COUNTY MEETING.

The alarming condition of our country, and the general movement of our brethren, particularly those of the Slave States, would seem to require some action on the part of the citizens of Maryland.

Many of the counties of the State have advised a call of the Legislature. With a view to the expression of opinion on the part of the citizens of Kent, it is proposed to hold a Mass Meeting, at the Court House in Chestertown, at 10 o'clock, A. M., on TUESDAY, the 8th instant, at which all persons, laying aside all party names and distinctions, and acting solely as Marylanders, shall assemble and consult. Every male citizen of the county is invited.

FATAL CASE OF BURNING.—A daughter of Mr. Snitcher, residing in Queen Ann's county, about three miles from Chestertown, was burned to death on Monday last, by her clothes taking fire. She lived but a few hours, suffering in the meantime the most excruciating agony.—Mrs S. was considerably burned in her efforts to save her daughter.

THE NATIONAL FAST.—Yesterday was generally observed in Chestertown, as a day of fasting and prayer, in accordance with the recommendation of the President of the United States, and the Governor of Maryland. Business was entirely suspended, all the stores, offices, &c , being closed. Divine service was held in the Methodist Protestant, and the Protestant Episcopal Churches,—the latter of which the Reed Rifles, by invitation, attended in uniform in a body.

WASHINGTON COLLEGE.—The Rev. Dr. FRANCIS WATERS has resigned the office of Principal of Washington College, in the vicinity of Chestertown, and returned to the city of Baltimore, his former residence. We are sure that our entire community regrets the resignation of Dr. W., and the fact of his enfeebled health. For six or seven years he has conducted the affairs of the College with ability and success.—Parents, guardians, pupils, and the trustees, alike regret the Doctor's disconnection with this ancient and venerable seat of learning. He carries with him the best wishes of our whole people for his health, usefulness, and happiness.

A PHENOMENON.—We are authentically informed that a gentleman living near Millington, in this county, had added to his domestic circle, lately, three perfect kittens, joined together after the manner of the Siamese twins. They went side by side, in order to eat and drink. He nourished them, in hope, until they were grown up, when, finding they could not operate as mousers, he deliberately drowned them, saying they were of no service to him.—We would take occasion to say to the gentleman, if such a thing should occur again, if he will apply to us, we will find some one who will gladly relieve him of his kittens, and furnish, in their stead, as many mousers as he may wish.

☞ In these times of national peril, when it is considered almost a crime to indulge in a little mirthfulness, it is quite refreshing to come across something at which one *may* laugh, without incurring the risk of being regarded as disloyal.—We advise the Irish editor who perpetrated the following, to "never go near the water till he learns how to swim!"

OLD ABE A "BLACK MAN."—The Argus, published in the city of Drogheda, Ireland, tells its readers that "the election by the Northern States of America of *a black man as President*, has at length brought about a state of feeling between the Southern and Northern States, which for a long time has been feared, and which threatens to end in the disruption of the American Union. Since the confederation was formed, no Presidential election has excited so much party feeling as has *the election of Abraham Lincoln, a black gentleman, hitherto unknown out of the State in which he lived*—or at least unknown as a public man in Europe."

☞ The Post Office Department has cancelled its contract with the steamer Isabel, for the conveyance of the mails from Charleston to Key West.

☞ A dispatch from Harrisburg, Pa., states that Hon. Simon Cameron, of that State, has accepted the appointment of Secretary of the Treasury under Lincoln.

Wheeler & Wilson's SEWING MACHINE.

NO reader of the Kent News needs to be assured of the superiority of this machine. It is attested by the united voice of thousands of families, throughout the civilized world; by all manufacturers of sewed goods, and by the discriminating awards of committees at state and county fairs, where it has uniformly carried off the highest premiums.

These machines make the lock-stitch, the only stitch that cannot be ravelled, and that presents the same appearance on both sides of the seam No other than the lock-stitch is acceptable to discriminating and intelligent people, and as the WHEELER & WILSON MACHINE will sew anything from the *lightest* muslins to the *heaviest* cloth, or even leather, and will work equally well upon silk, linen, woollen and cotton goods, it should stand as it does, highest in public estimation. Prices $45, 50, 60, 65, 75, 90, and $100.
