FOR SALE.

200 ACRES OF WHITE OAK AND GUM, half mile from Tolchester. $12.50 per acre.
FRED. G. USILTON,
Chestertown, M
as-tf

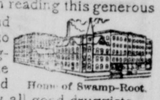
DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.



Home of Swamp-Root.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp Root, and the address, Binghamton, N. Y., on every bottle.

THOMAS W. ELIASON,

CHESTERTOWN, MD

New Wire Service Begun.

The Telepost company has inaugurated in Boston its system of receiving and sending messages. The Delany method controlled by the company, the newest and most rapid method of transmitting intelligence electrically, in connection with the postoffice delivery system, is now an actual fact in American life.

The Telepost transmits and receives messages at the rate of a thousand words a minute, from twenty to forty times as many as any other telegram system now in operation. The Telepost utilizes the full carrying capacity of the wire, while others get only 10 per cent.

The Telepost company gathers messages and sends them on its own lines It delivers the messages itself by its own special delivery service, the messages then being called by the familiar name "telegram," or it relies for delivery upon the well organized postoffice department run by uncle Sam. In the latter case the message is known as a "Telepost." The company also receives messages through the postoffice department, for transmissions to near or distant points—that is, a man living in one of the cities named or within mailing distance of it may write out his telegram or his "Telepost" drop it, addressed to his correspondent near or far, in care of the Telepost company. The latter will attend to its prompt and speedy transmission. The telephone may also be utilized by the Telepost patrons.

In addition to telegrams of the new style and Teleposts, the innovation in the wire world includes the "telecard," which is to the telegram and the Telepost what the postal card is to the letter In other words, it is a shorter telegram transmitted at a lower rate.

The rates charged by the Telepost company are uniform whether the distance traversed by the message is ten miles or a thousand—twenty-five words for 25 cents delivered by the Telepost messengers or fifty words for 56 cents brought to your door by one of Uncle Sam's gray coated men. The charge for the telecard is 10 cents for ten words sent to any place reached by the Telepost company's lines.

The Telepost system has won the highest commendations from expert authorities in electricity. Thomas A. Edison, with whom Mr. Delany worked years ago, said of it, "The system in its entirety is so simple that it is perfectly "fool proof."

STARTLING REVELATIONS.

How William Nelson Cromwell, Morgan's Philadelphia Agent and Member of Republican Executive Committee, Worked the Old French Panama Canal Company Franchise Off on the Government For $40,000,000!

A special to The Buffalo Republic says: "The fact that charges are made that William Nelson Cromwell, corporation attorney and intimate friend of W. H. Taft is charged with having made an enormous profit as the result of the sale of the old French Panama Canal Company to the United States for $40,000,000, has attracted a great deal of public attention to this remarkable man.

"Cromwell is said to be the most intimate friend in existence of E. E. Harriman, the railroad king, in addition to being his personal attorney.

The New York Herald, which for twelve years has been an anti-Bryan paper, says of Cromwell:

"No stranger or more complex personage exists in the financial district than William Nelson Cromwell.

"That Mr. Cromwell took an active part in promoting the revolution on the Isthmus which took the canal territory from Columbia and created the Republic of Panama, and that the *Roosevelt Administration had advance knowledge of the manufactured revolution and took steps to make it a success by having warships near at hand*, has been repeatedly charged. Before the Panama Canal could be sold to the United States Government a clear title had to be guaranteed, and that was impossible as long as Columbia owned the Isthmus.

"Other men would have been daunted and given up hope of making the $40,000,000 sale. But Mr. Cromwell got busier than ever through agents in Washington, the Isthmus and elsewhere, and in some manner that has not yet been satisfactorily explained the revolution occurred at the time set. American warships which ordinarily would have been far from the scene arrived off Panama at the psychological moment, the "revolutionists" got control of the Isthmus and the new government, formed promptly, granted all of the concessions and conditions which the United States Government insisted upon before it would buy what Mr. Cromwell had to sell. The deal was put through and on May 9, 1904, Secretary of the Treasury Shaw signed the $40,000,000 warrant, the largest ever drawn by the Government, in payment for the canal property."

Chronic Constipation Cured

One who suffers from chronic constipation is in danger of many serious ailments. Foley's Orino Laxative cures chronic constipation as it aids digestion and stimulates the liver and bowels, restoring the natural action of these organs. Commence taking it today and you will feel better at once. Foley's Orino Laxative does not nauseate or gripe and is very pleasant to take. Refuse substitutes. Sold by all druggists.
