Secession League in Missouri.

In Missouri a society has been recently instituted among the secessionists after the manner and with the intent of the Knights of the Golden Circle, calling itself the Emmanant, and stated by a pamphlet containing the ceremonies, oaths, imprecations and incantations necessary to be gone through upon the initiation of new members, to have been established Nov. 25, 1861, by Robert Emmett Dunn and Nathan Chapman Konns. Dunn and Konns are now in a military prison in St. Joseph, and about twenty copies of this pamphlet have been taken from them. They had probably been sent forward to organize branches of this society. The preamble to the constitution recites the grievances of the State of Missouri against the government of the United States. The constitution gives the list of officers and the duties attached to them. It also states the test of membership. To join the order one must be "honest truthful, of good report, sound in body and mind, a free white male citizen of the State of Missouri, of the age of eighteen years, and a believer in the being of one Just, Eternal, and Omniscient God.' The strictest secrecy is provided for, the initiations the most solemn and awful oaths to secrecy, and to fidelity and energy in the cause of rebellion. The initiation comprises a chapter of prayer, with responses from the lodge, after the manner of the Episcopal service, and of the most solemn and awful, and considering their object, blasphemous character. In one oath the person swears, "that I will yield prompt and implicit obedience to all the official commands of my superiors in office, ever unto death; and that I will not seek from them favor or affection to shield any one who shall incur the vengeance of the Order from just punishment."

A portion of the address to the person initiated is as follows:

"If faithful, you shall reap the fruits of your fidelity, and secure to yourself and posterity the great blessing of civil and religious liberty. Your memory shall be hallowed by generations yet unborn; many hearts shall swell with greatful emotions, and their lips shall call thee blessed; and the proudest boast of your children, and children's children, shall be, 'In the perilous days of ——, our father was faithful to the EMMANANT.'

"But if unfaithful, you will not only merit the terrible penalty of secret, speedy death, which you have invoked, but the traitor's stigma will burn upon your forehead, and your very memory, Arnold-like, will live accursed of man and God, and your name be evermore the theme of scorn and hate!"

DR. J. BOVEE DODS'

IMPERIAL WINE BITTERS!

ARE made from a pure and unadulterated Wine, which is about double the usual strength of other Wines, and is imported by only one house in the United States. Also, from the following valuable Roots, Herbs, &c., viz: Solomon's Seal, Spikenard, Comfrey, Camomile Flowers, Gentian, Wild Cherry Tree Bark, and Bayberry.

WE CHALLENGE THE WORLD
TO PRODUCE
THEIR EQUAL!

We do not profess to have discovered some Roots, "known only to the Indians of South America," and a cure for "all diseases which the flesh is heir to," but we claim to present to the public a truly valuable preparation, which every intelligent Physician in the country will approve of and recommend. As a remedy for

INCIPIENT CONSUMPTION,

Weak Lungs, Indigestion, Dyspepsia, Diseases of the Nervous System, Paralysis, Piles, Diseases peculiar to Females, Debility, and all cases requiring a Tonic, they are

UNSURPASSED!

For Sore Throat, so common among the Clergy, they are truly valuable.

For the aged and infirm, or for persons of a weak constitution—for Ministers of the Gospel, Lawyers and all public speakers—for Book-Keepers, Tailors, Seamstresses, Students, Artists and all persons leading a sedentary life, they will prove truly beneficial.

As a Beverage, they are wholesome, innocent, and delicious to the taste. They produce all the exhilerating effects of Brandy or Wine, without intoxicating; and are a valuable remedy for persons addicted to excessive use of strong drink, and wish to refrain from it. They are pure and entirely free from the poisons contained in the adulterated Wines and Liquors with which the country is flooded.

These Bitters not only CURE, but PREVENT Disease, and should be used by all who live in a country where the water is bad, or where Chills and Fevers are prevalent. Being entirely innocent and harmless, they may be given freely to Children and Infants with impunity.

Physicians, Clergymen and temperance advocates, as an act of humanity, should assist in spreading these truly valuable BITTERS over the land, and thereby essentially aid in banishing Drunkenness and Disease.

A CARD.

CHESTERTOWN, January 24, 1862.

THE present distracted condition of our once prosperous and happy country—my advanced age—the uncertainty of life—my duty to my creditors, friends and family, all admonish me of the necessity of closing my business, which I shall proceed to do with all the means in my power.

I have therefore concluded to discontinue the practice of Medicine, or so abridge my field of operations as to enable me to devote some time to the collection of my dues, and payment of my debts. If there are any entertaining a particular preference for me, and are willing to pay me half-yearly, or yearly, I will for such, still endeavor to discharge my professional duty. I will not decline without returning my kind acknowledgments to the community for the pleasant intercourse I have so long enjoyed and most earnestly hope that they will find some one who will more successfully and faithfully discharge the arduous and responsible duties of so extensive a practice as I have had for the last twenty years.

If after getting my affairs in a more tangible or intelligible form, the community should stand in need or wish my professional services, I may conclude to resume.

YOU have not seen my name in the paper much of late, and I fear that I have been forgotten, as very few now call at our place of business, and it is impossible for me to get about through the country to see them. I now again notify those interested in this notice, that I shall appear before you again in full colors in the shape of advertising, so you may look out, gentlemen. It is not my wish to be forgotten by my old friends, so next week I shall appear with a few of you in the paper again. I may not be here long to congratulate you as you come in to pay your respects, but will leave my cards in the hands of J. N. USILTON, Esq., so that they may not go away without some respect and attention being paid them. He will also keep my name with some of you, such as will not call without, before the public, and if any may come to a sale, Mr. G. C. ADKINSON will attend. J. N.
