# Potash

**Makes Two Bundles of Wheat Grow Where but One Bundle Grew Before**

Getting a full crop from a fertilizer with too little Potash, is like getting well by the doctor's prescription with its most important drug left out.

Most commercial fertilizers need *more* Potash to get all the crop profit you are entitled to.

Use a brand with at least 6 per cent. of Potash, but if your dealer does not keep it, then mix 15 pounds of Muriate of Potash with each 100 pounds of your fertilizer. That will *raise wheat!* Set clover, too!

The proof will come *next* year in bigger crop, more profit. *Potash is profit.* Buy the Potash first.

Send for pamphlets containing *facts* about soil, crops, manures and fertilizers. Mailed *free.*

## Thousands Have Kidney Trouble and Never Suspect it.

**Prevalency of Kidney Disease.**

Most people do not realize the alarming increase and remarkable prevalency of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, *who content themselves with doctoring the effects,* while the *original disease* undermines the system.

**What To Do.**

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

# REGULATIONS FOR GASOLINE BOATS

New Act of Congress to be Rigidly Enforced In Future.

REVENUE CUTTER PROVIDED.

**Gasoline Boats Must Carry Life Preservers—Must Display Two White Lights at Night—Must Also Have Bell, Whistle And Fog Horn—Heavy Penalties Provided.**

Hon. A. Lincoln Dryden, Collector of the Port of Crisfield, was in Salisbury last Thursday, looking after matters in connection with the recent order of the Treasury Department relative to the operation of gasoline boats. Mr. Dryden had just returned from Washington with strict instructions to enforce the law, without fear or favor, against owners of gasoline boats which ply in these waters without proper lights and other safety appliances.

The new regulations are very stringent. All sizes of gasoline boats, no matter what their use, must be equipped at once with a whistle, bell and fog horn. No specific style or size is prescribed for boats under 15 tons register, except that these appliances must be capable of answering the purpose of the act of Congress. The horn and whistle must be sufficient so that the sound can be heard a proper distance. A hand bell may be used if large enough.

All gasoline boats plying these waters after sunset, or before sunrise, must carry a white light at the bow and a white light at the stern, the latter light to be elevated so as to make a range. Each boat must also have a red and a green light, so that these can be displayed in case of emergency.

In addition to all the above equipment, if passengers are carried for hire, a life preserver must be provided for each person, so carried, and there must be at least one licensed man on each boat.

The penalties for violation of these provisions range from $200 to $500 fine on the boat and $50 fine on the master or mate. The law is now in force, and Collector Dryden has been provided with a revenue cutter to traverse these waters and see that the law is complied with. The cutter is likely to appear at any time and we would advise owners of gasoline boats to meet the requirements of the law.

### STATE LAW RELATING TO NUISANCES.

The following is the State law relating to nuisances, as found in the Public General Laws of Maryland, Article 43, Section 26. Perhaps the majority are unaware of its existence: Whenever any legally qualified medicinal practitioner or any two or more persons affected thereby shall make a complaint in writing to a local board of health that any water course, well, spring, open ditch, gutter, cesspool, drain, privy pit, pig pen, or other place, or any accumulation or deposit of any substance, is in a condition dangerous to human health, the said local board of health shall immediately institute an investigation, and if shall be decided that the place or thing complained of is in such a condition as to injuriously affect the life or health of any person, the said board shall serve a notice in writing on the person, firm or corporation by whose act, default or sufferance the place or thing complained of is in such condition as to injuriously affect the life or health of any person, requesting him or them to abate the same within a time to be specified in the notice; and any person, firm or corporation refusing or neglecting to comply with the requirements in such notice shall be guilty of a misdemeanor and be punished by a fine of not less than one or more than ten dollars for the first offense, and for each subsequent offense in reference to the same place or thing to be fined not less than twenty-five dollars."

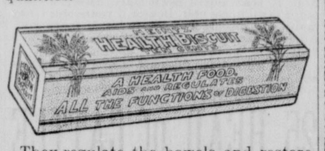
## WHY SUFFER

When relief can be obtained at small cost and with little trouble, ask your grocer for a 10c package of Heintz Health Biscuits. These biscuits are a combination of cereals-oats, wheat, barley and rye ground into meals leaving all the nutritive elements for the building of muscle, bone, teeth, and nerves, and at the same time possessing laxative qualities.



They regulate the bowels and restore the stomach to its natural condition. They are delicious as well as nourishing. Doctor George Le Fevre of Muskegon, Mich. says, "I have been using your Health Biscuits in my practise and have had remarkable success with them. My patients are delighted at this wonderful food. If you knew the merits of these biscuits, you would not be without them, Everybody should eat Heintz Health Biscuits to keep well. They cost but 10c per package at your grocer. If he does not keep them, have him order them for you.

## Washington College

CHESTERTOWN, MARYLAND.

**127th Session Begins September 16, 1908.**

The College offers four courses of study—Classical, Latin-Scientific, Scientific (each leading to the degree of Bachelor of Arts,) and Normal (leading to the Normal Diploma, which entitles the holder to teach in any county of the State without examinations.)

Sub-Freshman and Sub-Normal Classes are maintained for the benefit of those who desire a thorough preparation.

In the Collegiate Department the elective system enables each student to select the studies suited to his particular needs.

Students are provided with good board and comfortable, well-furnished quarters. The buildings are equipped with every modern convenience—steam heat, electric lights, baths.

Here students may pursue their studies in a highly moral community, amid healthful and beautiful surroundings, under careful supervision of health and habits, at very low rates.
