Trowsers

Not alone the best, but cheapest and largest assortment, they are going; we had them made for that purpose.

We don't keep much stuff, we sell it.

Suits

same way. Our output has been unprecedented. Why so? This is it—we have served the public long and faithfully, believing and practicing the fair method system, hence our daily increasing business. Come early if you expect a good assortment, as our stock is being rapidly depleted.

BOYS' AND CHILDREN'S Suits

complete and in conjunction with our regular line of Boys' and Children's Suits, we have a quantity of Odd Suits, one, two and three of a kind, that will be closed especially low, and there are some good things among them and very desirable patterns.

Shirts AND Hats

for everybody.

This department receives especial attention also, and most any conceivable style is here and for less money than can be had of city houses.

Come and inspect our claims. There are a few outsiders yet who ought to know the advantages we are dispensing.
