and Hickory, and adjoins lands of Andrew Reese, David Everly, Aithart Winters, and others.—This Farm lays along the Western Maryland Railroad, and from the demand for Shingles, Rails, Posts, Bark and Building Materials, no land in this County holds out better inducements to purchasers. It is convenient of access, lying along both sides of the Road leading from Westminster to Manchester.

☞This Tract will be offered whole, and if not sold, will be offered in lots to suit purchasers; a plat will be exhibited.

TERMS.—Terms of Sale as prescribed by the Decree, are:—One-third part of the purchase money to be paid cash on the day of sale, or on the ratification thereof by the Court; the balance in two equal annual payments of one and two years from the day of sale, to be secured by the bonds or single bills of the purchasers with security to be approved by the Trustees.

I have analyzed a sample of Chestnut Grove Whiskey received from Mr. Charles Wharton Jr., of Philadelphia, and having carefully tested it, I am pleased to state that it is entirely free from poisonous or deleterious substances. It is an unusually pure and fine flavored quality of Whiskey. JAMES R. CHILTON,

Boston, March 7, 1859.

I have made a chemical analysis of commercial samples of Chestnut Grove Whiskey, which prove to be free from the heavy Fusil Oils, and perfectly pure and unadulterated. The fine flavor of this Whiskey is derived from the Grain used in manufacturing it.

DR. JOHNSTON,
Member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the first Hospitals of Lon on, Paris, Philadelphia, and elsewhere, has cured some of the most astonishing cures that were ever known, many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

A CERTAIN DISEASE.

When the unfortunate and ingenuous votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill timed sense of shame, or dreadful discovery, deters him from applying to those who, from education and respectability can alone advise him, delaying till too constitutional symptoms of this horrid disease make their appearance, such as blotches over the face, diseased nose, nocturnal pains in the head, total dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing on with lightning rapidity, till the whole frame is one mass of corruption, till death puts a period to his dreadful sufferings, by sending him to "that bourne from whence no traveller returns."

It is a *melancholy fact* that thousands fall victims to this terrible disease, owing to the unskillfulness of ignorant pretenders, who, by the use of that *Deadly Poison, Mercury,* ruin the constitution and make the residue of life a scene of misery.

TAKE PARTICULAR NOTICE!

Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits which are productive of the most fearful results, such as loss of memory, confusion of ideas, dimness of sight, nocturnal emissions, pain in the head and back, debility, dyspepsy, nervous irritability, derangement of the digestive functions, general debility, symptoms of Consumption &c.

MENTALLY—The fearful effects on the mind are much to be dreaded—Loss of Memory, confusion of ideas, depression of spirits, Nervous Irritability, Timidity, Hypochondria, Aversion to Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of the most respectable can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaci
