LADD, WEBSTER & CO.
MANUFACTURERS OF
Improved Tight Stitch Sewing Machines,
For Families and Manufacturing Establishments.
No. 131 W. Baltimore Street,
Between Calvert and South streets, BALTIMORE.

SAMPLES OF WORK SENT BY MAIL.
Prices from $50 Upwards.

What Constitutes a Good Sewing Machine.

1. It should be well made, simple in its construction, and easily kept in order.
2. It should make a TIGHT LOCK-STITCH, alike on both sides of the material.
3. It should sew any and all materials that can be sewed.
4. It should be able to use Cotton, Thread, or Silk direct from the spool.
5. It should be able to sew from coarse to fine, and from thick to thin, with rapidity and without changing the tension.
6. It should be able to make the tension greater or less, on both the under and upper threads, and with uniformity.
7. It should have a straight needle; curved ones are liable to break.
8. The needle should have perpendicular motion. This is absolutely necessary for heavy work.
9. It should be capable of taking in the largest pieces of work.
10. It should be able to bind with a binder, hem with a hemmer, should stitch, fell, run and gather.
11. It should be always ready to work.
12. It should be capable of using the same size of thread on both sides of the work, and of using different colored thread or silk, above or below, to correspond with any two colors of cloth to be united.
13. It should be able to make a long or short stitch.
14. It should be able to fasten off the seam, and commence sewing tightly at the first stitch.
15. It should run easy and make little noise.
16. It should have a wheel feed; none others are in constant contact with the work.
17. It should not be liable to get out of order.
18. It should not be liable to break the thread nor skip stitches.
19. It should not be necessary to use a screw driver, or wrench to set the needle.
20. It should not be liable to oil the operator's dress.
21. It should not form a ridge on the under side, nor ravel out, nor be wasteful of thread, as is the case with ALL CHAIN STITCH machines.
22. It should not be "more trouble than it is worth."

All these *indispensable* requisites of a *good* sewing machine, will be found embodied in those sold by

Daily's Patent Ventilated Truss
FOR HERNIA.
THE Pad is made of hard rubber or gutta percha, weighs half an ounce, and is perforated so as to admit air to the ruptured part, and let off the perspiration without absorption, thus keeping the body pure and healthy.
Persons suffering with HERNIA or RUPTURE can have my Ventilated Truss applied with the greatest ease at my private rooms.
Those residing at a distance from the city will have a circular sent them, free of postage, by sending me their address.
Private rooms for Ladies, attended by a lady who will use everyendeavor to give satisfaction.

Baltimore, Md., July 17, 1860.
Mr. W. F. DAILY,—Dear Sir:—You request my individual and professional experience in the use of your improved Ventilated Truss.
Having been necessitated for the last ten years to wear a truss for Inguinal Hernia, during which time I have worn trusses made by the manufacturers of our principal cities, and for the last twelve months your own, I unhesitatingly give it the preference for applicability of purpose and comfort to any other.
Those of my patients who have been fitted by you express their positive choice over every other they had previously applied.
Respectfully, JOHN C S. MONKUR, M.D.,
Late Professor of Medicine,
Washington University of Baltimore.

I have constantly on hand, both of my own manufacture and importation, the following articles, in varieties too great to name, and will also make to order any instrument for physical deformity needed.
Surgical and Dental Instruments, Trusses of various kinds, Abdominal Supporters, Suspensary Bandages of Silk, Linen and Cotton, of twenty different kinds, Elastic Silk and Cotton Stockings, Knee Caps and Anklets for Swelled Legs or Varicose Veins, Shoulder Braces, Syringes of every description, Ear Trumpets, Auricles, Artificial Tympanums, Conversation Tubes, Silver Tubes for the Ear, Breast Pumps, Nipple Shields, Nursing Bottles, Piles-Trusses, Pile Syringes, Galvanic Batteries for Medicinal and Dental purposes; Money Belts, Respirator, Pessaries, &c.
WHOLESALE AND RETAIL.
W. F. DAILY,
n24-3m 11 Light st. Baltimore.

H. D. REINHARDT,
No 206 Pratt st. near Charles, Baltimore, Md.
MANUFACTURER of Cutlery and Surgical Instruments. Keeps constantly on hand and makes to order Trusses and Spinal Supporters, and Apparatus for Deformed Limbs. He also most respectfully recommends to the Medical department and Doctors, his newly invented CLUB FOOT APPARATUS, which he guarantees to give entire satisfaction.
N. B.—Orders sent from the country be as follows—for a Truss, the measure around the body below the hip, and inform me if the Rupture is severe or light; also say if right or left side. For spinal brace all that will be required is a measure around the body, above the hip. For Club Foot Apparatus, send the measure around the body, the length from hip joint to knee and from knee to ankle, and the measure around the thigh and around the calf of the leg, and the measure of foot. n24y

Wheeler & Wilson's
SEWING MACHINE.
NO reader of the Kent News needs to be assured of the superiority of this machine. It is attested by the united voice of thousands of families, throughout the civilized world; by all manufacturers of sewed goods, and by the discriminating awards of committees at state and county fairs, where it has uniformly carried off the highest premiums.
These machines make the lock-stitch, the only stitch that cannot be ravelled, and that presents the same appearance on both sides of the seam No other than the lock-stitch is acceptable to discriminating and intelligent people, and as the WHEELER & WILSON MACHINE will sew anything from the *lightest* muslins to the *heaviest* cloth, or even leather, and will work equally well upon silk, linen, woollen and cotton goods, it should stand as it does, highest in public estimation. Prices $45, 50, 60, 65, 75, 90, and $100.
Send for a Circular.

L. MASTBAUM, has returned from Philadelphia with a magnificent stock of men and Boys Clothing, being
THE LARGEST!
THE BEST SELECTED!
AND THE CHEAPEST!
ever before exhibted here, and now offered to the people of Kent and adjoining counties.
Our Clothing is direct from our own manufactory in Philad. and it needs no further comment as to quality, style, beauty, strength and cheapness, because they have been tried for over three years by the public, and have been proved to be just as represented. The Clothing being all of OUR OWN MAKE, it does not go through two or three hands before we offer it to the public. It is needless to say then, that through every additional hand the goods pass an additional profit is added. Of course, in offering our stock to the public, we are enabled by the facilities we enjoy, to give them goods direct from the manufactory, at the very
Lowest Philadelphia Prices.
Our stock comprises all the NOVELTIES of the season, and making the most attractive and perfect stock of ready-made Clothing ever before offered. We can sell you Clothing of all grades 25 per cent. lower than any other house in town. Our low rent, no exhorbitant expenses and facilities for getting goods, is the secret of our large sales. We have constantly on hand and will receive fresh additions to our stock every week during the season, the latest styles of Gentlemen's, Boys and Youth's Clothing, such as Overcoats, Business coats, Promenade coats, Sack coats, Dress and frock Coats, Pants and Vests of all colors, makes and styles. An immense stock of *SERVANT'S CLOTHING* which we will sell lower this season than heretofore. Also, a beautiful assortment of
