CHESTERTOWN, MD., JULY 25, 1903

DEMOCRATIC PRIMARIES.

To Be Held Saturday, July 25.

Plans and Modes of How They Must Be Conducted.

Pursuant to the action of the County Executive Committee, the Democratic voters will meet in their respective election districts and precincts on Saturday July 25th, 1903, between the hours of 2 and 6 o'clock p. m., for the purpose of appointing ten delegates from each district to meet in Chestertown on Tuesday, the 28th day of July, 1903, at 11 o'clock a. m., to nominate one candidate for State Senator, two candidates for House of Delegates, one candidate for Clerk of the Circuit Court, one candidate for Register of Wills, one candidate for Sheriff, one candidate for County Treasurer, three candidates for Judges of the Orphans' Court, three candidates for County Commissioners, one candidate for State's Attorney and one candidate for County Surveyor. If there be any contest for the election of delegates and a desire is expressed for a vote, the judges in each district shall appoint two clerks and shall open and close the polls at the hours herein prescribed, and when the polls are opened, shall receive the votes of all Democrats offering to vote, whose names shall appear upon the registration books and who shall vote in the districts where they are registered, and shall also receive all the votes of all young Democrats, who, on account of their age are not now registered but who will be entitled to registration and to vote at the ensuing November election. And, upon the closing of the polls at the hours herein directed, the judges shall proceed to count the votes cast, and shall certify to the person receiving the highest number of votes as delegates. Whereupon it shall be the duty of said delegates to proceed to Chestertown on said Tuesday in July, and cast the vote of the district in convention and nominate a county ticket.

Should no desire be expressed for a ballot, then the district meetings may select delegates by a viva voce vote, or by committee nominations. The mode of procedure here in prescribed will be strictly followed, any other method will not be legal, as this committee has full power so to decree. It is understood that one candidate for county commissioner shall come from the first district, one from the second district, and one from the fourth and seventh districts combined.

In districts where there are two precincts it is advised that each precinct be accorded five delegates.

WM. F. RUSSELL, Chairman.
FLETCHER MELVIN Secretary.

WM. F. RUSSELL,
Chairman Kent Co. Executive Com.
FLETCHER MELVIN, Secretary.

Important Decision.—The court Saturday handed down its decision in the liquor cases which have been attracting such wide attention in Wicomico county for several months, and refused to grant the mandamus asked for by the liquor dealers, to compel the County Commissioners to grant them licenses to sell liquor in Salisbury. The court says the Commissioners had no legal reasons refuseing to grant the licenses asked for as the case was presented, but denies its authority to review or amend their decision, on the ground that their discretion is a judicial discretion and not reviewable. It intimates that if their action had been influenced by any improper motive they would be amenable to law for malfeasance for a similar act, but relieves them of any imputation of wrongdoing and says their decision was rather the result of ignorance of the law. Under this decision, it is the general opinion that the liquor dealers will not take an appeal, but will renew their applications in a new form before the Commissioners and will ask for their licenses under the court rulings. The same fight will be made against them by the Prohibition people. The opinion was written by Chief Judge Page and was concurred in by his associates, Holland and Lloyd. It is a very lengthy opinion, covering a large number of typewritten pages.

Gas Plant.—There has been some talk lately about the establishment of a gas plant in Chestertown. It is argued that a gas plant will pay, not only for lighting purposes but for cooking. The matter is being looked into by some of the citizens of the town.

The gas company of Denton under the management of Mr. A. G. Towers, the president, is doing finely. Over sixty meters have been installed, and the lights are giving general satisfaction everywhere.

YOU KNOW WHAT YOU ARE TAKING when you take Grove's Tasteless Chill Tonic because the formula is plainly printed on every bottle showing that it is simply Iron and Quinine in tasteless form. No Cure, No Pay.

Shirt Waists In Height of Popularity —The Correct Figure.

It is said that when a fashion becomes universally popular it is time for it to be changed, but the exception to the rule is exemplified in the shirt waist, which, from year to year, takes a stronger hold upon the woman who wishes to be always chic and natty, perfect in cut and fit it must be, bearing in every line the sign mark of the best work and the cleverest artist.

In my illustration I have depicted for you one of Forsythe's daintiest models, which is worn with a beautifully cut long coat costume. With such a costume mllady is ready for all but the most formal occasions, which is an advantage to one who is to scurry over the face of Europe, where much luggage is a nuisance and when provision must be made for many emergencies with comparatively little.

To her, then, the shirt waist is even more of a boon than to her stay-at-home sister. But whether she stays in one place or travels, shirt waists in plenty must receive first consideration in selecting her summer outfit.

Another important item of dress that should receive consideration second only to the shirt waist, is the trotting frock. It should be severe and trig and of all things it should be made by one experienced in tailor mades and fitted over a correct model of corset. With a properly fitting corset the abdomen is kept down and the hips reduced in size, thus attaining the fashionable figure. Of the many corsets that aim at this important result the C B a la Spirite certainly accomplishes it and with entire comfort.

Now a word about white, of which so much is worn. The shade of white selected is very important.

Let the average woman beware of dead-white. Dead-white has a host of rivals in the various creams, ivory, etc., and every woman should realize there is a vast difference in the becoming quality of these tones and should know just which best suits her own coloring.
