NORTH CAROLINA ELECTION.

IMMENSE UNION MAJORITIES.

FORTRESS MONROE, Aug. 18, P. M.—The Newbern (North Carolina) Progress of the 12th inst., in speaking of the election which was held in that State on the 7th instant, says:

"The final result since receiving the intelligence of the defeat of Johnson, the Secession candidate for Governor, by the unparalleled majority of 40,000, the glad tidings comes to hand just as we go to press of the complete overthrow of Secession in every department of this State.—The Union or opposition party have elected nearly every member in both branches of the Legislature by still greater majorities. Every candidate who advocated a continuation of the war and a separation from the Union has been defeated in every instance. It has been a fair and square issue, strictly of a political nature, with no side or local issues of any kind. Governor Stanley regards the vote as an emphatic decision in favor of the Union.

THE STAMP CURRENCY.—The first delivery of postage currency was made in Washington on Monday in exchange for coin. A dispatch says that parties offering coin in exchange will have the preference at the Treasury Department.

Baltimore Grain Market.

Corrected from the "American," of Thursday.

WHEAT—The demand for new Wheat was moderate, the market closing easier. Sales reported of good to strictly prime new white at 150a167 cents; ordinary to fair do., at 140a145 cents; fair to prime new red at 130a135 cents; tough and common do. at 115a125 cents.

CORN.—Sales of fair to prime white at 65a67 cts, damaged and ordinary do. at 55a62 cents. Prime yellow sold at 62a63 cents.

OATS continue to come forward sparingly, the receipts of the new crop being very light and inferior. Sales of new Maryland, at 30a40 cents per bushel.

RYE—New Maryland sold at 70 cts.

MARRIAGES.

On the 19th inst., by the Rev. J. E. Smith, Mr. JOHN W. EDWARDS to Miss MARY E. ROLLISON, all of Kent county.

In Chestertown, on the 18th instant, at the house of Mr. John T. Dodd, by the Rev. S. A. Hoblitzel, Mr. JOHN LONG to Mrs. ANNA M. ARNEL, all of Kent county.

DEATHS.

On the 13th inst., an infant daughter of Dulaney and Mary Jane Rasin, aged 30 days.

Near Cockeysville, Baltimore Co., Md., on the 15th inst., MOSES KILFOY, a member of Company B, Col. Wilkins' 2nd E. S. Regiment, was run over by the cars and killed instantly. He was about 24 years of age, and an unmarried man. The officers and members of the Company regret his loss. He was a favorite with all his fellow soldiers.

How calm and clear the stooping skies,
The faithful stars their vigils keep;
God watches with ten thousand eyes
The welfare of a world asleep.
Oh, radiant Heaven, whose arch is bent,
Above the evil and the just,
Send from the starry firmament
Angels to guard our slumbering dust.
Farewell, dear brother, as we may say,
For we have marched together many a day,
Yet thy loss we deeply regret
As we may live to never forget. ‡

CONCENTRATED FERTILIZERS,

AND

Importers of Sombrero Guano, &c.

OFFICE 74 SOUTH STREET,

BALTIMORE.

GUANO WORKS CORNER LANCASTER & WOLF STS.

WE are prepared to furnish to the farmers of Maryland and adjoining States, our well KNOWN and ESTABLISHED PHOSPHO PERUVIAN (or Manipulated) GUANO, warranted one-half Peruvian Guano.

Seven years' use of this Guano has rendered it a *staple fertilizer*. Its quality has been maintained with rigid exactness through a series of years, and it may be relied upon in the *future*, as in the past, for uniformity of effect. It contains MORE AMMONIA and PHOSPHATE OF LIME THAN ANY FERTILIZER SOLD IN THIS COUNTRY, and is therefore of greater real value. Experience proves its great utility in *improving the soil*, whilst its immediate effects are fully equal to the best Peruvian Guano. It is the most *convenient, economical* and *permanent* fertilizer in use.

We also offer to consumers

REESE & CO.'S

Super Phosphate of Lime.

This article is tried and reliable. It is manufactured exclusively for our sales, under guarantee and forfeiture of $1,000 to be of given standard. We offer it to consumers for exactly what its name imports, a real superior soluble phosphate, rendered so by the liberal use of acid, in compliance with all the conditions required to insure complete solubility. We therefore recommend this article with confidence.

SOMBRERO GUANO,

Containing 75 to 80 per cent. Bone Phosphate of Lime. This remarkable article is imported from SOMBRERO ISLAND, and is unquestionably the *cheapest* and *richest* source of Phosphate of Lime known. The whole Island is a bed of this rich material, and its value to agriculture cannot be over-estimated. It is sold in a perfectly fine powder, and is admirably adapted for combining with Peruvian Guano. [aug23-6t.]
