Foley Kidney Pills

TONIC IN ACTION - QUICK IN RESULTS
Give prompt relief from BACKACHE, KIDNEY and BLADDER TROUBLE, RHEUMATISM, CONGESTION of the KIDNEYS, INFLAMMATION of the BLADDER and all annoying URINARY IRREGULARITIES. A positive boon to MIDDLE AGED and ELDERLY PEOPLE and for WOMEN.

HAVE HIGHEST RECOMMENDATION

S. A. Davis, 627 Washington St., Connersville, Ind., is in his 86th year. He writes us: "I have lately suffered much from my kidneys and bladder. I had severe backaches and my kidney action was too frequent, causing me to lose much sleep

The Fountain Head of Life Is The Stomach

A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

Dr. PIERCE'S GOLDEN MEDICAL DISCOVERY makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It makes men strong in body, active in mind and cool in judgement.

This "Discovery" is a pure, glyceric extract of American medical roots, absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrappers. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy OF KNOWN COMPOSITION. ASK YOUR NEIGHBORS. They must know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

OBITUARY.

On Sunday, January 14th, Mary Elizabeth, only child of Mr. and Mrs. George Rash, aged eleven years, "fell asleep in Jesus." Mary had been in poor health for several months, but bore all her sufferings with patient resignation remarkable for one of her age. Early in January she developed Tubercular Meningitis, and succumbed to this most dreaded disease last Sunday afternoon.

Mary is dead! No sadder words can be conceived of than these. In whispered tones her little playmates repeat them, as they noiselessly perform their various duties. For Mary was dearly beloved by all her schoolmates, always greeting them with a kind word and pleasant smile. And her teachers! Words fail to describe how they will miss her. Her cheery "Good morning," and bright presence, seemed to fill the day with sunshine for all. Mary was an inspiration for good to all with whom she came in contact, and she made many strong and true friends wherever she went. How they will hunger for "A touch of the vanquished hand, and a sound of the voice that is still!"

All these will miss her, yes, they will sadly miss her, but their sorrow and grief are not to be compared with the poignant grief and heart-breaking sorrow of her parents. Only they can know and appreciate to the fullest extent her many noble and beautiful traits of character. How hard, indeed, it is for them to give Mary up. The vacant chair, the silent voice, the empty, empty house! The eager little feet that so willingly and gladly obeyed their every wish and desire, will respond no more to their call. Every room, every nook, every corner, holds something to bear witness to how fondly and devotedly she was cherished and beloved by her parents.

It is sad at all times to have our loved ones taken from us, but when a dear little girl in the early prime of her youth with such brilliant prospects of developing into an intelligent and useful woman is taken from our midst, it is doubly sad and heart-breaking, and we cry out in our anguish, "We cannot understand why Mary was taken."

Jesus loves the children, and he saw what a bright little gem Mary would make for his Kingdom, so with wonderful compassion he gently gathered her in his arms and claimed her for his own, taking her from a world of sorrow and suffering to a land where there is no more sickness and no more death.

How comforting and assuring it must be to the parents to know that Mary is with Him who, when on earth, suffered little children to come unto Him and said, "Of such is the Kingdom of Heaven."

May God in his infinite love and wisdom tenderly heal the crushed hearts of the bereaved parents and help them to lean on his His "Everlasting Arms" for comfort and support in this their great trouble, and also to feel that "God still tenderly loves them."

Mary has only gone on before them a little while, and at the "pearly gates" will eagerly await mama and papa to join her in that home beyond the skies. "God doeth all things well," and in that day when "he shall make up his jewels" all the problems that so perplex us here below will be made plain and then "Up there we'll understand."

Go to thy rest, fair child! Go to thy dreamless bed,
Gentle and meek and mild, with blessings on thy head,
Fresh roses in thy hand; beds on thy pillow laid,
Haste from this blighting land, where flowers so quickly fade.
Before thy heart could learn in waywardness to stray;
Before thy feet could turn the dark and downward way;
Ere sin could wound thy breast, or sorrow wake the tears:
Rise to thy home of rest, in yon celestial sphere.
Because thy smile was fair, thy lip and eye so bright,
Because thy cradle-care, was such a fond delight;
Shall love with weak embrace, thy heavenward flight detain?
No, angel! seek thy place amid yon cherub train.

HER TEACHERS.

HICKS' FORECAST FOR FEBRUARY

The last regular storm period in January extends to 1st and 2d of February. On these dates storms will have passed into the eastern sections, with cold and clearing weather in western parts. A seismic period is central on February 2d, covering three to four days before and after that date.

A reactionary storm period is central on the 4th, 5th and 6th. This period is at the center of the Mars equinoctial, which falls on the 6th. The Moon is on the celestial quarter the same day. Low barometer, thunder, wind and rain will visit many sections, especially southern States, on and about the 6th, all to be followed by snow, rising barometer and change to much colder, the cold wave to penetrate far into the south and dominate the weather up to about the 9th and 10th.

A regular storm period prevails from the 9th to the 14th. About the 9th the barometer will begin falling in western parts, change to warmer and cloudiness will ensue, followed by rain, turning on western flanks to snow. During the 11th, 12th, 13th, into the 14th, these storms will move steadily eastward across the country, preceded on the east flank by warmth and rains, and followed in the west by snow, cold and clearing.

A reactionary storm period, with new Moon as its center, falls on the 16th, 17th and 18th. Low barometer, much warmer weather, with very active storms in many sections, will be natural at this time. A seismic period is central on the 17th, extending from the 14th to the 20th.

A regular storm period covers the 20th to the 25th, being partly covered by the incoming Mercury period. Disturbances of the preceding reactionary period will scarcely subside, until falling barometer, change to warmer and electrical storms will appear on the 20th. Rain and thunder, with violent winds south, will mark the first stages of this period; but as the storms progress during the 21st, 22d, 23d and 24th, rain will turn to sleet and snow, and turning to blizzards, followed from the north by high gales and a sweeping cold wave.

A reactionary storm period is central during the last three days of February. The Mercury, Earth and Mars periods combine their disturbing forces at this time, calling for prolonged and very decided storms of rain, wind, sleet and snow.

Good warm clothing is a capital way to save doctor's bills. See that the wife has her share. A warm coat will last for many years.

When your husband wants a hammer in the house just take him yours. He will bring you home a better one the next time he goes to town, see if he doesn't.

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

FARM WAGONS

Now is the time you need a good wagon and we have them on hand We ask you to examine them and see for yourself they are the wagon that will fill your needs. These wagons are built by skilled mechanics out of dry seasoned lumber.
