☞ The price will be regulated by the extent of the work and will be announced in advance of Publication.

A SUPPLEMENT TO THE

MARYLAND CODE,

Agreeable to the promise made to the Public in our Prospectus to the MARYLAND CODE, we now announce the publication of an early Day of the

First Volume of our Supplement to the Code,

IT WILL CONSIST OF ALL THE

General and Local Laws.

Passed by the Legislature at the Extra Sessions of 1861, and the Regular Sessions of 1862, arranged under their Proper Titles to Correspond with the Code, to be accompanied with Accurate Tables, showing to a glance, the Articles and Sections of the Code Repealed or Amended, with References to the Chapter and Section, by which amended or repealed, to which will be added an

Appendix, the Private Acts and Resolutions of the Extra and Regular Sessions. The whole to be carefully indexed.

To render the work still more valuable, we shall preface the CONSTITUTION OF THE UNITED STATES, with its Amendments, with Marginal Notes, referring to the Decisions of the Supreme Court. Also the CONSTITUTION OF THE STATE OF MARYLAND, with Marginal Notes and References to Acts of the General Assembly and Decisions of the Court of Appeals, and an Appendix and Index.

We believe, we thus offer to the public a work invaluable to every Lawyer, Magistrate, Politician, Business Man, and every Citizen of Maryland, and one invaluable to every possessor of the Code.

The importance of the legislation of the late sessions of the Legislature, affecting, as it does, the interests of every man in the State, renders it a matter of the greatest moment to each individual, to have in a convenient and accessible form, the Acts of Assembly, and it is scarcely less so to have embodied, in the same volume, the Important Resolutions which promulgate the policy of the State in the present crisis, while it will prove a matter of no slight moment to individuals and corporations, thus to have preserved in a permanent form, The Acts on which their rights and interests may depend.

By continuing the publication of the work, as we propose, it is believed that the Bar of Maryland will have the Statute Law of the State in a form as compact and accessible as that of any State in the Union.

☞ Such as may desire to secure the Supplement, will do well to advise us at once, as the extent of the Edition will be regulated by the number of subscribers.

LADIES, READ!

NEW HOMEOPATHIC REMEDY

For Suffering Females.

DR. S. M. SMYTHE'S

HOMEOPATHIC

FEMALE REGULATING POWDERS.

A Sure and Safe Medicine, having been proved by a Three Years' Test in Private Practice.

AFTER a life of varied study as a practitioner of the Old and New School systems to obtain a sure and safe medicine for females suffering from irregularities &c., I can say with certainty that my exertions have been crowned with success; having found, through the knowledge of Homeopathy from time to time, substances which I compounded with experience, and can now place before the public in *Homeopathic Powders*, as the only true and reliable article, that will produce *Monthly Stoppages* in all states and circumstances; they having been tested since January, 1857, (over three years,) in my private practice, unable to differ in any component, and so have never failed to produce the desired effect, if taken strictly according to directions.

A GREAT many persons in this and other countries have no faith in the new school of Homeopathy, from the simple fact they have never been treated with its effects, or even heard of it properly. Now, as *I am a graduate of both systems in the first colleges of Europe* (Royal College of Surgery and Medicine, London, and The Homeopathic Institute of Great Britain, London,—the former classed Allopathic, Old school, and the latter Homeopathic, New school,) and having practiced both for a period of *forty-one years*, I think I am entitled to a judgment in the matter. After attending one course of lectures on the Homeopathic doctrine, merely for experiment, I was induced, by its astonishing effects, to attend the remaining courses. These gave me the Old school a clean sweep, and have now, on the best of *original grounds*, established a feeling in the *Allopathic world of Medicine*. Besides, the fact that the United States Government is about introducing the method into its army and navy, alone should convince all.

THESE Powders are put up in four different ranges, accompanied with full directions, and are warranted a sure remedy (*causing immediate action*) when applied to each sickness.

No. 1 will remove *obstructions*, and cause a safe and regular return of *Monthly Stoppages*.

No. 2 will cure *Leucorrhea*, (Whites,) and *Incipient Weakness*.

No. 3 will cure diseases attendant to *advanced stages* of Life, (change of life).

These sufferings, from slight and other affections, by which so many other different ailments will be treated with proper care and a cure can be relied upon as the patient will see or feel.

Caution is given not to use my No. 1 Powder in cases of Pregnancy, as it is sure to produce miscarriage. These powders are sent by mail and express, to any address, accompanied with full directions and *good advice*, which will be found very useful in the future.

All communications must be written plain, especially names, particular and counties.

Gutta Percha Female Syringe,

Highly Recommended by Physicians of all Classes, for Special Purposes.

HAVING been appointed Agent for the City of Philadelphia, U. S., by the *Royal India Rubber Company*, of England, for the sale of their highly improved Patent India Rubber Female Syringe, I can now offer the above valuable article, which heretofore was difficult to obtain. These syringes have always been noted for their durability and neatness, taking the prize at the World's Fair, London, and other similar fairs throughout the world; and in consequence of this, several inferior articles have been palmed upon the market as genuine. All the Royal Company's syringes that are exported to the United States pass through my hands, and none are genuine unless with my signature attached. Price for each Syringe, handsomely boxed, containing full accompanying directions, $2 00. Persons wishing to know their excellent qualities, can gain what information required by writing.

Personal application, or communication, unless urgent, must be made between the hours of 9 A. M., and 3 P. M., at my establishment. For further particulars, please address, confidentially,

DR. S. W. SMYTHE,
No. 206 South Ninth Street,
