## Overland

## $1200

## The Lowest Priced 35 H. P. 5 Passenger Touring Car on the Market

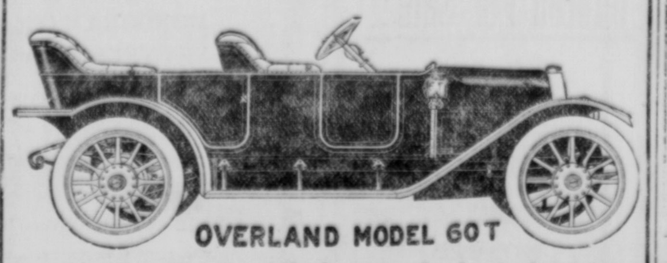
THINK OF IT! A thirty-five horsepower five-passenger touring car for $1200. *This is the lowest priced thirty-five horsepower touring car in the world.* Part for part—point for point—it is the equal of any $1500 car made. It has the power—the speed—the comfort—the appearance—and the construction. Take the powerful motor—the strong and rugged rear system—the Vanadium steel gears—the fine bearings—the pressed steel frame—the dropped forged axles—the big tires—the superb body work—the high grade upholstery; in fact, take every item that goes into the makeup of this automobile *and you will find that the duplicate of this car cannot be had below the fifteen hundred dollar mark.*

Here is a car with a powerful, silent, smooth-running thirty-five horsepower motor. Here is a car that seats five large passengers comfortably. The upholstery is of good leather, hand stuffed with hair. The body is finished in our famous dark Overland blue and the wheels in battleship gray. The transmission is of the selective type, three speeds and reverse—fitted with the fine F. & S. annular bearings which are used on the most expensive cars in the world. The frame is of pressed steel and has a single drop. The crank and gear casings are of aluminum. The front axle is a one piece, drop forged I section fitted with the famous Timken bearings. The tires are 34x4—quick detachable. The handsome massive lamps are finished in solid black with brilliant heavy brass trimmings. Self starter $20.00 extra.

The Overland center control is the one proven and practical location for both operating leavers. The method enables you to operate the leavers with the left hand and gives you free use of your right hand for driving. It give you the use of your right hand fore door, as well as the left hand fore door, which is impossible if a lever is placed one side or the other. you can get in or out on either side. It is easy to handle—no stretching out or reaching. Any one can manipulate the levers without a particle of effort.

Take the specifications of this $1200 car—compare them with any $1500 car you know of and the only difference you will be able to find is the difference in price.

Why pay an additional $300 for a purely imaginary value?



OVERLAND MODEL 60T

# DANGER PERIOD OF WOMANS' LIFE FROM 45 to 50

### Interesting Experience of Two Women—Their Statements Worth Reading.

Asheville, N.C.—"I suffered for years with female trouble while going through the Change of Life. I tried a local physician for a couple of years without any substantial benefit. Finally after repeated suggestions to try Lydia E. Pinkham's Vegetable Compound, I quit my physician and commenced using it with the happiest results. I am today practically a well woman and anxious to contribute my mite towards inducing others to try your great medicine, as I am fully persuaded that it will cure the ailments from which I suffered if given a fair chance.

"If you think this letter will contribute anything towards further introducing your medicines to afflicted women who are passing through this trying period, it is with great pleasure I consent to its publication."—Mrs. JULIA A. MOORE, 17 East St., Asheville, N. C.

**The Case of Mrs. Kirlin.**

Circleville, Ohio.—"I can truthfully say that I never had anything do me so much good during Change of Life as Lydia E. Pinkham's Vegetable Compound.

"Before I had taken one half a bottle of it I began to feel better, and I have continued taking it. My health is better than it has been for several years. If all women would take it they would escape untold pain and misery at this time of life."—Mrs. ALICE KIRLIN, 358 W. Mill St., Circleville, Ohio.

The Change of Life is one of the most critical periods of a woman's existence. At such times women may rely upon Lydia E. Pinkham's Vegetable Compound.
