OWES HER LIFE TO

Lydia E. Pinkham's Vegetable Compound

Vienna, W. Va.—"I feel that I owe the last ten years of my life to Lydia E. Pinkham's Vegetable Compound. Eleven years ago I was a walking shadow. I had been under the doctor's care but got no relief. My husband persuaded me to try Lydia E. Pinkham's Vegetable Compound and it worked like a charm. It relieved all my pains and misery. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound."—MRS. EMMA WHEATON, Vienna, W. Va.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

DEATH'S DOINGS.

HENRY D. ROBERTS.

One of the most untimely deaths that has occurred for many years was that of Henry D. Roberts, of near Mt. Pleasant, who died at the Homeopathic Hospital in Wilmington at 9 o'clock Sunday morning, aged 43 years, after an illness of one week, from typhoid fever.

He was the son of Joseph Roberts, of Middletown. Harry Roberts was a successful farmer, his judgment and advice being considered second to none among farmers. He was especially proud of his fine stock and was the owner of a herd of very fine dairy cattle.

Mr. Roberts is survived by his wife, who previous to her marriage was Miss Emily J. Boyer, of Millington, and two sons, Irving, aged 17 years, and Harry Benson, aged 6 years, and one sister, Mrs. Laura Truax, of Wilmington.

Ex-Congressman Isaac A. Barber died at his home in Easton Monday morning from effects of a stroke of apoplexy which he sustained on Sunday while returning to his home from church. Dr. Barber was 57 years of age and was one of Talbot county's leading citizens.

M. T. Goslee, who conducted a shoe-store in Chestertown a number of years ago, died suddenly of heart failure at his home at Allen, Wicomico county, on Monday. He was 55 years old.

MATERIAL FOR LEGISLATURE.

The Baltimore Sun has raised a great hue and cry for good men for the Legislature which looks pretty *on paper*, but when put into practice is another matter entirely. A most appropo interview was given the Sun Monday which is here given.

Mr. John J. Mahon says that the new Primary law and the Corrupt Practices act passed by a Democratic Legislature and signed by a Democratic Governor, were made laws for the express purpose of encouraging good citizens to be candidates for elective offices and to guarante them a fair show in running for office.

"The Democratic party has been sending good men to the Legislature. As to this so-called better class of citizens, I don't see that they are to be depended on any more than those who do not come in this class. All classes should be represented in the Legislature.

"My experience has taught me that the so-called common people are just as square and honorable and trustworthy as any other class. We have had some able lawyers of the 'better class' in the Legislature: but they didn't fight for the Corrupt Practices act or a better primary law: they were mostly too busy taking care of the interests of the corporations they represented.

Cites Water Loan Act

"Any idea that the common people are not to be depended on is erroneous. A lawyer drew up the Warren deal enabling act, I believe, and we also know that that wasn't a flawless specimen of lawmaking. I think a Legislature is better off with too few lawyers than too many; but if a lawyer is more than a lawyer when he gets elected there's no more objection to him than if he had some other profession or business.

"Good men are not hard to get. They have been going to the Legislature, and I don't think the supply will run out yet awhile. The whole question is as to what constitutes a good man and what does not.

"I find that there is just as much sense and zeal for the public welfare displayed by the so-called common people as by the so-called better class. One is no more selfish than the other.

"Still if there is any man who thinks he can serve his State well, let him announce his candidacy. The Corrupt Practices act and the Primary law will save him from spending a big lot of money, and he'll have a fair show to do what he can. The Democratic party is crowded with good men."

DON'T BE MISLED.

The retail druggist of this country, as a class are noted for their high standard of intelligence and honorable dealing, but it is a well known fact that occasionally you will find one who will try to sell you something else when you call for a remedy of established reputation. He forgets that your health is more important than his pocketbook.

For example, when you ask for Dr. Kilmer's Swamp-Root, the great Kidney Liver and Bladder Remedy, don't let any druggist, drug clerk or storekeeper persuade you into buying something else in its place. Every time he succeeds in selling you a worthless substitute he makes more profit, but you are humbugged at the expense of your health.

For many years we have watched with much interest the remarkable record mantained by Dr. Kilmer's Swamp-Root From the very beginning the proprietors had so much confidence in it that they invited every one to send for a free sample bottle so that people could judge of its great curative value in even the most distressing cases of kidney, liver and bladder troubles.

On another page of this paper you will find a few of the letters, prompted by feelings of heartfelt gratitude, that are constantly coming to Dr. Kilmer & Company. No one can doubt such sincere and honest testimony.

Swamp-Root is prepared only by Dr. Kilmer & Co. Laboratories, Binghamton, N. Y.— Dont experiment—If you need a medicine you should have the best.

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a *free* copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.
