The Matinee races held at Worton track under the auspices of the Worton Driving Association on Monday afternoon were attended by about 700 people, and while the classing of the horses was unavoidable owing to confus-ing circumstances, the races were interesting and gave the many horsemen present a line on some splendid material being developed by trainer John Mallalieu and his assistant Mr. Dixie Evans, and also let the fellows know that Will Smyth, Tom Toulson, Frank Miller, Herbert Matthews, Messrs. Stouffer Passenger and Rice and Leonard Price have the real goods in their speedy roadsters. The next matinee will be held on July 4th, at which time the horses will be properly classed and fine racing may be expected. Starter George Rash got his fields away to a good start in each class and kept things on the hum all the afternoon. The big crowd present reminds us of the days of old Worton fair, and also made it plain that there is a most excellent chance for the development ciation at Worton. The summary of prices on these good Swings. the races is as follows:
