NO. 685, EQUITY.

In the Circuit Court for Carroll County.

Peter Knight, vs. *John N. Knight & Michael Knight.*

THE substance and object of the Bill of Complaint in the above entitled cause, are as follows: The Bill states that some time in the year 18.45, the complainant purchased from Hannah Shipley, a parcel of land in Carroll County, containing one acre, more or less, for the sum of twenty dollars, that at or about the time of said purchase the complainant paid the said purchase money to the said Hannah Shipley, and that the said Hannah Shipley was willing, as she had consented and agreed to convey the said parcel of land to the complainant. The bill further states that at the persuasion of friends who represented that his interests would be thereby subserved, the complainant was induced to consent that the deed for said parcel of land should be made and executed to the infant son of the complainant, Michael Knight, one of the defendants, and that said deed was accordingly made.

The Bill further states that although said deed was made absolute on its face, yet in fact and in truth it was intended to be in trust for the sole use and benefit of the complainant, and to be held by the said Michael in trust for the complainant, and that when said deed was made it was expressly declared and unders ood that the same was made in trust as aforesaid, and that the complainant was induced to consent to the said execution of said deed by the persuasions of the complainant's son, Jacob H. Knight, one of the defendants who represented to the complainant that his title by such conveyance would be as valid and effectual as if said deed were made directly to the complainant, and the Bill further states that it was well known at the time of the execution of said deed to the said John N. Knight, the same was executed to the said Michael for the use and benefit of the complainant.

The Bill further states that on or about the 1st., day of April 1850, the said John N. Knight, whilst the complainant was in extreme illness, by some means to the complainant unknown persuaded and induced the said Michael to convey to him the said John N. the said parcel of land so purchased and paid for by the complainant and which had been conveyed to the said Michael in trust as aforesaid and the said Michael by the inducement, persuasion, collusion and fraudulent representations, of the said John N. Knight, did on said last named day, and as the complainant believes and charges without any consideration, convey to the said John N. Knight, so far as he was competent to convey the same the said parcel of land.

The Bill further states that said deed from Michael to John N. Knight is void as in fraud and violation of the rights of the complainant and that the complainant is entitled to have a deed Executed to him of said land by the said Michael or the said John N. or by a Trustree to be appointed by the Court, on the refusal of said Michael or John N. Knight.

The Bill further states that the complainant in the assurance of his perfect right, and title to said parcel of land, he erected thereon shortly after his purchase thereof a dwelling house, and other buildings the cost of which he paid, and that said John N. Knight has been permitted by him to occupy said dwelling and premises with the Complainant without thought that he would pretend to claim the same by virtue of the Deed from Michael to him.

The Bill further prays that the said deed from said Michael to John N. may be declared null and void and be vacated, and that said land may be conveyed to the complainants by said Michael, John N. or a Trustee to be appointed by the Court, and prays for general relief.

The Bill further prays a Subpœna against John N. Knight and an order of publication against the said Michael Knight of Ohio, giving him notice of the substance and object of the said Bill and warning him to appear in said Court to answer the premises, &c.

It is therefore Ordered this 9th, day of April 1862 that notice to said Michael be published once a week for four successive weeks in some newspaper printed in Carroll County of the substance and object of said Bill and warning him to appear in the said Court in person or by Solicitor on or before 14th day of July, next to answer the premises and to show cause if any he has why a decree ought not to pass as prayed.

WONDERFUL MEDICAL CURES OF RHEUMATISM BY THE APPLICATION OF PROF. CHARLES DE GRATH'S "ELECTRIC OIL."

I propose to cure almost instantaneously, individuals afflicted with Headache, Neuralgia, Chill, Fever, Ague, (while the paroxysm is on,) Rheumatism, and all Bronchial affections.

I propose to check and effectually dissipate more ache and pain, and to accomplish nearer and more perfect equilibrium of all the circulating fluids in the human system that can be effected by any other or all other methods of medical aid in the same space of time, the masses themselves being judges.

I do not propose to cure every disease, but all such as are curable by any combination of medical appliances. My Electric Oil operates on chemical and electric principles, and is, therefore, applicable to the cure of natural restoration of any organic derangement, arising from an improper circulation of Nervous vital fluid.

One of the most remarkable cures was made in Centreville, Md., of the painful limbo of Albert Jump, E-q., so well known, (having suffered nine years,) that Dr. Goldsborough, together with the first merchants, druggists, and both the editors of the place, gave a certificate, (the manuscript being in our office now) He was cured in one day. It made a great excitement, and hundreds of bottles have been sold there since.

GREAT CURES,—CITIZENS, READ!

RHEUMATISM.—Mr. Joseph D. Bartle, 9, Myrtle street, says the Electric Oil cured him immediately.

PILES.—Charles Sexton, Esq., Ex-Mayor of amden, says six applications cured him.—Also, cured his Rheumatism.

NEURALGIA.—Mr. David Mann, 199 Vine st. says he was a great sufferer, but the Oil cured him. So says E. H. Grant, Esq., 517 North Eighth street.

CROUP.—This Oil is infallible for Croup.—Ask a lady at Girard House.

FEVER AND AGUE.—The Electric Oil will cure this in one night. Ask Wm. Watson, corner of Rose and Shippen lanes, and others.

De Grath's Electric Oil is the marvel of this age, for the following (not everything:)

Cures Rheumatism often in a day.
Cures Deafness one to ten days.
Cures Neuralgia Toothache, two minutes.
Cures Cramp in Stomach, five minutes.
Cures Burns, Bruises, Wounds, one to three days.
Cures Pains in Back, Breast one day.
Cures Headache, fifteen minutes.
Cures Ear-ache, Stiff Neck, Ague, one night.
Cures Piles, Swelled Glands, ten days.
Cures Felons, Broken Breast, Salt Rheum, three to six days.
Cures Quinsy, Palpitation, Pleurisy, one to ten days.

A CARD!

WE have been asked, that certain persons for purposes best known to themselves have been endeavoring to mislead the farmers and millers with regard to the freight on Flour and Gramote and from Baltimore. For those who are not informed, we would say that the cost for transporting four per barrel from Baltimore, and one per barrel from Westminster, and when sent to Howard St., or Calvert Station, or Northst., it costs 50 cents more for the whole carload, which adds ¼ cent more. Gramote cost 8½ cents per 100 lbs.

We are arranging a revised Tariff of Freight charges to cover the entire road when completed and will have the various kinds of goods arranged to the classes to which they belong and which will be distributed throughout the country. IRWIN & TAYLOR.

PREMIUMS AND REDUCTIONS.

L. SCOTT & CO., New York, continue to publish the following leading British Periodicals, viz:

1.—THE LONDON QUARTERLY (Conservative.)
2.—THE EDINBURG REVIEW (Whig.)
3.—THE NORTH BRITISH REVIEW (Free Church.)
4.—THE WESTMINSTER REVIEW (Liberal.)
5.—BLACKWOOD'S MAGAZINE (Tory.)

The present critical state of European affairs will render these publications unusually interesting during the forthcoming year. They will occupy a middle ground between the hastily written newspaper cradle speculations, and flying rumors of the daily journals, and the ponderous Tomes of the future historian, written after the living interest and excitement of the great political events of the time shall have passed away. It is to these *Periodicals* that readers must look for the only really intelligible and reliable history of current events and as such, in addition to their well established literary, scientific and theological character, we urge them upon the consideration of the reading public.

The receipt of ADVANCE SHEETS from the British publishers gives an additional value to these reprints, inasmuch as they can now be placed in the hands of subscribers about as soon as the original editions.

And as a PREMIUM TO NEW SUBSCRIBERS, the Nos. of the same Periodicals for 1860 will be furnished complete, without additional charge.

Unlike the more ephemeral Magazines of the day, these Periodicals lose little by age. Hence a full year of the Nos. for 1860, may be regarded nearly as valuable as for 1862.

Subscribers wishing also the Nos. for 1861, will be supplied at the following extremely low rates:

SALESROOM, 510 BROADWAY

NEW YORK.

This Machine is constructed on an entirely new principle of mechanism, possessing many rare and valuable improvements, having been examined by the most profound experts, and pronounced to be SIMPLICITY AND PERFECTION COMBINED.

The following are the principal objections urged against Sewing Machines:—

1.—Excessive fatigue to the operator.
2.—Liability to get out of order.
3.—Expense, trouble and loss of time in repairing.
4.—Incapacity to sew every description of material.
5.—Disagreeable noise while in operation.

The Empire Sewing Machine is exempt from all these objections.

It has a straight needle perpendicular action, makes the LOCK or SHUTTLE STITCH, which will NEITHER RIP nor RAVEL, and is alike on both sides; *perfect* perfectly reversible, and every description of material, from Leather to the finest Nainsook Muslin, with cotton, linen or silk thread, from the coarsest to the finest number.

Having neither CAM nor COG WHEEL, and the least possible friction, it runs as smooth as glass, and is

EMPHATICALLY A NOISELESS MACHINE!

It requires FIFTY PER CENT. less power to drive it than any other machine in market. A girl of twelve years of age can work it steadily, without fatigue or injury to health.

Its strength and WONDERFUL SIMPLICITY of construction render it almost impossible to get out of order, and is GUARANTEED by the company to give entire satisfaction.

We respectfully invite all those who may desire to supply themselves with a superior article, to call and examine this UNRIVALLED MACHINE.

But in a more especial manner do we solicit the patronage of
