I was taken with a violent cough, bloody expectoration and great difficulty of breathing, so that I had to get out of my bed and sit up all night. I procured the above valuable medicine of Hannah Tyler Bensalem, who can also testify that it has made a perfect cure.

DIED.

In Westminster, on Sunday last, MARIA ELIZA, daughter of Robert and Mary Blasse, aged 1 year, 6 months and 24 days.

On Friday last, at Hampstead, Pa., Mrs. MARGARET GRASS, aged 71 years and 25 days.

On the 13th inst., at Reisterstown, BENJAMIN FRANKLIN, youngest son of Samuel and Mary A. Angell, aged 4 years, 5 months and 21 days.

Seldom has it fallen to our lot to record the death of a child so interesting and lovely as the subject of this notice. Kind and gentle in his disposition he was beloved by all who knew him, possessing the facility of winning our affections unprovoked, yet effectually. His countenance, the emblem of innocence and purity in life, was scarcely less so in the embrace of death. But death lives a "shining mark" and in the death of this little boy he has transplanted a lovely flower in the paradise of Heaven, and removed a jewel from the family circle on earth. May a mysterious though merciful Providence give consolation to the wounded hearts of the afflicted and bereaved family, and prepare them to meet their little Frank "where death is felt and feared no more.

"Go to thy cool and sweet child,
Go to thy dreamless bed,
Gentle and undefiled,
With blessings on thy head;
Before thy heart had learned
In waywardness to stray,
Before thy feet had turned
The dark and downward way,
Ere sin had scared thy breast,
Or sorrow woke thy tear,
Rise to thy home of rest
In yon celestial sphere." P.

On the 20th ult., at Old Orchard, Frederick county, LEVI Z. BIANCO, aged 50 years, 11 months and 5 days.

There are those of our fellow beings, who, by their urbanity, kindness and concern for our welfare, strongly attach us to them in life, and cause a profound and heart-rending sorrow, when afflictions overtake them and disease, which defy the most skillful attention, lay them low in the silence of death.—Such was the subject of our remarks. Levi Z. Bianco was one of the most amiable and affectionate husbands, attentive to make all feel happy by whom he was surrounded. Hospitable and generous, he was kind to strangers; affable, frank and free, he was a good fellow; a feeling husband and an agreeable companion. His family, neighbors, and the community at large, will respectfully recall the kindness of him in their midst. Death marked him for its victim, and tore him from our midst.

His spirit mingles now with scores long on the list; His virtues stand in memory with his friends and family.

And may they through life's journey, those virtues plainly see.

WONDERFUL MEDICAL CURES OF RHEUMATISM BY THE APPLICATION OF PROF. CHARLES DE GRATH'S "ELECTRIC OIL."

I propose to cure almost instantaneously, individuals afflicted with Headache, Neuralgia, Chill, Fever, Ague, (while the paroxysm is on,) Rheumatism, and all Bronchial affections.

I propose to check and effectually dissipate more aches and pains, and to accomplish nearer and more perfect equilibrium of all the circulating fluids in the human system that can be effected by any other or all other methods of medical aid in the same space of time, the masses throughout being judges.

I do not propose to cure every disease, but all such as are curable by any combination of medical appliances. My Electric Oil operates on chemical and electric principles, and is, therefore, applicable to the cure or natural restoration of any organic derangement, arising from an improper circulation of Nervous Vital fluid.

One of the most remarkable cures was made in Centreville, Md., of the painful limb of Albert Jump, Esq., so well known (having suffered nine years,) that Dr. Goldsborough, together with the first merchants, druggists, and both the editors of the place, gave a certificate, (the manuscript being in our office now.) He was carried in on a cheap car. It made a great excitement, and hundreds of bottles have been sold there since.

GREAT CURES,—CITIZENS READ!

RHEUMATISM.—Mr. Joseph B. Bartle, 5, Myrtle street, says the Electric Oil cured him immediately.

PILES.—Charles Sexton, Esq., Ex-Mayor of Camden, says six applications cured him.—Also, cured his Rheumatism.

NEURALGIA.—Mr. David Mann, 459 Vine st. says he was a great sufferer, but the Oil cured him. So says E. H. Grant, Esq., 317 North Eighth street.

CHOLERA.—This Oil is infallible for Cholera.—Ask a lady at Girard House.

FEVER AND AGUE.—The Electric Oil will cure this in one night. Ask Wm. Watson, corner of Rose and Shippen lanes, and others.

De Grath's Electric Oil is the marvel of this age, for the following (not one within 3):

Cures Rheumatism, often in a day.
Cures Deafness one to ten days.
Cures Neuralgia Toothache, two minutes.
Cures Cramp in Stomach, five minutes.
Cures Burns, Bruises, Wounds, one to three days.
Cures Pains in Back, Breast one day.
Cures Headache, fifteen minutes.
Cures Ear-ache, Stiff Neck, Ague, one night.
Cures Piles, Swelled Glands, ten days.
Cures Felons, Broken Breast, Salt Rheum, three to six days.
Cures Quinsy, Palpitation, Pleurisy, one to ten days.

BLACKWOOD'S MAGAZINE

AND THE

British Reviews.

GREAT INDUCEMENTS TO SUBSCRIBE!!!

PREMIUMS AND REDUCTIONS.

SCOTT & CO., New York, continue to publish the following leading British Periodicals, viz:

1.—THE LONDON QUARTERLY (Conservative.)
2.—THE EDINBURG REVIEW (Whig.)
3.—THE NORTH BRITISH REVIEW (Free Church.)
4.—THE WESTMINSTER REVIEW (Liberal.)
5.—BLACKWOOD'S MAGAZINE (Tory.)

The present critical state of European affairs will render these publications unusually interesting during the forthcoming year. They will occupy a middle ground between the hastily written productions of periodic speculators, and flying rumors of the daily journals, and the ponderous tomes of the future historian, written after the fitting interest and excitement of the great political events of the time shall have passed away. It is to these Periodicals that readers must look for the only nearly trustworthy and reliable history of current events, and as such, in addition to their well established literary, scientific, and theological character, we urge them upon the consideration of the reading public.

The receipt of ADVANCE SHEETS from the British publishers gives an additional value to these periodicals, inasmuch as they now can be placed in the hands of subscribers almost as soon as the original editions.

GREAT IMPROVEMENT IN

SEWING MACHINES.

EMPIRE SHUTTLE MACHINE.

Patented February 14th, 1860.

SALESROOM, 510 BROADWAY

NEW YORK.

This Machine is constructed on an entirely new principle of mechanism, possessing many new and valuable improvements, being from the hands of the most accomplished experts, and pronounced by SCIENTIFIC AND PRACTICAL MEN COMBINED, to be free from all the principal objections urged against Sewing Machines:—

1.—Excessive fatigue to operator. 2.—Inapacity to sew every description of cloth. 3.—Liability to upset and get out of order. 4.—Disagreeable noise and vibration. 5.—Expense, trouble and delay while in operation.

The Empire Sewing Machine is exempt from all these objections.

It has a straight needle perpendicular action, makes the LOCK or SHUTTLE STITCH, which will NEITHER RIP nor CASTE, and is alike on all kinds of fabrics, from the finest cambric muslin to the heaviest cloth or leather, from sewing silk to the coarse twine, thus our silk thread, linen thread, or cotton thread.

Having neither CAM nor CRO WHEEL, as the lever is the motive power, it runs as smooth as glass, and is

EMPHATICALLY A NOISELESS MACHINE!

It requires FIFTY PER CENT less power to move it than any other machine in use, and will do a greater range of sewing with it than any other machine.

The simplicity and UNIVERSAL SIMPLICITY of construction render it almost impossible to get out of order, and is GUARANTEED by the company to give satisfaction.

We respectfully invite all those who may desire to supply themselves with a superior article, to call and examine for themselves, at the Salesroom, in the most superior manner throughout the
