A. COHEN

Sandy Bottom Department Store

IT might be hard to decide which is the best price or the best store until you try A. Cohen once, then you will keep on dealing. This is enough proof because we are selling the same goods cheaper because my competitors are trying to stop me from selling the same goods they do for I cut prices and give you advantages.

MAN AND THE SOIL.

Dr. R. V. Pierce of Buffalo, author of the Common Sense Medical Adviser, says "why does not the farmer treat his own body as he treats the land he cultivates. He puts back in phosphate what he takes out in crops, or the land would grow poor. The farmer should put back into his body the vital elements exhausted by labor, or by ill-health induced by some chronic disease." Further, he says, "the great value of my Doctor Pierce's Golden Medical Discovery is in its vitalizing power. It gives strength to the stomach and purity to the blood. It is like the phosphates which supply nature with the substances that build up the crops. The far-reaching action of

Doctor Pierce's Golden Medical Discovery

is due to its effect on the stomach and organs of digestion and nutrition. Diseases that begin in the stomach are cured through the stomach. A bilious spell is simply the result of an effort made by the liver to catch up when over-worked and exhausted. I have found the 'Discovery' to be unsurpassed as a liver regulator and rich blood-maker."

MISS LOTTIE KNISELY of Perth, Kansas, says: "I will here add my testimony of the effectiveness of your remedy upon myself. I was troubled with indigestion for two years or more. Doctored with three different doctors besides taking numerous kinds of so-called 'stomach cures' but received no permanent relief. I was run down, could not sleep at night with the pain in my chest, caused by gas on the stomach. Was weak, could eat scarcely anything although I was hungry nearly all the time. About one year and a half ago I began taking your 'Golden Medical Discovery,' and after having taken several bottles am nearly cured of stomach trouble. Can now eat without distress and have gained fifteen pounds in weight.

I thank you for your remedy and wish you all success in your good work."

BARGAINS IN AUTOMOBILES!

¶ I have THREE USED E. M. F. CARS that have recently been overhauled and put in good running condition. Will be sold cheap.

¶ These machines will make nice family cars and are just the thing to carry passengers for hire.

¶ Come and see these cars or write for particulars.

MRS. LELA LOVE, wife of Wiley Love, a farmer living near Covena, Ga., says: "I have taken Foley Kidney Pills and find them to be all you claim for them. They gave me almost instant relief when my kidneys were sluggish and inactive. I can cheerfully recommend them to all sufferers from kidney troubles." Sold by M. A. Toulson, druggist.

Helped To Keep Down Expenses

MRS. J. E. HENRY, Akron, Mich., tells how she did so: "I was bothered with my kidneys and had to go nearly double. I tried a sample of Foley Kidney Pills and they did me so much good that I bought a bottle, and feel that they saved me a big doctor's bill." Sold by M. A. Toulson, druggist.

MORE LIFEBOATS TO BE PUT ON ALL STEAMERS

New Regulation Goes In Effect On July 1st—Means Much To Passengers.

United States Local Steamboat Inspectors Wright and White have received a copy of the amendments in the steamboat inspection service relating to life-saving equipment, which was approved by the Secretary of the Department of Commerce and Labor, June 14, and which is effective July 1, 1912.

Vessels are divided into six classes, viz.: Ocean, coastwise, lake, bay, sound and river steamers. The report in part reads as follows: All steamers, other than those carrying passengers, except as otherwise hereinafter provided for, must be equipped with sufficient lifeboats or lifecrafts of a capacity to accommodate at one time all persons on board. One-half of such equipment may be in approved collapsible lifeboats.

Ocean steamers, equipped for carrying passengers, must have sufficient lifeboat and lifecraft capacity to accomodate at one time all persons on board, including passengers and crew. One half of such equipment may be lifecrafts and collapsible lifeboats.

Coastwise steamers carrying passengers are to be similarly equipped, provided, however, that such steamers, navigating during the interval from May 15 to September 15, both dates inclusive, in any one year, will be required to be equipped with such lifeboats and lifecrafts of a capacity sufficient to accomodate at any one time 60 per cent. of all persons on board, including passengers and crew. Two-thirds of such equipment, throughout the year, may be in approved lifecrafts and collapsible lifeboats.

The equipment for lake, bay and sound steamers is similar to that of coastwise vessels, with the exception that they will be required to be equipped with only such lifecrafts and collapsible lifeboats as will accomodate at any one time at least 30 per cent of all persons on board, provided further that such steamers navigating routes lying at all points within a radius of five miles from land, or over water whose depth is not sufficient to entirely submerge the vessel in case of disaster, will during the the period between May 15 and September 15, be required to have a lifesaving equipment capable to accomodate 10 per cent. of all on boord. Three-fourths of such equipment may be in rafts and collapsible lifeboats.

River steamers carrying passengers must have lifesaving equipment to accommodate 10 per cent. of all passengers on board, and three-fourths of the equipment required may be of the approved type before mentioned. A copy of the amended rules has been received by all the principal steamship companies, who will be guided by the instructions in equipping their vessels before the date in which the new law will go into effect.

AIR-CRAFT FLIES ACROSS BAY

Navy Men Go From Annapolis To Centreville in 31 Minutes.

Centreville, Md., June 22—Annapolis to Centreville—30 miles—in 31 minutes, was the record made this morning by two aviators of the United States Navy in a Curtis hydro-aeroplane.

Leaving the Naval Experimental Station at 8.55 this morning, Lieut. T. G. Ellyson and Lieut. J. H. Towers reached Centreville, landing at just 9 26, precisely 31 minutes after the start was made from Annapolis. The motors worked to perfection and the trip across the bay, up Chester river and thence to Centreville was not marred by a single unpleasant incident.

News reached Centreville at 8 30 o'clock that the aviators had started across the bay. In a few minutes automobiles and conveyances of every other kind were on their way to Centreville landing, where it was understood the air craft would land.

More than half of the throng were witnessing their first sight of an airship and all confidently expected to see the machine alight in a near-by field. There was a flutter of hearts and a cry of "They're falling," as the aerial craft took a sudden dip downward and seemed to be heading straight for the water. The machine came nearer to the surface of the water and many started for boats, but in an instant the machine tilted lightly upward and settled easily, like a great gull upon the water. The motors chugged louder, and without delay the ship of the air changed instantly into a water craft and glided along to Centreville.

TEN "DON'TS" FOR WIVES

"Ten don'ts for wives" were given to the congregation of Euclid Avenue Baptist Church, Cleveland, of which John D. Rockefeller is a member, by Rev. W. W. Bustard, in his sermon on Sunday night. They are:

First—Don't marry a man for a living, but for love. Manhood without money is better than money without manhood.

Second—Don't overdress or underdress; common sense is sometimes better than style.

Third—A wife with a hobble skirt and a husband with patched trousers make a poor pair. A woman can throw more out of a kitchen window with a spoon than a man can put into the cellar with a shovel.

Fourth—Don't think that the way to run a house is to run away from it. It is wrong to go around lecturing other women on how to bring up children while you are neglecting your own.

Fifth—Don't tell your troubles to your neighbors. They have enough of their own. Fight it out with your husband if it takes all summer.

Sixth—Don't nag. The saloon-keeper is always glad to welcome your husband with a smile.

Seventh—Don't try to get more out of a looking glass than you put into it. Nature's sunshine is better for woman's beauty than man's powder and paints.

Eighth—Don't make gamblers and drunkards out of your children by running whist parties for prizes and serving punch with a stick in it.

Ninth—Don't forget to tell the truth, especially to the conductor, about the age of your child. Honesty is worth more to you and him than a nickel. A boy who is 8 years old at home and 6 on the cars will soon learn other things that are not so.

Tenth—Don't forget that home is a woman's kingdom, where she reigns a queen. To be the mother of a Lincoln, a Garfield or a McKinley, is to be the mother of a prince.
